## Introduction

Presented for the Mayor and Council's consideration is the 2016/2017 (16/17) Budget for the City of Madera. The City Administrator's budget message outlines the principles and important issues in the City's proposed financial plan. The 2016-17 financial plan is based on policies that govern the stewardship of public funds and reflect the City's commitment to financial planning. Major principles that shape the plan include:

- Adjustments in operational levels will be consistent with action plans found in the Vision Madera 2025 Plan.
- Fund balances and reserves will be maintained at levels that protect the City from future uncertainties.
- Revenues will be estimated at realistic levels.
- Program costs will be developed to reflect a true picture of the cost of the operation.
- Adjustments in personnel staffing will be made only after review and approval by City Council.
- The recommended budget will comply with provisions of the State Constitution, State Law, Municipal Code and sound fiscal policy.
- Critical needs as determined by the City Council will be addressed.

In the 2016-17 budget cycle the City will focus on a number of important policy and service delivery issues. These include the implementation of new financial operating software which is anticipated to start live in August 2016 with Accounts Payable, Purchasing and General Ledger/Financial Statement; completing the fire pumper with all accessories to be ready to serve in fire emergency; continue transition of landscape maintenance zone maintenance from private service providers to Parks and Community Services staff; and the potential for a sales tax increase for public safety, again subject to a local vote of the electorate.

## Executive Summary

### *Economic Outlook*

The majority of national, state, regional, and local economic indicators point towards a gradually improving economic climate. May 2016 statistics from the Bureau of Economic Analysis, an agency of the U.S. Department of Commerce, report the gross domestic product (GDP) increased 1.4% in the fourth quarter of 2015, compared with an increase of 2% in the third quarter. First quarter 2016 GDP grew 0.8%, following growth of 1.4% in the fourth quarter of 2015. Market participants are forecasting a modest rebound in GDP growth to 2.5% in the second quarter of 2016. Nationally, the unemployment rate dropped to 4.7% in May 2016 and wage growth ticked upward. Consumer confidence remains strong and consumer spending has recently improved. Gross domestic income, a measure of the value of production goods and services as the costs incurred and incomes earned in production, increased 1.9% in the fourth quarter of 2015 and 2.2% in the first quarter of 2016.

Similar trends are reflected in forecasts provided by the UCLA Anderson School of Management's June 2016 report. The U.S. economy is projected to grow its GDP 1.7%, 2.8% and 2.1% respectively from 2016 to 2018, which is a reduced outlook when compared to 2015 estimates of 3% or more through 2017. California's unemployment continues to fall, with the rate near 6%, due to an increase in hiring in most job sectors. The number of jobs is projected to increase between .8% and 2% over the next three years and it is anticipated workers' incomes will rise at a similar rate. Approximately 109,300 residential units are expected to be

permitted in California in 2016. This is a 12% increase over 2015, with 97,600 residential units permitted. Further, residential housing permits are projected to increase to 121,300 in 2017 and 121,900 in 2018.

A leveling of the economic growth is captured in the City's anticipated General Fund revenue projections. Overall, Fiscal Year 16/17 General Fund revenues are projected to be \$1.3 million or approximately 4% lower than the previous year. However, that includes a decrease of \$1.35 million related to Insurance Reserve contributions and a decrease of \$1.34 million due to Utility Billing being moved from the General Fund and charged directly to the Water, Sewer and Solid Waste Funds. Without these factors, there would have been an increase of about \$1.35 million, or roughly 4%. The Fiscal Year 16/17 General Fund budget projects that taxes and undesignated revenues (includes sales and property taxes) will increase from \$18,475,000 to \$19,535,000, or about 5.7% over the 15/16 budget. However, revenues came in higher than anticipated during Fiscal Year 15/16, resulting in estimated revenues of \$19,850,000. Projected 16/17 taxes and other undesignated General Fund revenues of \$19,535,000 represent a 1.6% decrease compared to the 15/16 estimated revenues. We are projecting a 3.5% increase in property tax revenues and a 4.5% decrease in sales tax, compared to 15/16 estimated revenues. The decrease in Sales Tax projection can be attributed to the end of the Triple Flip in Fiscal Year 15/16, which resulted in roughly \$400,000 of catch-up revenues from the State of California. Absent the Triple Flip catch-up, Sales Tax remains fairly level with little if any growth in our projections.

For the last two quarters, Madera Countywide sales tax results have been down, due to significant, one-time positive events a year ago. Coming down from those one-time events resulted in a 0.2% growth in the last four quarters compared to the previous four quarters. The Statewide sales tax grew at 3.1% over the last four quarters compared to the previous four quarters. The areas of greatest growth have been the Inland Empire and the Sacramento Valley.

Actual Planning and Building Inspection fees increased from \$767,000 in Fiscal Year 13/14 to \$1,077,000 in Fiscal Year 14/15, representing a 40% increase from one fiscal year to the next. Fiscal Year 15/16 Planning and Building Inspection fees are estimated to remain close to the 14/15 actual figure, at almost \$1,083,000 or 0.5% higher than 14/15 actual revenues. The same fee revenues are projected to increase by 3.7% over the 15/16 estimates, to approximately \$1,123,000.

While several indicators may point to a continually improving economic outlook, there is reason for guarded optimism. The effects of the drought on the local economy may, in the future, have a more deleterious effect when compared to the State as a whole, due to the region's substantial agricultural influence. Additionally, last year's economic forecasts were not realized, and the outlook for the coming years was adjusted accordingly, which could point to a slowing of the nation's previous growth. The British vote to leave the European Union sent shock waves through world markets and immediately caused a spike in volatility, but long term effects of the vote are highly uncertain. In the near term, financial market volatility will remain elevated and interest rates will likely stay lower for longer. Despite these international and regional events, the strength of the US labor market will ultimately be the most influential factor for domestic economic growth, and for now, the labor market remains favorable. These factors and others were considered while preparing the budget for the fiscal year.

## *General Fund*

The General Fund Budget is primarily funded by taxes and fees for services. Departments under this fund are funded from current year operational revenues. Reserves and one-time sources of funds are used on an exception basis. The majority of operational expenses relate to staffing or personnel costs (generally 63% from one year to the next). As presented, the General Fund includes a 6% increase to personnel expenses; Maintenance and Operations (M&O) budgets have decreased by 9% from the 15/16 budget cycle. The increase in personnel cost is due to a 3% cost of living adjustment and MOU approved during Fiscal Year 15/16. In addition, increased costs in PERS and in health care have made the increase significant in comparison to the prior years. The increase in Maintenance and Operational Costs are largely a result of election costs, Cal Fire contract increases and increased computer maintenance costs. There will be an election for four Council members and a ballot measure for half-cent Sales Tax increase to provide adequate funding for public safety, with a projected cost of \$85,000. The Cal Fire annual contract calls for a 9.7% or \$297,000 increase in Fiscal Year 16/17, compared to the Fiscal Year 15/16 budget. Computer maintenance costs increased 36.5% from the Fiscal Year 15/16 budget to the Fiscal Year 16/17 budget, to enable proper maintenance of the new operating system. That represents an increase to the General Fund of close to \$202,000. The General Fund budget for Fiscal Year 16/17 includes approximately \$33.4 million of proposed expenditures and about \$32 million of projected revenues.

## *Enterprise Funds*

Enterprise Funds are primarily funded by User Fees and are expected to be run as separate businesses that are funded by the rates that are charged for their services. Unlike the General Fund which has little control over the tax revenues that fund it, Enterprise Funds have the ability to increase their User Fees subject to Proposition 218 approval requirements. The City's Major Enterprise Funds are: Water, Sewer, Solid Waste and Storm Drainage.

The Sewer Fund is projected to generate a \$531,435 loss in Fiscal Year 16/17. A Senior Civil Engineer position and a Construction Inspector II position are being added to the Sewer and Water funds in Fiscal Year 16/17, with a 30/70 split of costs to be shared between the Sewer and the Water Funds. These positions will assist in capital improvements/infrastructure maintenance and repair necessary for the City's water and sewer systems. The Water Fund is projected to generate a \$2.13 million deficit. The deficit is mainly due to capital improvement projects, which total approximately \$3.3 million. As mentioned above, the Water Fund will carry 70% of the cost of the Senior Engineer and a Construction Inspector II. The Water Department is also requesting a Water System Worker II. This position is needed to stay current on the required preventative maintenance and repairs to the City's water system main valves.

The Solid Waste is projecting a 3.6% deficit in Fiscal Year 16/17, and is expected to finish off the Fiscal Year 15/16 with a 4.4% deficit. Since Fiscal Year 15/16, the Solid Waste Fund has been providing the funding for the Street Cleaning program.

