2. WORKSHOP

2A. Rental Housing Inspection Program Update (City)

Neighborhood Preservation Specialist Andrew Martinez stated in order to ensure compliance of rental housing units with minimum standards of health and safety on a City-wide basis routine inspections need to be conducted. Mr. Martinez provided samples of the documents mailed out with the 30-Day Inspection Notice. He detailed the inspection process, inspection scenarios, provided an inspection flow chart and implementation plan. Mr. Martinez also provided images of some of the violations that are addressed in the Rental Housing Inspection Program. Mr. Martinez added the overall response has been positive. When he leaves an inspection, it is usually with a handshake and a smile.

Council Member Rigby asked how far back can the property owner push back the initial inspection? Mr. Martinez responded the inspection notice states that the property owner has five (5) calendar days to schedule the inspection otherwise they will be charged a rescheduling fee of \$60.00.

Council Member Rodriguez asked if the properties that refused the rental housing inspection were single family units or apartments? Mr. Martinez responded that they were single family units and one of the cases was his. In his case the tenant stated her husband did not believe that anyone should be in their home. Mr. Martinez suggested to the tenant maybe he could schedule the inspection during after hours so her husband can be there. He left his contact information so they can reschedule, but she has not contacted him yet.

Mayor Medellin asked if the policy of the process in selecting the properties to be inspected should be uniform to ensure that it is fair? Mr. Martinez responded that it was left up to the inspector on how they schedule their inspection, but they are all pre 1970. We can talk to Mrs. Viola Rodriguez, to see if she wants to change that.

Neighborhood Preservation Specialist Maribel Hernandez reported that self certification is a designation given to a section of the Rental Housing Inspection Program where the owner or a local contact representative of a property assumes the role of inspector, inspects all units and reports findings back to the City. Mrs. Hernandez provided a process flow of the program that illustrated application and inspection process. Since this is new, to date no one has applied to participate in the Self Certification Program.

Council Member Oliver stated he thought they would have to pass the City inspection before they can be eligible for the Self Certification Program? Mrs. Hernandez responded it is for the 10% and for example, if it is a 100 unit complex we will conduct a random sample inspection of 10 units. Council Member Oliver stated if it was single family homes, they could also self-certify but they would also need to have a passing inspection.

Recording Secretary Claudia Mendoza stated that her portion of this presentation is to provide an overview of our Rental Housing Inspection Results. Her responsibility is to track the inspections, ensure that inspection checklists are submitted so a billing notice is prepared and tracked.

Mrs. Mendoza provided a table that demonstrated the inspections scheduled versus the inspections completed for the Rental Housing Inspection Program. She reported the following information:

- There has been 112 inspections scheduled.
- Of the 112 inspections scheduled, (9) nine were exempt because they are inspected by another agency such as the Housing Authority; (2) two of the tenants refused the inspection; there was (1) one no show and it is pending an inspection reschedule date.
- Out of the 100 inspections completed, 68 have passed and 32 have failed.
- Of the 32 failed Inspections, 31 Notices of Violation were issued. (1) One is pending, this would indicate that the Code Enforcement Officer and property owner are working together toward compliance.
- 31 Notices of Violations Issued. 20 properties have achieved compliance and eleven are pending re-inspection.

After each inspection, the Code Enforcement Officer will submit a completed checklist and Ms. Mendoza is able to create a Rental Housing Inspection Billing Notice with the information on the checklist. Once a month this information is sent to Accounts Receivables for invoice generation.

Mayor Pro Tem Rodriguez asked out of the 100 inspections, the 32 that were non-compliant have you had any that you have had to do multiple inspections? Mrs. Mendoza responded that she believed that there was (1) one location that had (2) two re-inspections done, they finally passed with their second re-inspection. This location had a total of (3) three inspections.

Mayor Pro Tem Rodriguez asked how many of those do you see any reluctance to be in compliance? Mr. Salinas stated in his experience, (9) nine out of (10) ten times they are more than willing to get things going in the right direction.

Neighborhood Preservation Specialist N. Salinas reported that the City shall implement an outreach program where owners and tenants may be made aware of their rights and responsibilities pursuant to the provisions of this chapter. Features of such a program may include providing information on education: Rights and responsibilities are at the core of what this program is all about, whether you are a tenant or owner there are rights and responsibilities for both parties. We can all agree that it is a right that a tenant has hot water heater and the owner can expect that the property is kept in a decent condition. What it breaks down to is to reasonable care. We try and deliver that message unbiasedly and it is a fine balancing act. Neighborhood Revitalization Department has participated in 16 Madera Adult Education Center in both English & Spanish. It is really good and engaging. We also conduct presentations to local service clubs and the responses have been really great. It has been an effective outreach campaign and we are looking forward to doing a lot more. We are currently putting together brochures on tenant's rights, owner's rights, housing rights and credit counselling workshops. We will be partnering with local groups and organizations to inform tenants on their legal rights and how to work on their credit in order to obtain homeownership. We are also working on online content that will include the program's frequently asked questions. It will also have the registration form, sample checklist and self-certification forms.

Mayor Medellin stated when we had the open discussion here the Association of Realtors were very hands on and very reluctant for us to support this but we had promised that we would sit down and talk with them. So as part of our outreach do we still have a connection with the Association of Realtors? Mr. Salinas answered at this time, we are mostly working on the presentations. We are still in the earlier stages of implementing this program and providing education but that is the next step we are diving into and will involve the Association of Realtors and other local business.