The Drainage Fund is projecting a 7.7% surplus or \$58,732 in Fiscal Year 16/17 after a transfer in from the Water Fund in the amount of \$170,000, and is projected to complete Fiscal Year 15/16 with a deficit of about \$103,000

or 13.8%. The Storm Drainage Fund has been decreasing for several years as inflating expenditure costs have exceeded fee revenues even with programs being cut to minimal provisions of services. This trend has continued because storm drainage fee rates cannot be increased as readily as water and sewer fee rates. Instead of only requiring a protest hearing for increasing rates, new rates would have to be approved by a majority vote like rates for landscape maintenance districts. Hence, rates have not increased for over 10 years. There is pending legislation that would change the process to only require the same protest hearing as water and sewer rates, but it is very questionable that it will pass. Staff is also looking to transition the City's drainage basins to water recharge basins which would shift the costs for maintenance to the water fund where the costs can be adequately addressed during future fee adjustments. This may decrease operational costs by as much as 25%.

### *Internal Service Funds*

The City of Madera has three (3) Internal Service (IS) Funds. They are the Fleet, Facilities Maintenance and Technology Funds. These Funds provide and charge for services to all City departments that benefit from their services. The IS Funds provide maintenance services and set aside funds for the future replacement of equipment when it becomes more cost-effective to replace that equipment than to maintain it. Doing so helps to spread the replacement costs evenly from one fiscal year to the next and ensures funds are available for the intended purpose when replacement becomes necessary.

Internal Service (IS) Funds are not always expected to balance current year revenues and expenditures, because they set aside funds for equipment replacement or projects each year and in those years that equipment is replaced or projects are completed, the expenditures may be more than current year revenues. In the years when there are less projects or purchases the revenues will exceed expenditures and help to build up the reserve from which such projects or equipment purchases are funded. In total the IS Funds project a \$401,000 deficit in FY 16/17, due to \$290,000 more expenditures on vehicle replacements in the Fleet Department than is being collected for that purpose and to about \$109,000 more in Technology capital expenses than is charged to departments in Fiscal Year 16/17. The fleet internal service fund maintains approximately \$1 million in reserves and is designed to collect sufficient charges from departments to ensure that funding is available to replace their vehicles when needed.

### *Special Revenue Funds*

The City's Special Revenues (SR) Funds are numerous; many funds are grouped together for presentation in the budget document. By way of example sixty-nine (69) funds are grouped into the Landscape Maintenance District (LMD) Budget.

Special Revenue Funds can only be used for the specific purposes for which they are provided. A majority of the City's Special Revenues Funds are designated for use on streets, and only some of those funds can be used for operations. Many of the Special Revenue Funds are similar in nature to Equipment Replacement Funds, in that they are not expected to balance current year revenues and expenditures. They typically build up funds for

major projects or purchases, and expend more than they bring in during heavy project years. The proposed budget includes \$13,902,000 of SR Fund revenues and \$13,770,000 of expenditures.

### *Capital Projects*

The City's Five-Year Capital Improvements Program (CIP) serves as the basis for the preparation of the Capital Projects Budget. Only if funds are available will the projects be approved through the budget process and completed. If funds are not available, those projects that have been listed in the CIP will either be postponed or eliminated. In addition to the major CIP projects, certain capital needs may be identified and included in the budget.

Capital Project Budgets differ from Operational Budgets, because capital projects are primarily funded by reserves that have been built up over time from annual allocation of transportation funds, from state and federal grants or from other one-time sources including donations and development impact fees. Capital projects represent \$8 million in the proposed budget, including \$3.17 million of water-related projects, \$880,000 in wastewater projects, \$1.5 million of airport projects and the bulk of the remaining project dollars designated for street or transportation purposes.

### **Employee Compensation and Benefits**

The City recognizes that it cannot provide the array of services to its citizens that it does without a workforce comprised of employees committed to the vision and mission of the organization. In order to ensure a well qualified workforce, the City offers a compensation and benefits package that is designed to keep the City of Madera in a competitive position in the labor market. There are several elements to the compensation and benefits package, including base pay, retirement, and health and welfare benefits.

Base pay for each position in the City's classification plan is negotiated between the City and the bargaining unit representing that position. In 2015, the City negotiated market based adjustments for all positions not at market median based on a compensation study completed by Koff & Associates. In addition, the City also provided a 5% across the board increase after the market adjustments. The City is focused on its ability to recruit and retain talented individuals who are committed to providing exemplary service to our citizens. Ensuring that base pay is at least at market median and maintains pace with the market will assist in achieving a quality workforce that is committed to the City of Madera. These base pay negotiations also included a 3% cost of living adjustment to be effective July 2016 as well as July 2017.

### *Retirement*

One major component of the City's compensation package is the retirement offered. The City is a member of the California Public Employees Retirement System, or CalPERS. This is a defined benefit program and contributions into the system are expressed as a percent of base pay. Contributions are divided into what is referred to by CalPERS as Employer contributions and Employee contributions. Employer contributions fluctuated based on market returns and the discount rate utilized. Employee contributions are set by state

statute. An employer can pay the Employee contribution on the employees' behalf as part of the compensation package. Because of the Great Recession and ongoing unfunded liabilities in the CalPERS system, Employer contribution rates have been increasing steadily over the last few years and are expected to continue to increase going forward. In an attempt to help mitigate these increases, in 2012 the City amended its agreement with CalPERS to include 2<sup>nd</sup> tier retirement formulas for new classic employees (classic employees are individuals who are active in the CalPERS system when they come to work for the City of Madera, such as an individual who previously worked for another City that contracts with CalPERS). This caused an immediately lower Employer contribution rate for new public safety employees. This is due to the fact that the City continues to pay down what is referred to as a side fund for a prior formula enhancement for existing public safety employees and the new safety tier is not part of that side fund. The old and new miscellaneous employee tiers are blended together by CalPERS to determine the Employer contribution rate, so it will take a longer term to recognize the financial benefit of the 2<sup>nd</sup> tier as new employees enter into the reduced miscellaneous formula. In addition to the City's implemented 2<sup>nd</sup> tier formulas, the Public Employees' Pension Reform Act (PEPRA) took effect January 2013 and created new formulas for employees who are new to the CalPERS system, reducing the City's Employer contribution requirements for new employees. The table below shows employer contribution rates for the City's CalPERS plans from fiscal year 2012-13 to fiscal year 2016-17.

**CalPERS Employer Contribution Rates**

	<b>2012-13</b>	<b>2013-14</b>	<b>2014-15</b>	<b>2015-16</b>	<b>2016-17</b>
<b>Miscellaneous (blended rate)</b>	15.548%	16.242%	18.132%	19.970%	21.604%
<b>Classic Safety</b>	34.679%	36.066%	38.140%	38.920%	44.429%
<b>2<sup>nd</sup> Tier Safety</b>	20.057%	20.774%	21.367%	20.224%	16.691%
<b>PEPRA Safety</b>	11.500%	11.500%	11.500%	11.153%	12.116%

Historically, the City paid the Employee contribution rate on behalf of employees in the General Bargaining Unit, Mid Management Unit, Madera Police Officers' Association and the Law Enforcement Mid Management Unit. Beginning in fiscal year 2011-12, the City negotiated with the bargaining units to have employees begin contributing toward the Employee contribution to CalPERS. Current Employee contributions are determined by bargaining unit and CalPERS formula and can be found in the applicable memorandums of understanding with the various bargaining units. Management employees pay the full Employee contribution as well as a portion of the Employer contribution.

In addition to the CalPERS retirement plan, the City offers an IRS Section 457 Deferred Compensation Plan for employees. Employees may participate at their own expense up to the maximum contribution allowed by law. The City contributes an amount equal to 4.2% of base salary for miscellaneous members of the General Bargaining Unit, Mid Management Unit, Madera Police Officers' Association and Law Enforcement Mid Management Unit.

### *Health and Welfare Benefits*

As part of the compensation package, the City offers a variety of health and welfare benefits, including medical, vision and dental insurance; long term disability insurance; employee and dependant life insurance; and an Employee Assistance Program.

The largest expense related to health and welfare benefits is captured in the City's contribution toward health insurance. The City's health plan includes medical, vision and dental insurance and the City's contribution is negotiated with the bargaining units as an element of total compensation. The City has traditionally participated in fully insured health plans. Beginning with the 2015-16 plan year, the City implemented a combined fully insured high deductible medical plan with a self-funded wrap plan designed to cover employee expenditures under the deductible. The advantage to this type of plan over funding a Health Savings Account outright is that the City's exposure is limited to actual expenditures under the plan. Through this self-funded wrap plan, the City was also able to gather actual usage data and tailor its 2016-17 medical plan renewal to fit the needs of the City's employees. Specifically, the data showed a high utilization of urgent care and emergency care facilities compared to other similar populations. In response, the City is implementing a teledoc service with its 2016-17 plan offerings to give employees another option when they are unable to get to their primary doctor. It is anticipated that this will decrease utilization of urgent care and emergency services for non-emergency situations, reducing claim exposure in the medical plan.

The long term disability benefit is paid for by the City and provides replacement income when an employee is unable to work due to a qualifying disability for a period that exceeds 90 days. The cost to the City for the benefit is \$0.36 per \$100 of base pay.

The City paid employee life insurance policy amount is determined by bargaining unit. The policy includes accidental death and dismemberment coverage and the monthly cost to the City for this benefit is \$0.165 per \$1000 of coverage. The City also purchases dependent life insurance for employees with qualifying dependents. The dependent life policy provides \$5,000 in life insurance per dependent at a flat rate cost of \$1.75 per family per month.

The Employee Assistance Program provides free counseling sessions to employees and their households as well as a variety of work/life services such as childcare and eldercare assistant, legal services, and financial planning. The program is a flat rate premium of \$2.30 per employee per month.

### **Department Summaries**

#### *City Council*

There is an overall decrease in the City Council budget due mainly to an adjustment in the Section 125 Benefit Allowance line item related to health insurance coverage. Minor adjustments are reflected in the maintenance and operations budgets to more accurately reflect expenses based on prior year estimates.

### *City Clerk*

There is an overall increase in the City Clerk budget mainly due to an increase in the Intergovernmental Charge Election Cost line item in the amount of \$85,000 compared to prior year budget. Increases in Salaries and Benefits are a result of adjustments approved in the prior fiscal year related to salary and health care costs. Minor adjustments are reflected in the maintenance and operations budgets to more accurately reflect expenses based on prior year estimates.

### *City Administration*

Those budgets directed by the City administrator are largely status quo, with the exception of a new Communication Specialist position (which is budgeted for in the City Administrator's Office budget) and a decrease of about \$1,080,000 in transfers out to the Insurance Reserve Fund (which is included in the Central Administration budget) in Fiscal Year 16/17 as compared to Fiscal Year 15/16.

### *Human Resources/Risk Management*

The personnel expenses and maintenance and operating budgets for the Human Resources Department have no major changes over the prior year. The only notable increase would be an 18.5% increase to personnel costs, which is related to salary increases and increased health and CalPERS costs, and the 36.5% increase to computer maintenance costs, which is common throughout the City's Fiscal Year 16/17 budgets.

### *Information Systems Department*

The Information Systems Department budget proposes increases to continue to capture expenditures which should be included in the Internal Service Fund (ISF) and to fund new services and the replacement of aging technology. Major increases in Contracted Services can be attributed to the move of a cost allocation for our MAIS software system from the Finance Department to the Information Services Department for a more consistent allocation of the associated costs. Contracted Services also shows an increase due to the full annual cost for high-speed fiber optic services from AT&T which was approved by the Madera City Council on March 2, 2016. The department also has a major increase in Computer Equipment expenditures which reflects the cyclical nature of the internal service fund. All core technology has a defined life cycle of four, five, or seven years which will cause some years to be higher than others depending on the replacement schedule. The department continues to work hard at maintaining our core infrastructure while keeping an eye on new technology that could benefit our city. With the increasing need for innovation in all aspects of the workplace we hope to continue to provide a high-level of customer support with these ever growing demands for new technology.

### *Finance Department*

The Finance Department expenditure budgets remain relatively consistent with the Fiscal Year 15/16 Adopted Budget, with the exception of the following: The department is projecting a \$49,055 or 10% increase on Salary and Benefit costs, due primarily to the 15/16 compensation study and related cost of living increases. The proposed 16/17 budget of \$131,000 for Software Costs represents a decrease of \$67,390 compared to Fiscal Year 15/16. This is the General Fund portion of the projected annual lease payment related to the purchase of a new Accounting Software/Enterprise Resource Planning (ERP) system, Tyler Munis. The City is scheduled to

operate using Accounts Payable, Purchasing, General Ledger and Financial Statement modules of this new software, effective August 1, 2016.

Effective Fiscal Year 16/17, Finance Utility Billing costs will be charged directly to the Enterprise Funds with the ratio as follows: Water Fund 50%, Sewer Fund 25%, and Solid Waste 25%. In the past, Finance Utility Billing has been a General Fund budget that was funded by transfers in from these Enterprise Funds. Charging the costs directly to the funds that Utility Billing serves will simplify the accounting for these services and eliminate the related transfers between funds. Another significant increase for Finance, which is also in most departments, is the interfund charge for computer maintenance. For Fiscal Year 16/17, a 39.3% increase in this line item is due to the cost of maintaining the new operating software, Tyler Munis. There has been no change in staffing level under the Finance Department.

Revenues in the department have increased by 5.9% over the Fiscal Year 2016/2017 Budget, due primarily to a \$32,952 increase to the Administrative and Overhead allocation figures for this department. Since Fiscal Year 15/16, the City of Madera has made a change in the allocation model. That model utilizes a double step-down method that captures more allocation revenues from contributing departments. Overall, the Finance Department's proposed expenditures (excluding the Utility Billing costs from the comparison) are 5% or \$4,667 less than the Fiscal Year 15/16 budget.

#### *Planning Department*

The Planning Department continues to facilitate residential, commercial, and industrial development within the community. Although FY 15/16 saw a pause in revenue growth, the City is poised to experience further expansion. FY 16/17 revenue is projected at \$197,500.

In order to continue to provide exemplary service to customers, deliver quality work product and provide for core services, the addition of one full-time permanent position is proposed. This position would replace the part-time position that was approved last year. With the addition of the proposed full-time position, the department will be composed of the Planning Manager, one full-time Assistant Planner, one full-time Associate Planner and a shared administrative assistant.

With improved staffing levels, cost allocation against capital projects is projected to recover approximately \$40,000 in direct and indirect savings. Additionally, the department will continue to participate in the Citizen's Academy and Small Business Workshop series. Expenses remain largely unchanged.

#### *Engineering Department*

The Engineering Department's budget consists of a total proposed budget of \$1,606,106 for the 16/17 Fiscal Year. Taken as a whole, there are no significant events or activities materially affecting the overall budget beyond the proposal to hire one new Assistant Engineer and remove one vacant Intern positions. The results of the staffing proposal and overall cost of living adjustments indicate an increase in staffing costs of approximately \$166,000 or 12%.

Overall, 16/17 revenue is anticipated to be approximately \$71,000 higher than the estimated 15/16 actual revenue. This value is reflective of an increase in private development revenue of approximately \$35,000 over

that estimated for this year's actual 15/16 and increases or decreases in other sources that cumulatively increase revenue by an additional \$36,000.

Examples of significant work efforts anticipated in the 2016/17 fiscal year include the substantial completion of the commercial water meters, completion of Riverwalk improvements, construction of the Riverside Villas subdivision, commencement of an infrastructure study addressing the condition of existing water and sewer lines, construction of a traffic signal at Yosemite at Elm and completion of the Olive Avenue Construction Project design activities.

#### *Building Department*

The Building Department's expenditure budget is largely status quo, with considerable changes to revenues. The overall expectation reflects an increase of approximately 30% in building permit activity based upon current trend analysis.

An update to the fee schedule was implemented in the 16/17 budget cycle. Combined with an increase in building permit activity, an increase of approximately \$132,000 in additional revenue is anticipated. Salaries and benefits remain largely unchanged except as anticipated by the Finance Department for non-discretionary increases in benefit costs and miscellaneous inter-fund charges.

It should be noted that if building activity increases significantly, current staffing levels will need to be reexamined to ensure that core services continue to be provided and the addition of a permit technician at the building counter will facilitate the continuance of the customer service delivery plan. The department remains staffed at approximately 50% of the full-time-equivalent staffing in comparison to peak levels.

#### *Police Department*

The Police Department (PD) budget submission represents an increase in costs of \$472,326 over estimated 15/16 expenditures. The primary causes for the increase are salary increases and the rising cost of retirement contributions. The Department continues partnerships with the School District, Housing Authority and the County for the funding of four positions in which we are able to reduce the General Fund liability by \$506,694. PD Administration and Animal Control are the only two budgets related to the Police Department with defined revenue sources. Revenue projections will see a slight increase over the 15/16 year end budget of approximately 9%.

The Department enters this next fiscal year with one officer vacancy. Arguably the most important component in this year's budget request is funding for the creation of the Department's second lieutenant position. In consultation with the City Administrator, we have mapped out a course, over three years, which would bring three lieutenants to the PD. The first lieutenant's position was filled in April with funds included in last year's budget (15/16). The second lieutenant's position will be filled in the first quarter (July) of Fiscal Year 16/17 and the third and final position will be filled in July of Fiscal Year 17/18. Additionally, the submitted budget has some necessary increases primarily in the areas of contracted services, training, PG&E and recruitment costs reflecting an aggregate increase of \$30,000.

### *Fire Department*

The Fire Department's service delivery plan is largely status quo. Exceptions include an increase of approximately \$302,418.00 which is proposed in conjunction with the City's agreement with Cal Fire.