Mayor Medellin stated if we go back and this all started when Council Member Rigby witnessed first-hand how some people from our community were living. To not only have every family member in Madera to live in standard conditions and not substandard conditions. If we could also offer that option of affordability and first-time homebuyer. Who better than to partner up with the Association of Realtors and get their buy in. If we can continue that and have them help us.

Mayor Medellin asked do we take photos of every house we inspect, even if it does not fail? Mr. Salinas responded normally we take photos of the exterior, but we are trying not to overwhelm the system with the amount of pictures taken. Our focus is to be on the violations. Mayor Medellin stated that the reason why he is asking is because the tenants' rights and responsibilities but also the owner. What we had discussed way back when is that we were going to have records on file showing what we inspected in January and things seemed to be fine but come November there are holes in the walls or things we can now be an advocate for the owner and say when we were in there, these are the pictures that we have and noticed that things were fine, but to be careful we are not choosing sides. Mr. Salinas stated one of the big ones is smoke and carbon detectors, we will take photos and verify that they are present and function properly. So if something was to happen down the road, we could confirm when we conducted the inspection everything was fine.

Mayor Medellin asked if we have a hundred inspections in the last (6) six months it may be fair to say that we would have two hundred in a year. So mathematically six hundred in (3) three years? He is trying to forecast what is going to be needed to hit that threshold. Neighborhood Preservation Supervisor Viola Rodriguez responded that is something that we are going to save for another discussion because there is numbers and other factors that need to be discussed and taken into your consideration. We thought we were going to have 160 inspections completed, but there were delays that prevented us from meeting that. We will probably end the year with 30 inspections short of our goal. If you take approximately 160 inspections for the year, you would have 455 to 500. We will bringing another Code Enforcement Officer on board starting in July and hopefully we will be able to add her number to the inspections completed.

Mayor Medellin asked so the discussion about additional man power and fines, we will be saving that for another workshop or presentation? Mrs. Rodriguez stated yes, because there are a lot of things we want to share with you so you can see the whole picture. Mayor Medellin asked how soon would you discuss that. Mrs. Rodriguez responded by asking when would the council like to see that. Mayor Medellin stated he would like to see that at our next meeting. He was really hoping that it would be discussed tonight, but it is okay if it is discussed in (2) two parts. Mrs. Rodriguez replied that we wanted to do it in (2) two parts because we wanted to focus on the inspection part of it so you can see where we are with the different processes and how it relates to the community the finance part is very important to go over and we would like to share that with the council.

Mayor Medellin stated this was supported unanimously by the board and what is being done is fantastic. He would like to see the second part sooner rather than later as we talk about dollars and cents so we can assist and help to get this program off of the ground. You guys have a great heart for what you are doing. You are boots on the ground, walking in seeing things like this with families here in Madera. They are our neighbors, friends and classmates. He thanked Neighborhood Revitalization for what they are doing and wanting to change things in Madera and whatever we as a board can do to assist with that.

Mayor Pro Tem Rodriguez stated that the Madera Realtors Association would have been a good partner to have in this workshop so they can see the process that has taken place since the inception of the program. Maybe in the future if we do have these presentations or workshops, it would be great to have the room filled with those partners so they can see what is taking place and why we as a council unanimously adopted this ordinance. I would hope to see them in the audience as well. He wondered if anyone reached out to them. Ms. Rodriguez replied that we did not reach out to them at this time because we were making the presentation specific to the council. But as Mr. Salinas had mentioned we are going to be reaching out to certain groups and doing a presentation. There will be different presentations to specific groups such as the realtor community. Mayor Pro Tem Rodriguez stated the reason why he is suggesting that is to knock out several birds with(1) one stone.

Council Member Oliver stated that you guys have done a great job and we get bogged down with the passing of an ordinance like this, but really the hard work is getting into those details, developing the forms/processes, making sure it is legal and then implementing it. So you are wearing multiple hats. Thank you for your good efforts for such a significant program. Mr. Martinez, you mentioned that often times you leave with folks lending a smile and a handshake. I think that speaks to your department's approach. That is the direction and hope of this body as well as the community. Knowing we want to work with property owners, we want to be proactive and we want to ensure good relationships which will ultimately be beneficial for the future. He thinks that is so important. He has received some feedback from folks that commended you all on that. He would like to encourage the partnership working with the property owners.

Council Member Oliver asked how much time it takes for a typical inspection. Mrs. Rodriguez responded right now the average time is about 30 minutes.

Council Member Oliver asked what percentage is your time is in this program. Mrs. Rodriguez responded it depends. It is not just the initial inspection, sometimes they have the re-inspection and this doesn't account for the phone calls and inspection research that goes into preparing for that inspection. But in her estimation it is a fourth of their time because we are proactive and reactive to incoming calls. That is in addition to the inspections that need to be scheduled.

Council Member Oliver stated that he also would like to discuss the financial elements and see the proforma. It is not rocket science, there are simple mathematics there and if we can justify with the increase of hours and increase of bodies out there, helping implement this program by knowing what some of those dollars that will be coming in. We can make a healthy calculated guess as to what that may run and return on investment. That would be a fruitful and interactive discussion. Thank you for putting this together and all of the hard work.

Council Member Rigby asked how many people have registered. According to Mr. Martinez's portion of the presentation there as approximately 750 properties that have been registered. Well over a thousand are still out there. Have we re-sent a notice that they are noncompliant? Mrs.

Mendoza replied that we sent out (3) three groups of 500 delinquency notices between October through January. Mrs. Rodriguez stated we sent over 4,000 initial registration notices. We sent out a notice for every rental unit within the city, this would include not only the pre-1970 properties but all of the properties. This was to inform everyone of the program. The 700 properties we are talking about is the number that have been registered.