The department's salaries and benefits are included within the CAL FIRE Annual Contract, which is included as a Maintenance and Operations expense. The bulk of the Maintenance and Operations budget is the Cal Fire Annual Contract line item, which proposes an increase from approximately \$3.02 million to \$3.36 million. The 16/17 budget cycle saw an increase from last year based on the state collective bargaining, resulting in an overall 5% increase for staff. An additional increase to the Health and Benefit rate for employees of 3.81% and an additional half time (.5) office technician position at Mariposa HQ also contributed to an increase in overall staffing costs. The budget also supports equipment and vehicle repairs, equipment replacement, IT, dispatching, building and office supplies and facility maintenance.

Other than the above mentioned changes, the 16/17 budget reflects no significant changes from last year. The half time office technician position was absorbed by reducing the operational budget of 16/17 in equipment replacement and automotive maintenance.

### *Parks & Community Services Department*

The Parks & Community Services (PCS) Department's proposed Budget for Fiscal Year (FY) 16/17 represents moderate adjustments from previous years. The majority of the Department's Cost Centers remain relatively status-quo, there are some points to which your attention should be drawn in order to better understand the PCS proposed Budget.

1. As is the case with all other City departments, salary and benefit line-items have increased across the board. In addition to COLA increases for full-time FTE, part-time FTE costs are on the rise as well. The minimum wage is scheduled to move from \$10.00/hour to \$10.50/hour in January of 2017. PCS relies very heavily on part-time FTE. Department leadership is working to leverage resources with partners as we continue to seek additional/increased outside revenue sources and other options including future programmatic fee increases as minimum wage levels rise over the years.
2. PCS staff was notified in late May that the City's apportionment of Madera Unified School District's (MUSD) After School Program Grants has been reduced from \$221,500 to \$147,000. \$23,500 of the decrease is due to the State reducing MUSD's grant resources at Mt. Vista School; PCS services were terminated at that site. The remaining \$51,000 represents a reduction of approximately 25% across the remaining 13 school-sites. District personnel point to the reduction in funding and increased cost of doing business as the reason for the decrease and have expressed confidence in the work the PCS team has done. PCS has, as a result, reduced part-time FTE to account for the decreased value of the Agreement. While the After School Program is still beneficial to the City's bottom-line General Fund position as full-time FTE are cost allocated to the program, the degree to which the GF position is offset has been decreased.
3. The Parks Division's Budget (Cost Center 661) added a revenue line item of \$60,000 from the water conservation fund to offset staff time spent on water conservation activities.
4. PCS Staff project an approximate \$70,000 increase in expenses to the Median Island Cost Center (#691). These are the median islands not covered in LMZs. The increase is a result of the City needing to issue an RFP as the existing contract comes to its natural end. Staff anticipated that this activity would cost more in the coming years for several reasons. First, staff sees evidence that the existing vendor underbid the

project three years ago. Second, changes to part-time wage-earner laws (minimum wage increase, mandated sick leave etc.) and the increased cost of doing business over time were anticipated. Finally, the City increased the square footage in the median island footprint. In lieu of the General Fund supporting this activity in FY 16-17, Staff is recommending that the entire cost of median island maintenance (estimated to be at \$176,400) be fully covered by Gas Tax.

5. PCS eliminated all new equipment purchases and minor capital upgrades from the General Fund in the upcoming Fiscal Year. Staff will continue pursuit of alternative sources of funding for the critical work of maintaining existing infrastructure.
6. PCS has completed CDBG applications for Senior Services as well as a capital request for a rehabilitation and lighting project at Centennial Park. The former request has been included in the budget submission as revenue in the Senior Services (#518) Cost Center. The latter request was not included in the the proposed budget. If the rehabilitation and lighting project is funded, however, there will be a corresponding positive impact on the General Fund.

#### *Public Works Department*

The Public Works Department is comprised of several operating units that handle discrete components of the City's public infrastructure. These include: sewer and water systems, the wastewater treatment plant, street maintenance, solid waste and recycling, graffiti abatement, municipal airport management, electrical & building facilities maintenance. The individual divisions that make up Public Works are primarily established as separate funds, utilizing revenues restricted to their designated functions. The Public Works Department's FY16/17 budget submission generally represents funding necessary to maintain the existing services levels.

The Sewer Fund is operated from user fee revenue and pays for the maintenance and operation of the sewage collection system and Waste Water Treatment Plant. This year there is a proposed change to add a Senior Engineer and a Construction Inspector II to be budgeted in the Engineering Department with funds coming from the Sewer and Water Funds at a (30/70) ratio. There are no new capital projects proposed for FY 16/17. The City will be completing an infrastructure asset inventory that began mid FY 15/16. The results of the inventory will assist the division in identifying and prioritizing future capital projects that will replace worn elements and improve efficiencies. It is anticipated that there is a backlog of replacement repairs that will need to be affected over the next five years that will draw the fund balance down and a bond may be needed to fund improvements after that point.

The Water Fund is operated from user fee revenue and pays for the operation and maintenance of the municipal water system including 18 wells, a one million gallon above ground storage tank, miles of distribution mains and approximately 13,000 water meters and services. This last year there has been a fair amount of capital projects related to refurbishment of wells. During FY 16/17 staff will continue its efforts on capital projects related to refurbishment of wells, infrastructure inventory and asset analysis to further refine the division's capital program. As discussed above two positions are being proposed with 70% of cost being allocated to the Water Fund. These positions are needed to deliver the replacement and maintenance projects funded by the rate increases adopted by the City Council in FY 15/16. In FY 16/17 funds have been budgeted for several capital projects, including the initial design of a seven million gallon above ground water storage tank, that will assist in water dependability and reduce the need for wells that are only operated during peak periods of demand.

The Solid Waste Fund is operated from user fee revenue and pays for solid waste collection and street sweeping. When the solid waste rates were set three years ago, there was a high fund balance that was in excess of a goal of 20-30% of the annual operating expenses. Along with user rates being reduced by 15% and projected to stay flat for five years, annual deficits were programmed for the next 5 years. The deficit for FY 15/16 is projected at \$149,000 which is \$120,000 less than the \$269,000 deficit that was programmed to reduce the fund balance. This is due to savings in the City's contract costs for waste hauling not increasing the full amount allowed by the COLA in the City's agreement with the waste hauler (Mid Valley Disposal).

The Storm Drainage Fund is operated from user fee revenue and pays for maintenance of the storm water collection system and detention basins. The Storm Drainage Fund has been decreasing for several years as inflating expenditure costs have exceeded fee revenues even with programs being cut to minimal provisions of services. This trend has continued because storm drainage fee rates cannot be increased as readily as water and sewer fee rates. Instead of only requiring a protest hearing for increasing rates, new rates would have to be approved by a majority vote like rates for landscape maintenance districts. As a result, rates have not increased for over 10 years. Staff will begin to transition the City's drainage basins to water recharge basins which will allow the costs for maintenance of these basins to the water fund and further facilitate groundwater recharge. The Facilities Division will continue preparing an inventory of the condition and liabilities associated with the major maintenance element of all of the City's buildings. This will be the basis of an asset management program which will help us forecast capital expenditures for major repairs throughout the City. The Division will also be completing the last phase of a three year project retrofitting 3,000 street lights with LED fixtures. The Airport budget includes capital expenditures for a \$1,500,000 apron reconstruction project that was identified as needed in the division's pavement management study. \$1,350,000 of the cost will be from an FAA grant.

In 2016-17, it is recommended that a Water System Worker I position to be added in Water Maintenance Division. Due to lack of personnel, the Water Maintenance Division has not been able to stay current on the required preventative maintenance and repairs to the City's water system main valves. The system has continued to deteriorate to a point that it requires closing numerous valves and several blocks of areas to isolate many older areas of the City. It is essential that these valves are in proper working condition to complete both emergency and routine off and on for repairs of the City's water system. Adding personnel would enable the division to perform the required preventative maintenance and repair duties that have been postponed. Additionally, the Engineering Technician position has been replaced with an Administrative Analyst to better align with work needed in the Public Works Department and four part-time Maintenance Worker I positions have been combined to make two permanent full time positions in order to comply with the Affordable Care Act and provide for better training and retention of staff.

As mentioned above, a full-time Senior Civil Engineer and a full-time Construction Inspector II positions are also requested for FY: 2016-2017. Funding for these positions is provided through the Water Fund (70%) and Sewer Fund (30%). These positions will enable the department to move forward with existing and future projects.

#### *Neighborhood Revitalization*

The Neighborhood Revitalization Department is projected to see a fluctuation in both revenue and expenditures in FY 2016-2017. Due to the loss of CDBG funding, which was \$400,000 each year for Code Enforcement, and added with the limited General Fund revenue this year, the department has continued to operate with limited staffing levels. Preferred staffing for Code Enforcement is one supervisor and six (6) Neighborhood Preservation Specialists (NPS). To date the department is operating with one Neighborhood Preservation Specialist III acting as a supervisor and five (5) full time NPS employees. In the upcoming year, we will focus on developing the

Rental Housing Inspection program to ensure that landlords/property management are in compliance with the rules and regulations as to providing adequate housing and meeting the health and safety requirements for their tenants. The department will also be addressing violations in newly annexed sections within the City.

**Looking Beyond Fiscal Year 2016/2017**

A summary comparison of the 15/16 (estimated) and 16/17 (recommended) General Fund budgets are provided below. Please note that each of the three funds (General, Code Enforcement, and Insurance Reserve) is a component of the *General Fund* as reported in the City’s annual financial statements:

	15/16 Revenues	15/16 Expenditures	15/16 (Surplus)/Deficit
General Fund	\$31,016,976	\$30,662,385	(\$ 354,594)
Code Enf.	1,175,071	1,555,758	\$380,687
Ins. Reserve	<u>1,525,000</u>	<u>173,000</u>	<u>(\$1,352,000)</u>
Totals	\$33,717,047	\$32,391,141	(\$1,325,906) Surplus

	16/17 Revenues	16/17 Expenditures	16/17 (Surplus)/Deficit
General Fund	\$29,808,331	\$30,912,612	\$1,104,281
Code Enf.	1,094,182	1,371,737	\$277,555
Ins. Reserve	<u>173,000</u>	<u>205,000</u>	<u>\$32,000</u>
Total	\$31,075,513	\$32,489,349	\$ 1,413,836

The problem with the revenue and expenditure comparison provided above is that it reflects only a quick “snapshot” of the City’s financial performance. Expenditure requirements change significantly from one year to the next. By way of example in 2015-16 we had a \$615,000 retrospective adjustment/expense in the Insurance Reserve Fund due to claims made in prior years. We are budgeting \$100,000 for retrospective adjustments in Fiscal Year 16/17, but anticipating much larger adjustments in the two subsequent fiscal years. The following chart demonstrates how much these charges (and sometimes refunds) can change from one year to the next:

FY	Workers Comp	Liability
2012-13	(236,204)	(30,305)
2013-14	(322,834)	193,440
2014-15	(284,017)	34,563
2015-16*	(605,196)	(10,307)
2016-17*	(141,155)	68,220

2017-18*	(774,094)	(5,707)
2018-19*	(737,254)	2,400
2019-20*	(50,234)	93,477
*Estimate based on 6/30/2014 actuarial valuation		

Looking a little further on the horizon the potential provisions of services to Parkwood could impact our 16/17 budget cycle. The annexation of Parkwood and other blighted areas are being sought by the County as part of a new tax sharing agreement. In the County’s defense annexation of a number of these areas makes sense from a land use/planning/service delivery point of view. Their inclusion in a new tax sharing agreement is not a required element of an agreement; the County is seeking to include them, however, as a part of a defined cost avoidance strategy. Parkwood is a recognized center of gang activity and their water supply problems have been the subject of a great deal of media attention. The City already pays the County 6.75% of its sales tax as a condition of a tax sharing agreement.

There is an anticipated loss of gas tax and local transportation funds in future years. We have sufficient reserves of these funds to maintain current expenditure patterns for three to five years. In public management five years is a very, very long time; our ability to predict out five years is less than precise.

Finally there remains a need for a third fire station. In 2004, the County entered into an MOU with the North Fork Rancheria. That MOU specifies that when the tribe completes its casino the tribe will fund the construction and operation of a new fire station located within five minutes of the casino. That station would serve the northern portion of the City. The agreement identifies \$1,915,000 for capital expenses and \$1,200,000 annually for operations. There is a cost of living escalator for future costs. Staff’s review of the litigation affecting the casino leads us to believe resolution (probably in favor of the tribe) is more than five years out. Absent passage of a public safety tax, thus accelerating construction of a new facility, a third fire station for Madera is at least five years away.

**Conclusion**

Economic recovery in California is uneven with differing degrees of recovery in different geographic regions of the State. High unemployment remains problematic; new housing starts are way off of pre-recession highs and it remains unlikely that we will see a thousand permit approvals in a single fiscal year anytime in the near future.

Our economic horizon has a number of moving pieces. New County development at Highway 41 and Avenue 12 will create a new “community of choice” that will be a significant competitor for new housing starts that might otherwise take place in the City. Housing built in the 12/41 area will feed sales tax across the river to retail power centers in the City of Fresno, thus making attraction of large scale retail development to Madera more challenging. The changing nature of retail to smaller footprint buildings, “experience centers”, and purchases made on-line suggest however that the days of big box retail may be numbered. The City needs to proactively recognize changes in retail strategy and build that into our forward looking development plans.

Of significant note, the potential construction of a new travel center at the southeast corner of Avenue 17 and Highway 99, and a casino at the northwest corner of this same intersection have become very real possibilities in the next 18 to 24 months. Both projects represent significant job and revenue centers for the City. Either project as a stand-alone will move the City's economic needle a lot. If both move forward the 17/99 intersection is in every respect a "game changer".

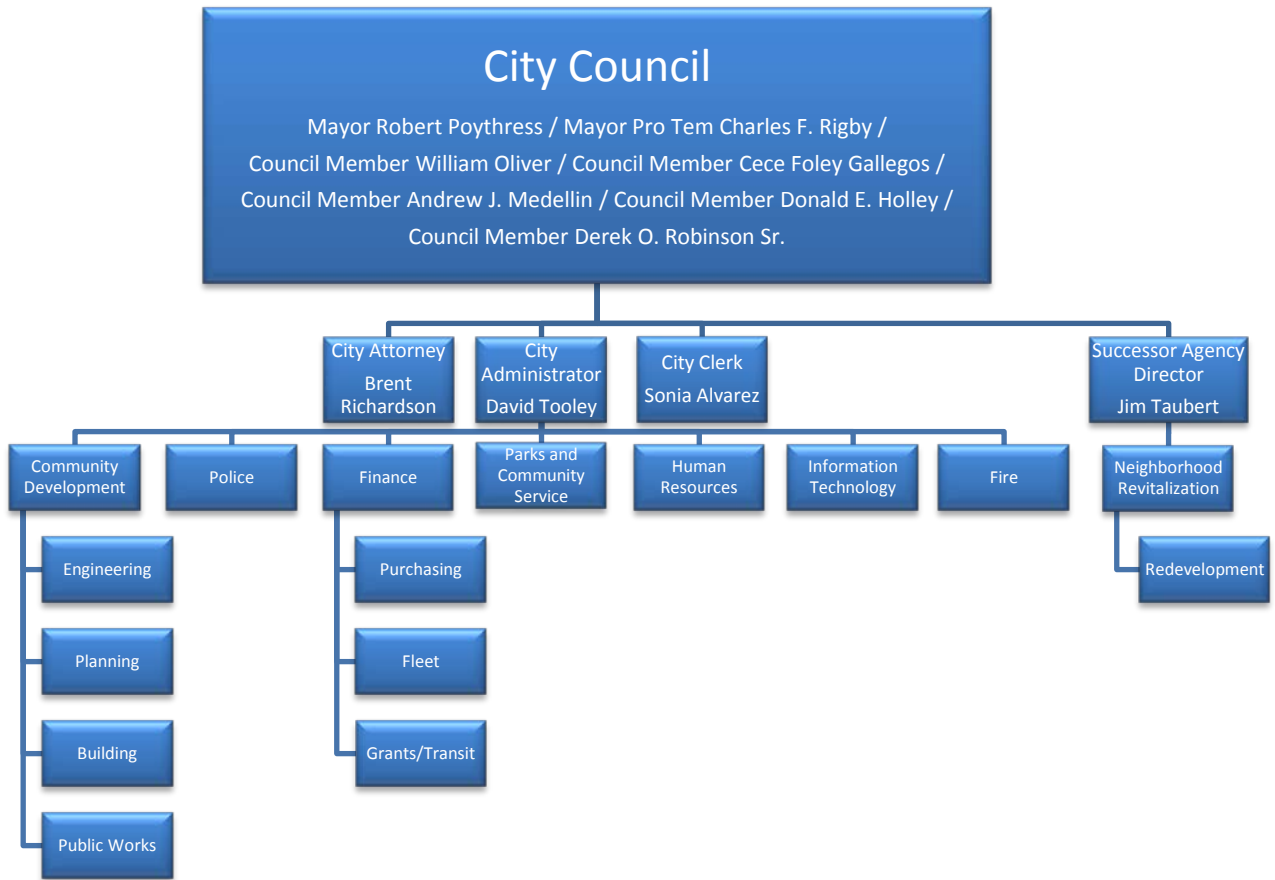

The budget presented is a product of many hands. In a representative democracy the first thanks is always offered to the elected officials; it is their leadership, and their willingness to assume the responsibility of leadership that defines what we do. The City's management team and the staff as a whole also deserve recognition for their dedication and service to the community. And finally a special thanks needs to be made to Tim Przybyla, Patricia Barboza, Don Thiesen, Cleona Young, Lyann Huang, Rosa Hernandez and Estevan Romero, all who work in the City's Finance Department, for their many hours in preparing the draft document for Council consideration.