Council Member Rigby stated he believed that if you had a rental property, you had to be registered. Mrs. Rodriguez responded that is correct. Council Member Rigby continued, so of all of those, 750 are registered? Mrs. Rodriguez replied we started the program we have not gone back to revisit the status of where we are at with the fallout and we have to go back and capture those that are not registered. But we had those scheduled items we wanted to hit and get into the inspections and afterwards we are going to go back and review that. Council Member Rigby stated by no means is he critiquing the work you are doing, because he thinks it is phenomenal. He understands that Code Enforcement is understaffed and doing a phenomenal job with what you have, but he just trying to wrap his head around how many homes are still out there that received the notice and still are not in compliance. Mrs. Rodriguez replied we are working on them as they are coming in. If clerical staff receives a complaint or a report of something, the first thing they do is check to see if they are registered. We are trying to keep on top of it, but as a total we still need to focus on that part of it. At that time when we get a number for you, we can lay it out.

Mayor Medellin asked if the fee is the same whether I am the first to register or if I just ignored you. Mrs. Rodriguez responded if there is someone who has not been honest in the process and trying to do things that are the opposite of the ordinance requirements, there is a \$650 delinquency fee that can be assessed. There is a lot of work that would go into that, we would have go in and do our research before we send out the delinquency notices.

Mayor Medellin asked if out of the 4,000 notices sent is it by APN and does it include multifamily? Mrs. Rodriguez replied yes. It is all rental properties.

Executive Director Wilson stated we will bring this item back at the next meeting.

Mayor Medellin recessed the Joint Special Meeting of the Madera City Council, Regular Meeting of the Madera City Council as the Successor Agency to the former Madera Redevelopment Agency, and Special Meeting of the Madera City Council as the Successor Housing Agency at 7:00 p.m.

Housing Authority Chairperson Oliver opened the Regular Meeting of the Housing Authority of the City of Madera, calling for items as listed on the agenda. The Housing Authority meeting was adjourned at 8:17 p.m.

Mayor Medellin reconvened the Joint Special Meeting of the Madera City Council, Regular Meeting of the Madera City Council as the Successor Agency to the former Madera Redevelopment Agency, and Special Meeting of the Madera City Council as the Successor Housing Agency at 8:20 p.m.

5. AGREEMENTS

5A. Consideration of a Resolution Approving a Coordination Agreement with the Fresno Economic Opportunities Commission Local Conservation Corps and the City of Madera for the Upcoming Waste Tire Amnesty Day Events in FY 2017/2018 and FY 2018/2019 (City)

Executive Director Wilson reported the Local Conservation Corps (LCC) has worked with us on the Tire Amnesty events. This item would be extending the contract through June 30, 2019. They are providing labor to come out and work on the Amnesty Day and they have paid for (1) one of the trailers.

Mayor Pro Tem Rodriguez asked why there will be no funds being available after 2019. Mr. Wilson responded that this is the State obtaining money that was used locally to fund their programs. In this case it is the LCC. The grant required everyone partnering with the LCC. He is unsure if they will involve us in the next grant cycle. It looks like it will eventually they will shift all of the money over to LCC and at that point they may decide they will not use any of the money for Tire Amnesty. Mayor Pro Tem Rodriguez asked if we will be receiving any funds through the LCC? Mr. Wilson replied we will be getting funding through the next year. Our grant is for \$90,000 and we have so far used \$35,000 for the current year. We will kick it into high gear next year. We will know in December or January if they will be inviting us in or not.

Council Member Foley Gallegos asked when is our next Amnesty Day? Mr. Wilson stated that there is one in September but you will have to talk to Mr. Martinez the upcoming event in July.

No other questions were offered.

Mayor Medellin called for a motion to adopt the City resolution

CC 18-93 A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MADERA APPROVING THE AGREEMENT WITH THE LOCAL CONSERVATION CORPS (EOC) FOR UPCOMING WASTE TIRE AMNESTY EVENTS FOR THE FISCAL YEARS 2017/18 & 2018/19

On motion by Council Member Foley Gallegos, seconded by Council Member Rigby, Resolution Number CC 18-93 was approved unanimously as presented by the following the 6/0 vote: Ayes: Council Members Medellin, Rodriguez, Robinson, Foley Gallegos, Rigby and Oliver; Noes: None; Absent: Council Member Holley; Abstain: None.

6. HOUSING

6A. Consideration of Resolutions Adopting the FY 2018-2019 Successor Agency and Successor Housing Agency Budget (Successor Housing Agency)

Executive Director Wilson reported the Agency Board, the Oversight Board and the Department of Finance (DOF) have all approved the ROPS for FY 2019. The ROPS does not include Successor Housing Agency activity. We have revenue coming in for the projected sale of property. There is revenue for the projected sale of property of \$850,000 for the 12 lots at Riverwalk Subdivision, 19 lots at the Adelaide Subdivision and (5) five lots on Malone. On the expenditures side there is \$1,012,875 for salaries/administrative costs, maintenance/operations and acquisitions. The Successor Housing Agency budget does not go to the DOF so it can be amended mid year.

Council Member Rigby stated knowing that we are not making any headway with the property owner on Lilly Washington street corner. Would we be able to dedicate a lot for green space? Mr. Wilson responded that he is not sure that (1) one lot alone would provide much for green space. He doesn't see why we couldn't, it would seem like it is a possible use. But when he thinks of green space he thinks of lots bigger than that. We have the Midland property which is on 6th Street and Sycamore, it is a bit larger if we are thinking about that. Council Member Rigby replied that he is just looking for something on that side of town. Mr. Wilson stated that he had an update for the Lilly Washington property. The son of Mr. Inami is with the National Guard and is deployed. Mr. Wilson added that he spoke to Mr. Inami's attorney and he stated that he would get back to him with a decision.

Mr. Wilson also reported when the ROPS was approved he put \$2 million for infrastructure so it would be more flexible. This was not approved by the DOF and they gave us (5) five days to do a meet and confer with them. Our option was to bring a certain project's budget to them, so he spoke to City Engineer Keith Helmuth and revived the Adell Street Project, which is storm, sewer and water. We do not have enough money to complete the whole project, but Mr. Helmuth said that it is flexible and we could take it as far as we can with the money we have available. We prepared a budget, it was submitted to DOF within the (5) five days and went to Sacramento for the meet and confer. This project was approved by DOF. So the non housing bond funds have (2) two line items for the Adell Street Project because he has been working with the Planning Department and Engineering. Because the DOF gave us only (5) five days to have the meet and confer he was not able to bring it back to the council for discussion. If we do not want to do the Adell Street Project, we have (1) one chance to amend the ROPS before October.

Mr. Wilson noted that none of the salaries of the Successor Agency or Successor Housing Agency will be charged to Code Enforcement.

Council Member Oliver asked if the Adell Street Project will include traffic improvements as well? Mr. Wilson responded, no because there is not enough money to do those improvements. There is a lot of funding that is needed to pull the whole project off. Right now he and Mr. Helmuth are only talking about water, sewer and storm. Council Member Oliver asked if there is going to be improvements near the school? Mr. Wilson responded this project includes \$264,000 that is going to be for that small interconnect near the school.

Council Member Rigby asked why did we start on the eastside and not the westside of Adell where there seems to be more vacant lots. Mr. Wilson replied that he went with the City Engineer's recommendation. Council Member Rigby asked how far towards D Street will we get with the infrastructure. Mr. Wilson responded he is not sure but it depends on the amount of funding available. However for right now he would like to complete the Yosemite lots first, then Adelaide and whatever remaining funds are left we would use to finish up Adell.

Council Member Rigby stated that he does not know that he is ready to approve the Adell Street Project tonight. But he would love to hear where Engineering is coming from. Mr. Wilson stated that is a great idea.

Council Member Foley Gallegos stated they talked about it at the Planning Commission Meeting yesterday. There is extra funding that came through and the reason they are starting from the east is because it is on the CIP (Capital Improvement Projects). Mr. Wilson added the interconnect is a short section and that project is a little bit farther along.

Council Member Rigby stated he is okay with the \$265,000 for the interconnect but he is curious as to why we are going on the east side with the storm drainage and sewage, when there is more development opportunities on the west side. Mr. Wilson replied that he will not pull the trigger until this is further discussed. The DOF has approved \$2 million for Adell Project and we have until October to amend the ROPS.

Mayor Pro Tem Rodriguez stated DOF approved \$2 million, and aside from the \$260,000 for the Adell Project. In your plan we already have the remaining funds exhausted with Mr. Helmuth's recommendation. Mr. Wilson responded stated that with Mr. Helmuth's recommendation the Adell Project it could use up every bit of what we have to finish up the whole project. Mayor Pro Tem Rodriguez asked it is not enough to complete the project that was originally presented? Mr. Wilson replied that the original project was prior to dissolution and it included paving, right of way acquisition and called for four lanes. Mayor Pro Tem Rodriguez asked do we have an estimate of remaining funds that could be used. Mr. Wilson stated that it could be \$1.5 million, but this an extensive project.

Council Member Rigby stated he wants to approve to move forward, but as long as the Executive Director understands we want to amend it in the future with more people at the table. Mr. Wilson stated that we are sticking with this for now, and it will allow us to move forward with the \$265,000 interconnect. We will not pull the trigger on the \$1.395 for the Adell Project.

Mayor Medellin called for a motion to adopt items as presented

SHA 18-14 A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MADERA AS THE SUCCESSOR HOUSING AGENCY OF THE FORMER MADERA REDEVELOPMENT AGENCY ADOPTING THE FISCAL YEAR 2018-2019 AGENCY BUDGET

8. AGENCY MEMBER REPORTS

Council Member Robinson reported GSA Forum and Cal League Policy Committee Meeting due to lack of travel funds.

Council Member Foley Gallegos made suggestion to Recording Secretary to provide a copy of the agenda in printed form to each council member.

Council Member Rigby reported that he had the pleasure to attend a RDA and Code Enforcement staff meeting. It is eye opening and they are working hard. There is not one person on the Code Enforcement team that has less than 30 cases. He appreciated their hospitality. Their staff meeting is 8:30 on Tuesdays.

Council Member Oliver had nothing to report.

CITY OF MADERA REDEVELOPMENT AGENCY REPORT TO SUCCESSOR AGENCY BOARD

SUCCESSOR AGENCY MEETING OF JULY 11, 2018

SUCCESSOR AGENCY ITEM NUMBER **3C / 3D**

APPROVED BY

FINANCE DEPARTMENT

SUCCESSOR AGENCY EXECUTIVE DIRECTOR

Subject: Monthly Financial Reports

Background: Each month the Finance Department will be including in the agenda packet a set of reports that present the operating results for the Successor Agency during the prior month. Reports for the Code Enforcement program are also included in this presentation.

Recommendation: This report is for Successor Board Member review and no formal action is being requested.