The entire City team is honored to work with a dedicated Council in service to the Madera community.

Respectfully submitted,

David R. Tooley  
City Administrator

# Organizational Chart

## ***MADERA AT A GLANCE***

### **Year of Incorporation**

1907

### **Government**

Council and Manager form of government, with six City Council Members elected by district and a separately elected Mayor

### **County**

County of Madera

### **School District**

Madera Unified School District

### **Location**

In the geographic center of California, approximately 15 miles north of the City of Fresno

### **Area**

Approximately 9,600 acres, or 15 square miles

### **2015 Estimated Population**

64,208

The population in Madera grew rapidly between 1990 and 2010, while the recent rate of growth has slowed significantly. The average annual change from 2010 to 2015 was just 0.9%.

<b>POPULATION - 1990-2015</b>			
<b>Year</b>	<b>Population</b>	<b>Change</b>	<b>Average Annual Change</b>
1990	29,281	7,549	3.0%
2000	43,207	13,926	4.0%
2010	61,416	18,209	3.6%
2015	64,208	2,792	0.9%

The population of Madera is changing. Between 2000 and 2013, the proportion of the city's population in the workforce age group (25-55 years) grew most rapidly, increasing its share from 37.7% to 56.1% of the total. The group with the largest percentage change was the older adult age group (55-64 years). The population of this group grew by 2,113, or 88.3%.

The total number of households in Madera increased by 36.1% between 2000 and 2013. Madera is a family-oriented city. Family households made up 79% of all households in 2013 (compared to the state average of 68%), and families with children comprised 47% of households (compared to the statewide average of 32%). The average household size in Madera was 3.81.

### **Median Income**

The median household income in the City of Madera in 2014 was \$42,027. This figure represents an increase from prior years, but remains significantly lower than the national and statewide median incomes.

### **Employment**

The labor force in the Madera Metropolitan Statistical Area, according to 2016 data from the Employment Development Department, included 61,600 individuals. Of this amount, 56,400 were employed, resulting in an unemployment rate of 8.5%, down from recent double digit unemployment figures. Madera County showed the largest percentage growth of jobs in the state from May 2015 to May 2016. The county added 2,400 jobs, an increase of 6.7%, in just the past year alone.

### **Housing Units**

In 2013, the most recent year for which data is available, 47% of the 16,313 households in Madera lived in owner-occupied housing, while 53% lived in renter-occupied units. These figures represent a flip from housing tenure data in 2000, when 53% of units were owner-occupied and 47% were renter-occupied. During the period between 2000 and 2013, the number of total households in Madera increased by nearly 4,300.

### **Home Sale Prices**

Home sale prices for the City of Madera were compiled using data provided by CoreLogic, an agency that monitors real estate activity nationwide and provides information to consumers, educational institutions, public agencies, lending institutions, title companies, and industry analysts. According to CoreLogic, the median sale price for a home in the City of Madera in April 2015 was \$179,000. One year later in April 2016, the median sale price had increased by 28.5% to \$230,000.

### **Building Activity**

During 2015, the City's Building Department issued more than 2000 permits for building plan check and inspection projects in the City limits, an approximately 33% increase from 2014. A notable commercial project constructed during 2015 includes the Deerpoint Group Building on Independence Drive.

## Budget Process

The City of Madera prepares a one year budget annually for its fiscal year beginning July 1st and ending June 30<sup>th</sup>. The process is started and headed by the Financial Services Director, but the City Administrator, all department heads and several managers within the City have key roles in the process along with most of the Finance Department personnel. Before the individual department heads start their budget process, the Finance Department has several weeks of planning and preparation to complete. For the Fiscal year 2015/16 budget, it was decided to break up the process by fund type. The plan was to complete the draft budgets for each fund and present them to Council separately so they could be discussed individually.

### January/February

Budget documents are prepared for each department which itemizes every line item and provides historical budget data for reference. These documents also have two empty columns – one for the department to estimate the current year's actual expenses as of June 30<sup>th</sup> and one to place the next fiscal year's budget figures into. The other document which is prepared at this time is the Salary Projection Worksheet. This worksheet lists all City employees organized by department and calculates their total salary and wages for the next fiscal year. The figures from this worksheet are placed on the individual department budget sheets under the Salary and Benefit section directly by the Finance department.

The Engineering Department prepares a five-year Capital Improvement Plan (CIP) and presents the draft to the Council at this time.

### March

A mid-year budget review is performed by each department to determine if budgeted revenue and expenses are on target or need to be adjusted. Budget adjustments are summarized and presented to Council by the Financial Services Director. The Council will then determine which adjustments will be adopted per resolution.

### April

The preliminary CIP budget is presented to Council for review. The preliminary Enterprise Fund budgets are presented to Council for review. These include budgets for Water, Sewer, Solid Waste and Storm Drainage.

### May

The preliminary General Fund budgets are presented to Council for review. A public hearing is held at a Council meeting regarding the Community Development Block Grant (CDBG). The public is encouraged to have a say regarding where the monies will be allocated.

The preliminary Internal Services (Fleet, Facilities Maintenance and Technology) and Special Revenue Fund budgets are presented to Council for review.

### June

A budget workshop is held for the City Council where the budgets for all the funds of the City are reviewed and discussed. Each department head provides a summary of their budgets identifying key increases or decreases in budget items.

### July

The final budget is presented to the City Council and it is adopted per resolution.

## City Mission, Operating Principles and Community Vision

The City of Madera has adopted a mission statement and a set of operating principles and values that define how it will interact with the community.

### Mission Statement

The City of Madera is committed to delivering quality public services with integrity, courage, compassion, and competence to our diverse community.

### Operating Principles and Values

We believe our first responsibility is to the public, recognizing they represent diverse Cultures. We will strive to:

- Provide a safe, secure, and overall exceptional quality of life.
- Encourage open and constructive participation by our citizens.
- Provide a level of customer service consistent with the principles stated above.

We are responsible to the community in which we live and work. We will strive to:

- Promote activities that foster and encourage community pride.
- Assist in efforts to revitalize and maintain visually attractive living and working environments.
- Assure safety to all individuals within the community.
- Promote community based problem solving.

We are responsible to our employees. We will strive to:

- Provide employees with a safe and healthful working environment.
- Embrace our obligation to provide equal employment opportunities
- Provide professional growth and development opportunities.
- Fairly recognize, empower and reward our employees for their contributions.

We are responsible to our business community. We will strive to:

- Engage existing and potential business in ongoing discussions to foster opportunities for reasonable growth.
- Understand the diverse needs of the changing business environment.

We are responsible to be fiscally accountable. We will strive to:

- Accomplish city missions within available resources
- Create a climate that encourages and supports economic expansion.

## Community Vision –Vision Madera 2025

Through a multi-year community-based visioning process, residents of Madera identified their vision of Madera in the future as an attractive community with strong family values, excellent educational and recreational opportunities, abundant entertainment and business opportunities, and a safe, healthy environment. Four Vision Statements, summarized below, reflect the desires of the community and function as the City’s broad based goals.

- 1** **A Well-Planned City** - focusing on the physical aspects of Madera’s growth. Affordable housing, balancing residential, commercial and agricultural needs and providing efficient services are significant concerns for a rapidly growing community. Open communications between the community and City/County government and within those governments are vital to a healthy city.
- 2** **Good Jobs and Economic Opportunities** - recognizes the need for good jobs, a well-trained, well-paid workforce and a broad spectrum of business opportunities. The vision underscores the need to attract commercial and retail businesses and to encourage residents to buy locally.
- 3** **A Strong Community and Great Schools** - highlights development of leadership, expansion of educational opportunities, support for the arts and recognition of Madera’s unique culture. Support for Madera’s youth in education, after-school programs and sports activities reflect the community’s desire to create a caring environment in which to raise a family.
- 4** **A Safe, Healthy Environment** - emphasizes the community’s desire to protect Madera’s natural resources, enjoy a secure community and provide healthy educational and recreational activities. The Vision recognizes the need for Madera’s parks and open spaces to be convenient and well-maintained. This statement also emphasizes the importance of having excellent health care and related services available for all community members.

The Action Items outlined below for each Vision-Goal statement serve as City-wide performance measures that have been identified as priorities for the near term, including Fiscal Year 2016/2017. In addition to these City-wide measures, each Department has identified more refined goals and performance measures that reflect direction from Vision Madera 2025. These department-oriented goals are included in Section D of this budget. Together, the City-wide and department-oriented goals, strategies, and performance measures seek to implement community’s vision of Madera.

### **1 - A WELL PLANNED CITY**

<u>Action</u>	<u>Description of Priority Action and Performance Measure</u>
102.2	<p>Develop a communications plan to reach diverse audiences including but not limited to: publications, mailings, broadcast and electronic delivery.</p> <ul style="list-style-type: none"><li>● Schedule and promote City, County and Chamber(s) meetings to encourage community involvement.</li><li>● Promote on-going communications among key agencies.</li><li>● Develop and implement a plan for community engagement of non-English speaking participants.</li><li>● Develop a bank of volunteer translators.</li><li>● Coordinate requests for translation for public events and publications</li></ul>

- 102.5 As a component of the Vision Madera 2025 process, establish a Town Hall for annual review and feedback of community processes.
- 305.6 Inform public of all service clubs and contact information through City Newsletters and related websites.
- 211.1 Develop a coordination committee to design communication venue, schedule regular meetings (annually or semi-annually) and promote involvement.
- 112.1 Review Development Impact Fees (DIF) every 2 years or less. All other fees are evaluated as often as needed, but not less than every three years.
- 126.1 Conduct an analysis of current street light standards for safety issues.
- 126.7 Integrate Tree Master Plan as an element of streetscape maintenance.
- 126.8 Update arterial and collector streets to incorporate larger park strips or enhancing features such formally adopting meandering sidewalks into the standard.
- 132.1 Conduct neighborhood design charrettes to explore alternatives for good neighborhood design.
- 132.2 Update arterials and collector streets to accommodate bicycles, pedestrians and transit vehicles.

## **2 - GOOD JOBS AND ECONOMIC OPPORTUNITY**

- 201.1 Review City zoning codes to encourage new and redeveloped retail properties, mixed retail/residential and residential provisions.
- 207.3 Review use of incentives used to attract new industrial and retail development at least every three years. Evaluate whether the tools used are generating new development; evaluate whether the value received in new job generation meets or exceeds the value of incentives provided.

## **3 - A STRONG COMMUNITY AND GREAT SCHOOLS**

- 303.2 Revive Parks and Community Services' Youth Commission and develop opportunities for youth involvement in local government.
- 315.5 Continue to raise and expand awareness of art exhibits and performances.
- 316.1 Further develop existing volunteer recruitment programs.
- 324.3 Establish with MUSD and City of Madera joint facility agreement that includes opportunities to build park location adjacent or near school sites which includes: athletic fields, multipurpose rooms and parking.

## **4 - A SAFE AND HEALTHY ENVIRONMENT**

- 401.2 Develop Master Tree Plan to include city-approved tree list.

- 421.2 Develop and implement a fire protection service delivery plan, including a needs analysis and determination of feasible service levels. The service delivery plan should consider alternate prevention and suppression strategies to reduce and/or respond to fire protection needs.
- 427.4 Develop community-neighborhood - events that encourage interaction between the Police Department and the citizens.
- 434.2 Encourage water conservation that develops and utilizes landscape and irrigation standards including programs such as: Xeriscape landscaping, Mulching, "Smart Clocks", Check Valves, Micro Spray Systems.
- 434.4 Examine and implement technologies that recirculate and reuse existing water resources, such as planned reuse of 100% of the wastewater treatment plant output.

## **Basis of Accounting/Basis of Budgeting**

The budgets of governmental funds (General Fund, Special Revenue Funds, Debt Service Fund) are prepared on a modified accrual basis where revenues are recognized when they become measurable and available, and expenditures are recorded when the related liability is incurred; except that principal and interest payments on general long-term debt are recognized when due. Revenue availability criteria are defined as collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period (i.e., sixty days after fiscal year-end).

Budgets for proprietary funds (Internal Service Funds and Enterprise Funds) are prepared on a full accrual basis where revenues are recognized when earned, and expenses are recognized when they are incurred.

## **Cost Allocation**

The City of Madera uses cost allocation methods for much of its accounting for expenditures. Certain employees' personnel costs are allocated to different funds and/or departments based on the estimated hours that they spend working in the perspective funds or departments. Costs related to the Internal Service funds are also allocated. For the Vehicle/Equipment Internal Service Fund, costs are allocated to the departments in which the employees utilizing the type of vehicle based on the estimated miles expected on maintenance costs and the life of the vehicle on the purchase and replacement costs. The costs related to the Technology Maintenance and Replacement Internal Service Fund are allocated to departments based on the cost to purchase, maintain and replace the technology equipment that is assigned to employees. The Landscape Maintenance District charges for maintenance, engineering and legal are based on the Engineer's Report.

The City of Madera also allocates Administrative and Overhead costs for the General Fund departments that provide accounting, personnel, administrative and legal services to other departments. These Administrative and Overhead costs are allocated based on different factors for the various servicing departments. For example, the City Council and City Clerk costs are allocated to departments based on the number of agenda items each department had in the previous fiscal year. Facility Maintenance costs is based on the square footage of each department. Fidelity bond premium and audit fees are charged to the department based on the percentage of budget. For Fiscal Year 2015/2016, the City of Madera was able to capture more General Fund revenue through cost allocations with the use of a new Cost Allocation system called CostTree. The CostTree system utilizes a double-step-down method of allocation, which provides for a greater capture of allocated costs than the method that the City of Madera used in the past. The CostTree consultants were also able to identify costs that were not being fully-captured in the prior fiscal year. In Fiscal Year 2016/2017, the City of Madera recaptures approximately \$1,733,000 in Interfund Charges - Administration Overhead.

## **Level of Budgetary Control**

In the spring of every year, City personnel prepare a proposed budget and present it to the City Council for review. The proposed budget along with all the supporting schedules, are available for public inspection in the office of the Financial Services Director. For the 2016/17 fiscal year budget, the Council held a budget review session on June 27, 2016 to receive public comment and ascertain the facts regarding the proposed budget. The City Council adopted the proposed budget on July 6, 2016 with the following stipulations:

1. Transfer of appropriated budget authority from one line account to another within a department may be done upon approval of the City Administrator.
2. Transfer of budget authority between departments of the general fund or between funds will be done by minute order of the City Council if less than \$25,000 and by resolution if greater than \$25,000.
3. Authority is given to the Financial Services Director to adjust the budget for all monies received by the City not included in the budget up to \$5,000 per incident without a budget resolution. A report will be given to the Council on a quarterly basis regarding any such activity.
4. All outstanding encumbrances as of June 30, 2016 approved by the City Administrator shall be continued and reappropriated for expenditure into the 2016/17 fiscal year.
5. Except as monetary appropriations may be affected by intra-fund transfers within the general fund or other funds, no appropriations set forth in said budget shall be cancelled in whole or in part except by resolution adopted by a majority vote of all members of the City Council.
6. Expenditures made, liabilities incurred, or warrants issued in excess of budget appropriations as originally approved or as thereafter increased or decreased, shall not constitute an obligation or liability of the City of Madera. The City Administrator and the City Council shall approve no claims and the Financial Services Director shall issue no warrants or checks for any expenditure in excess of existing appropriations except upon an order of the court of competent jurisdiction, or in cases of emergency as specified and in accordance with the procedures established in the Government Code of California.

## Financial Budget Policies

### BUDGETING

- An annual base budget will be developed by verifying or conservatively projecting revenues and expenditures for the current and forthcoming fiscal year.
- The operating budgets shall be balanced and ongoing costs shall not exceed current revenues plus available fund balance that exceeds reserve fund requirements.
- Projected revenues will be sufficient to support projected expenditures.
- The City will avoid budgetary procedures which balance the current budget at the expense of future budgets.
- The Financial Services Director will prepare and submit to the City Council a mid-year budget review and analysis.

### ACCOUNTING AND FINANCIAL REPORTING

- An independent audit will be conducted annually by a certified public accountant.
- Financial reports will be produced in accordance with Generally Accepted Accounting Principles (GAAP) as outlined by the Governmental Accounting Standards Board (GASB).
- The City will maintain a strong system of internal controls.
- The City will maintain a written investment and portfolio policy that establishes parameters for determining investment placement and the overall management of the City's investment portfolio.

### RESERVES

- The City will maintain the General Fund Contingency reserves at a level of at least 15% of the general fund operating expenditures in order to protect essential service programs and funding requirements during periods of economic downturn or other unforeseen major costs not covered by the Contingency Reserve.
- The City will establish an account to accumulate funds to be used for payment of accrued employee benefits for terminated employees. The level of this reserve will be established based upon an annual projection of employee retirements.
- Self-insurance reserves will be maintained at a level which will adequately protect the City.

### CAPITAL PLANNING

- The City will develop and annually update a long-term Capital Improvement Plan (CIP) for the purpose of planning, scheduling, and financing capital projects as determined and approved by the City Council.
- The CIP will be a five-year plan and will include major on-going maintenance and rehabilitation costs to existing capital assets (land, land improvements, infrastructure, and equipment), as well as the costs of new facilities and improvements.