Discussion: Due to the timing of the Successor Agency meetings, it will not be possible to reflect the results from each month based on information that is reconciled to the bank statement, since the statements are not available from the bank in time to do so. However, the information shown in the actual column is cumulative, so later months will reflect any changes made to an earlier month based on the reconciliation of accounting data to the bank and trustee statements.

CONSISTENCY WITH THE VISION MADERA 2025 PLAN

Approval of the monthly financial reports is not addressed in the vision or action plans; there is no formal action being requested, therefore, no conflict exists with any of the actions or goals contained in that plan.

Should the Successor Agency Board wish to have additional information, the Finance Department will make every effort to meet those requests.

Bond Financing Structure

Proposed Financing Structure

- Proceeds from the Bonds will be used to refund the 1998, 2003, 2008A and 2008B Bonds.
- Secured by a lien on the Tax Revenues derived from the Project Area, and deposited to RPTTF or available for deposit.
- Will obtain insurance from either AGM or BAM on some or all maturities as conditions warrant.
- Reserve requirement will be satisfied by a surety policy

Rationale

S&P Global Ratings assigned its 'AA-' long-term rating to the Successor Agency (SA) to the Madera Redevelopment Agency (RDA), Calif.'s series 2018A and series 2018B tax allocation refunding bonds (TARBs). The outlook is stable.

The 2018 TARBs are secured by a senior lien on tax increment revenue generated by the Madera Redevelopment Project Area deposited from time to time into the redevelopment property tax trust fund, net of county charges and senior pass-through obligations. We note that a portion of the city's pass-through payments have been subordinated to debt service on the bonds. A debt service reserve is expected to be funded by an investment-grade surety at the lowest of maximum annual debt service (MADS), 10% of principal, or 125% of average annual debt service. The TARBs will refund the agency's series 1998, 2003, 2008A, and 2008B bonds outstanding for cost savings. After the refunding, our ratings on the 2003, 2008A, and 2008B bonds will be subject to discontinuation.

The rating reflects our view of:

- The recent and expected assessed value (AV) growth within the project area, with property values surpassing their prerecession peak;
- The diverse tax base, with the 10 largest taxpayers accounting for 11.3% of total and 17.0% of incremental AV;
- The project area's strong, 2.73x MADS coverage; and
- The project area's limited ability to issue additional debt under dissolution law.

Partly offsetting our view of the above strengths are the project area's:

- Somewhat limited local economy centered on agriculture and agribusiness in California's Central Valley, and
- Moderately high, 0.34 volatility ratio, indicating increased sensitivity of tax increment revenues to overall fluctuations in AV.

Tax base

Madera, with an estimated population of 65,701, is located in California's Central Valley in Madera County, 22 miles north of Fresno. Although the city's economy historically has been based on agriculture, leading products now include

wine, glass containers, farm equipment, and steel. Median household and per capita effective buying incomes are 79% and 46% of the national averages, which we consider adequate and low, respectively. The city's unemployment rate has been improving in recent years, although it remains higher than state and national averages at 8.7% in 2017, reflecting the cyclical agricultural nature of the local economy.

The Madera Redevelopment Project Area is made up of three sections: an original area and two amended areas. The consolidated project area encompasses 3,610 acres of the city, including most of the central portions of the city. The project area's land use is primarily residential (45% of total AV), followed by commercial (25%) and industrial (11%). Following several years of a relatively modest, 7.5% AV decline during the recent recession, the project area's AV has grown steadily since fiscal 2014, exceeding its prerecession peak. Most recently, the project area's AV increased by 3.2% in 2018 to nearly \$1.4 billion. We understand that there is ongoing development within the 2008 Amendment Area, which is the most recent amendment, where management anticipates additional housing growth in the near term. With the more recent inclusion of the 2008 Amendment Area, the project area's base-to-total project area AV volatility ratio increased slightly to 0.34, suggesting elevated tax increment revenue sensitivity to overall AV fluctuations.

We consider the project area's tax base diverse, with the 10 largest taxpayers comprising 11.3% of total AV and 17.0% of incremental AV in 2018. The 10 leading taxpayers are primarily industrial, including the largest taxpayer, Sealed Air Corp., which accounts for only 2.2% of incremental AV. We note that no other single taxpayer accounts for more than 2% of AV alone.

Coverage

Based on the proposed refunding debt service schedule, MADS coverage on the 2018 bonds totaled 2.73x in fiscal 2018, which we view as strong. Considering the moderately high volatility ratio and strong MADS coverage, we calculate that the project area could withstand a 41.96% decline in total AV before MADS coverage fell below 1.0x, amply covering all of the top 10 taxpayers.

Debt management

Assembly bills (ABs) 1x26 and 1484 require SA and oversight officials to adhere to deadlines for requesting debt service amounts and subordinating pass-through payments when necessary. Because the law limits the SA revenue to payment on enforceable obligations, and because it requires more proactive management than under the predissolution flow of funds, we believe an SA's debt management practices after dissolution become more important to credit quality. Under the bond indenture, the SA covenants to request 100% of annual debt service from the recognized obligation payments schedule B period revenue distribution.

The city of Madera has acted as SA to the former RDA since the state legislature, through AB 1x26, and a subsequent court ruling, AB 1484, dissolved all RDAs in California in February 2012. ABs 1x26 and 1484 provide an SA and its oversight board with the ability to issue refunding debt. AB 1484 also provides that bonds issued after dissolution maintain the same validity as those issued before dissolution and includes provisions that allow, in practice, the issuance of refunding debt. The law requires an SA to receive approval from its oversight board and the state Department of Finance before it can issue refunding bonds. Dissolution legislation permits the SA to issue debt only for limited purposes, such as paying or amending an enforceable obligation, generating savings, or flattening spikes in

debt service. The indenture does not permit additional debt except for refunding purposes.

The agency has received its finding of completion, which allows it to reinstate previously rejected loans and spend bond proceeds, as well as its asset transfer review report from the State Controller's Office.

Outlook

The stable outlook reflects our view of the stable project area, which we expect to show continued AV growth as the local economy continues to strengthen and as vacant land continues to be developed. The outlook further reflects our anticipation that tax increment revenue will continue to provide at least strong debt service coverage over the next two years. We do not expect to change the rating within the two-year outlook horizon.

Upside scenario

We could raise the rating should AV continue to grow, reducing the volatility ratio and further strengthening MADS coverage to levels commensurate with those of higher-rated peers.

Downside scenario

Should the project area's AV deteriorate substantially, reducing coverage to a level that is no longer comparable with that of similarly rated peers, we could lower the rating.

DUE DILIGENCE QUESTIONS

DOF AND AUDITOR-CONTROLLER RELATED ISSUES

1. Please describe the Agency's policies or procedures with respect to filing the ROPS and the Agency's methodology for ensuring sufficient revenues to pay debt service on the Bonds.

The Agency takes the ROPS to the Successor Agency in December of each year and then the Oversight Board shortly thereafter before the February deadline. The debt service for the upcoming year is placed on the ROPs.

2. Has the County Auditor or DOF previously rejected any Agency ROPS for the payment of debt service on bonds or any other material contract secured by a pledge and lien on Tax Revenues? **No.**

3. Does the Agency plan to file a Last and Final ROPS? **No.**

4. Are there any ongoing disputes between the Agency and the County Auditor-Controller or the DOF? **No.**

5. Are there any current disputes with the County Auditor-Controller regarding the calculations of pass-through payments that we or investors should be aware of? **No.**

PROJECT AREA INFORMATION

6. Except as disclosed in the Preliminary Official Statement, is the Agency aware of any further information which could affect the assessed value of the property of any of the ten largest taxpayers in the Project Area (i.e. planned appeals, sale of property, significant vacancies, etc.)? **No.**

7. Do the Preliminary Official Statement and the Fiscal Consultant Report describe all obligations of the Agency secured by a pledged and lien on tax increment revenues on a parity with or senior to the Bonds (e.g. pass-through agreements, statutory pass-throughs, 33676 elections, OPAs, DDAs, loans, etc.)? Is such discussion accurate?

Yes, all obligations are described in Tables 4 and 5 of the POS.

8. Has any portion of Project Area ever experienced significant flooding, fire, toxic contamination or earthquake damage? **No.**

9. Should any other risk factors be discussed for Project Area or should any of the special risk factors that are discussed in the Preliminary Official Statement include additional information relevant to Project Area? **No.**

10. Does the Agency have any reason to believe that the County will disenroll the Teeter Plan, as now implemented in the County? **No.** Does the Agency have any reason to believe the County will modify its existing practice of allocating tax increment generated from the unsecured tax roll based on 100% of the County calculated levy, as currently described in the Preliminary Official Statement? **No.**

11. Have all of the Pass-Through Agreements and Statutory Pass-Through Payments been subordinated to the Bonds? If not, please confirm which ones have not.

All agreements, except the tax sharing agreement with the Madera Unified School District have been subordinated.

12. Does the Agency believe the Fiscal Consultant's assumptions regarding the projections of taxable valuations on land in the Project Area and projected Tax Revenues are reasonable?

Yes. The Agency believes the assumptions are conservative.

DEBT RELATED ISSUES

13. Does the Agency have unexpended bond proceed relating to the 1998 Bonds, the 2003 Bonds or the 2008 Bonds? If so, please explain the Agency's plans and timing for the expenditure of such remaining bond proceeds.

Yes, there are unexpended proceeds from the 2008 Bonds. The Agency has included the full expenditure of such remaining unexpended proceeds in the current ROPS.

14. Has the Agency or the City or their respective debt obligations been audited by the IRS in the last ten years? **No.** If so, please discuss the outcome of such audits. **N/A.** Are there any other pending audits or inquiries (e.g., State, IRS, SEC, DA, DOJ, FBI or other federal authorities) regarding the Agency's or the City's finances? **No.**

15. Has the Agency adopted a debt policy, as required by Government Code Section 8855(i)? Does the proposed issuance of the Bonds comply with that policy?

Yes, the policy was approved by resolution No. 1801, adopted on February 21, 2018. Yes, the proposed issuance of Bonds complies with the policy.

16. Has the Agency received any indication from any rating agency concerning any possible downgrades or placement on "negative watch" or similar action with respect to outstanding debt of the Agency? **No.** Have there been any topics, issues or concerns expressed recently by the rating analysts that we should be aware of? **No.**

OTHER MATTERS

17. Is there any pending litigation against the Agency or the City that we or investors should be aware of? **No.** If so, would such litigation have a material adverse impact on the ability of the Agency to pay debt service on the Bonds if decided adversely to the Agency? **N/A**

18. The City of Madera's Audited Financial Statements for fiscal year 2016-17 will be included as appendix to the POS. Given that, to the best of your knowledge, do the Audited

Financial Statements contain any untrue statement of a material fact or omit to state any material facts? **No.**

19. Please describe any anticipated changes, if any, in management which could affect the affairs of the Agency. **None.**

CONTINUING DISCLOSURE

20. Except as otherwise disclosed in the Preliminary Official Statement, have the City and the Agency complied in all material respects with their respective continuing disclosure undertakings in the past five years? **Yes.**

21. Has the Agency adopted written disclosure policies and procedures? **No.** Has the Agency established a system or process for compliance with its continuing disclosure undertakings? Does the Agency plan to make any changes to this process?