- The City will maintain its capital assets at a level adequate to protect the City's capital investment and to minimize future maintenance and orderly replacement of capital assets from current revenues where possible.
- The CIP budget will realistically assess potential future revenues and avoid commitments for projects that lack economic feasibility.

## **REVENUE**

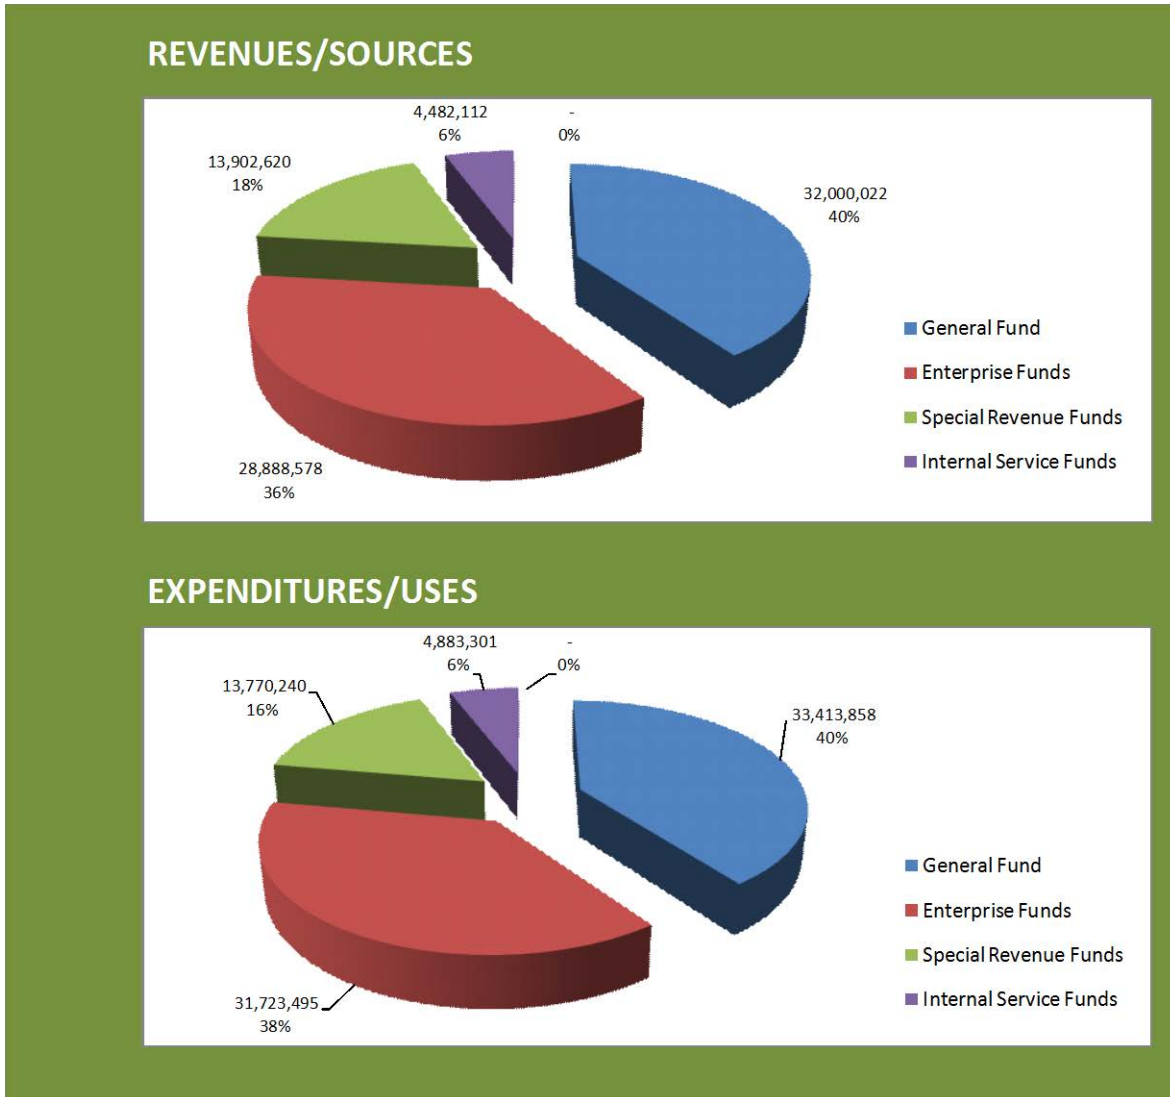

- The City will estimate its annual revenues by an objective, analytical process utilizing trend, judgmental, and statistical analysis as appropriate.
- The City will attempt to maintain a diversified and stable revenue base to minimize the effects of economic fluctuations on revenue generation.
- The user fees and charges for each Enterprise Fund will be set to fully support the total direct and indirect costs of the activity. Indirect costs include the cost of annual depreciation of capital assets and overhead charges.
- Internal Service Funds are to be funded at appropriate levels to ensure their ability to provide services adequately.
- Development Impact Fees will be established to provide for the cost of infrastructure improvements from new growth instead of being a burden to existing tax payers.

## **DEBT MANAGEMENT**

- The City will not use long-term debt financing for any recurring purpose such as current operating and maintenance expenditures.
- The City will consider the issuance of long-term debt to purchase or construct capital assets that will serve as long-term community assets.
- Prior to entering into a long-term financing arrangement, an internal analysis will be conducted to determine the impact on current and future budgets for debt service and operations. This analysis will address the reliability of revenues to support the debt service.

## Citywide Budget Overview

Total City of Madera revenues for fiscal year 2016/2017 are projected to be \$79,261,002 with projected expenditures of \$83,790,895 citywide. The chart below graphically depicts the portions of revenues and expenditures pertaining to the different types of funds, as listed.

The General Fund makes up \$32,000,022 or 40.4% of citywide revenues (including transfers in) and \$33,413,858 or 39.8% of citywide expenditures (including transfers out). The Enterprise Fund revenues represent \$28,888,578 or 36.4% of all city revenues. Expenditures for Enterprise funds amount to \$31,723,495 or 37.8% of the total for the City. Special Revenue Funds make up \$13,902,620 or 17.5% of citywide revenues, with expenditures of \$13,770,240 or 16.4% of citywide expenditures. Internal Service Funds project \$4,482,112 or 5.7% of citywide revenues and \$4,883,301 or 5.8% of citywide expenditures. Altogether, projected citywide revenues amount to \$79,261,002 with projected expenditures of \$83,790,895, including over \$9 million of capital project expenditures.

<b>GRAND TOTAL ALL FUNDS</b>	<b>64,924,765</b>	<b>69,954,512</b>	<b>68,429,108</b>	<b>107,843,426</b>	<b>79,064,998</b>	<b>83,790,895</b>

As can be seen in the summaries above, total citywide expenditures have decreased by approximately \$24 million from the 15/16 Budget of \$107.8 million to \$83.8 million in Fiscal Year 16/17. The most significant decreases are in the Capital Improvement Projects which decreased from \$22.3 million in Fiscal Year 15/16 to almost \$8 million in Fiscal Year 16/17. The decrease is a result of the completion or near completion of some projects such as Sewer Main, Water Well #37, Olive Avenue Widening, etc. Along with the decrease in Capital Improvements, the Special Revenues funds were also decreased from \$31.2 million in Fiscal Year 15/16 to only \$13.8 million in Fiscal Year 16/17. Special Revenues are mostly grants which represent a great portion of funding for the Capital Improvements, thus the decreases in Special Revenues are anticipated as the projects are completed.

While the majority of the Maintenance and Operation expenditures in every department are increased primarily under the personnel costs, the City Administrator's budget under 10200.108 – Central Administration has experienced a great decline. The primary reason for the decrease is the City elected not to contribute into the insurance reserve in Fiscal Year 16/17 which results in a decrease of \$1.07 million in Central Administration – Transfer Out .

## General Fund Budget Overview

As can be seen in the General Fund Summary of Revenues and Expenditures on the following six pages, the overall projected Fiscal Year 16/17 General Fund revenues of \$32.3 million are \$1.3 million or 3.9% less than the revenues in the Fiscal Year 15/16 Adopted Budget. The proposed expenditures also reflect a decrease of about \$800,000 or 2.3% from \$34.2 million in Fiscal Year 15/16 to \$33.4 million in Fiscal Year 16/17. That brings the projected deficit up from \$910,685 in the 15/16 Adopted Budget to \$1,413,836 in the 2016/2017 Budget.

Overall, Fiscal Year 16/17 General Fund revenues are projected to be \$1.3 million or approximately 4% lower than the previous year. However, that includes a decrease of \$1.35 million related to Insurance Reserve contributions and a decrease of \$1.34 million due to Utility Billing being moved from the General Fund and charged directly to the Water, Sewer and