Yes. Fraser and Associates will prepare the reports with information provided by the Agency and other sources and will file Annual Reports and Audited Financial Statements on EMMA on the Agency's behalf.

22. Who at the City is responsible for ensuring compliance with the City's and Agency's continuing disclosure obligations?

With respect to the City – the City Administrator and the Finance Director. With respect to the Agency – the Executive Director and the Treasurer.

23. Has the City or the Agency engaged a dissemination agent with respect to its continuing disclosure obligations related to its prior continuing disclosure undertakings? If so, does the City/Agency expect to engage the same agent in connection with the Bonds described in the POS?

The Agency has in the past utilized Urban Futures as dissemination agent for its outstanding continuing disclosure undertakings, but will utilize Fraser and Associates as dissemination agent for the 2018 Bonds moving forward.

24. Based on the Agency's understanding of its continuing disclosure responsibilities, is there any reason the Agency would not be able to comply with its future disclosure requirements pursuant to the Rule? **No.**

25. In connection with prior security offerings subject to Rule 15c2-12, have any of the following 14 events occurred in the past five years, and if so was notice of such event timely posted on EMMA?

- Principal and interest payment delinquencies;
- Non-payment related defaults, if material;
- Unscheduled draws on debt service reserves reflecting financial difficulties;
- Unscheduled draws on credit enhancements reflecting financial difficulties;
- Substitution of credit or liquidity providers, or their failure to perform;
- Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the security, or other material events affecting the tax status of the security;
- Modifications to rights of security holders, if material;
- Bond calls, if material, and tender offers;
- Defeasances;
- Release, substitution, or sale of property securing repayment of the securities, if material;
- Rating changes;
- Bankruptcy, insolvency, receivership or similar event of the obligated person;
- The consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
- Appointment of a successor or additional trustee or the change of name of a trustee, if material

None of the listed events have occurred with respect to the Agency. With respect to the City, there have been redemptions/defeasances that have occurred in the past five years and notices of such events were timely filed on EMMA.

OFFICIAL STATEMENT SPECIFIC QUESTIONS

26. Have the appropriate officials of the Agency reviewed the Preliminary Official Statement? **Yes.**

27. Has Agency staff attended any in-house or outside training sessions related to initial disclosure and/or federal securities laws? **No.**

28. Are the Agency officials who have been involved in the preparation of the Preliminary Official Statement aware of the Agency's responsibilities under the federal securities laws to provide complete and accurate disclosure of all material information? **Yes.**

29. Does the Agency believe that the officials involved in the disclosure process relating to the Preliminary Official Statement are in a position to know all of the material information within the possession of the Agency? **Yes.**

30. Please describe the Agency's process for preparing for this due diligence session. Who at the Agency reviewed the questions and contributed to the Agency's responses?

The Executive Director reviewed and discussed the questions with Bond Counsel and the Agency's Treasurer.

CONCLUDING QUESTIONS

31. Is the information in the Preliminary Official Statement to the best of the staff's knowledge true and correct in all material respects? **Yes.**

32. Is there any information that has been omitted from the Preliminary Official Statement that should be included to make the statements contained therein not false or misleading? **No.**

33. Other than what is described in the Preliminary Official Statement and the Fiscal Consultant's report and what we have discussed on this call, are there any other matters that we should know about that would be material to a potential purchaser's decision as to whether to purchase any of the Bonds? **No.**

REPORT TO THE CITY COUNCIL

BOARD MEETING OF: July 11, 2018
AGENDA ITEM NUMBER: 5A

APPROVED BY:

Executive Director

Subject: Consideration of a Resolution Approving Agreement for Purchase and Sale of Real Property and Escrow Instructions for the Sale of Real Property Located at 5 East Yosemite Avenue (APN 007-101-017) to Maria M. Melgar

Summary: The City Council will consider a resolution approving a sales agreement for property located at 5 East Yosemite Avenue. The buyer is Maria M. Melgar and the sales price is \$135,500.00

HISTORY/BACKGROUND

The prior office of the Madera Redevelopment Agency at 5 East Yosemite Avenue has remained vacant for the last five years. Staff has explored the option to lease the space with several interested tenants. However it was determined the cost to make tenant improvements to lease the property do not pencil out for the tenant or the City.

SITUATION

Maria M. Melgar has approached staff and offered to purchase the property. Ms. Melgar's intent is to open a sandwich shop/café. An appraisal was completed by Robert P. Rowe & Associates to determine fair market value. The appraisal determined fair market value to be \$135,500.00.

RECOMMENDATION

Staff recommends the City Council adopt the resolution approving the sale of property at 5 East Yosemite Avenue to Maria M. Melgar. The sales price is \$135,500.00.

AGREEMENT FOR PURCHASE AND SALE OF REAL PROPERTY AND ESCROW INSTRUCTIONS

The CITY OF MADERA, a municipal corporation, hereinafter called the "City," agrees to sell to Maria M. Melgar, an individual, hereinafter called the "Buyer," the real property described in Exhibit "A" attached hereto (the "Subject Property").

1. The purchase price for the Subject Property shall be the sum of One Hundred Thirty-Five Thousand Five Hundred and no/one hundredths dollars (\$135,500.00) as just compensation therefor.
2. City represents and warrants that it has the authority to make the agreement herein made, and that it holds fee title to the Subject Property.
3. The sale shall be completed through an escrow to be opened by Chicago Title Company, 601 W. Yosemite Avenue, Madera, CA 93637 (the "Title Company"). Said escrow shall be opened upon the following terms and conditions, and City and Buyer by their signature to this Agreement make this section their escrow instructions:
 - a. It is the intent of the parties to this Agreement that the City will place into escrow a grant deed to the Subject Property in favor of the Buyer. The Buyer will place into escrow, funds in the amount of the Purchase Price and any costs to be paid by the Buyer.
 - b. The escrow fee, cost of policy of title insurance, recording fees (if any), and all other closing costs shall be paid by City. City will pay any cost to clear the title to the Subject Property prior to the recording of the grant deed conveying the property to the Buyer.
 - c. Buyer shall deposit the sums specified in Paragraph 1 of this Agreement together with an amount equal to its share of the closing costs in escrow upon receipt of a demand and statement from Title Company therefor.
 - d. City shall deposit a duly executed grant deed sufficient to convey to Buyer marketable fee simple title to the Subject Property free and clear of all recorded and unrecorded deeds of trusts, liens, encumbrances, assessments, easements, leases, and taxes EXCEPT:
 - (1). Quasi-public utility, public alley, public street easements, and rights of way of record.
 - e. It is understood that City shall be responsible for the payment of all current, delinquent and unpaid taxes, penalties, redemptions, and costs allocable to the Subject Property for all periods prior to close of escrow. Any taxes which have been paid by City, prior to opening of this escrow, shall not be prorated between Buyer and City. There will be no reimbursement of any taxes to City.
 - f. Disbursements to be in the amounts, at the times, and in all respects in accordance with the terms and conditions and subject to the limitations of this Agreement.
 - g. City shall provide a duly executed grant deed and Buyer shall submit to Title Company the amounts required to be paid by Buyer, and Title Company shall record the grant deed in favor of the Buyer within 30 days from the date of both parties' compliance with the terms of this Agreement. Should a party not be able to comply with the terms of this Agreement and escrow instructions and the property is not conveyed within said period of time, a fifteen day extension for compliance with the terms of escrow may be granted by the other party hereto. Such extension in order to be effective must be in writing and filed with the Title Company before the expiration of the time of performance and terms of escrow required

herein.

5. City shall vacate the property immediately upon close of escrow and Buyer shall have the immediate right of possession of such property.

6. City hereby grants to Buyer, or its authorized agents, permission to enter upon the Subject Property at all reasonable times prior to close of escrow for the purpose of making necessary or appropriate inspections.

7. Loss or damage to the Subject Property or any improvements thereon, by fire or other casualty, occurring prior to the recordation of the Deed shall be at the risk of City. In the event that loss or damage to the Subject Property or any improvements thereon, by fire or other casualty, occurs prior to the recordation of the Deed, Buyer may elect to require that the City pay to Buyer the proceeds of any insurance which may become payable to City by reason thereof, or to permit such proceeds to be used for the restoration of the damage done, or to reduce the total price by an amount equal to the diminution in value of the Subject Property by reason of such loss or damage or the amount of insurance payable to City, whichever is greater.

8. To the best of City's knowledge the Subject Property complies with all applicable laws and governmental regulations including, without limitation, all applicable federal, state, and local laws pertaining to air and water quality, hazardous waste, waste disposal, and other environmental matters, including but not limited to, the Clean Water, Clean Air, Federal Water Pollution Control, Solid Waste Disposal, Resource Conservation Recovery and Comprehensive Environmental Response Compensation and Liability Acts, and the California Environmental Quality Act, and the rules regulations, and ordinances of the city within which the Subject Property is located, the California Department of Health Service, the Regional Water Quality Control Board, the State Water Resources Control Board, the Environmental Protection Agency, and all applicable federal, state, and local agencies and bureaus.

9. City hereby warrants, represents and/or covenants to Buyer that:

a. To the best of City's knowledge, there are no actions, suits, material claims, legal proceedings, or any other proceedings affecting the Subject Property or any portion thereof, at law, or in equity before any court or governmental City, domestic or foreign.

b. To the best of City's knowledge, there are no encroachments onto the Subject Property by improvements on any adjoining property, nor do any buildings or improvements encroach on other properties.

c. Until the closing, City shall maintain the Subject Property in good condition and state of repair and maintenance, and shall perform all of its obligations under any service contracts or other contracts affecting the Subject Property.

d. Until the closing, City shall not do anything which would impair City's title to any of the Subject Property.

e. To the best of City's knowledge, neither the execution of this Agreement nor the performance of the obligations herein will conflict with, or breach any of the provisions of any bond, note, evidence of indebtedness, contract, lease, or other agreement or instrument to which the Subject Property may be bound.

f. Until the closing, City shall, upon learning of any fact or condition which would cause any of the warranties and representations in this Warranties, Representations, and Covenants of City Section not

to be true as of closing, immediately give written notice of such fact or condition to Buyer.

11. Buyer acknowledges it is purchasing the Subject Property **as is** and City does **not** warrant that the Subject Property is free from any hazardous materials. Further, Seller makes no warranties as to the conditions of any improvements located on the Subject Property.

12. Time is of the essence of each and every term, condition, and covenant hereof.

13. It is understood and agreed that upon the execution of this Agreement, it shall become a contract for the purchase and sale of real property binding upon City and Buyer, their heirs, executors, administrators, successors in interest, and assigns.
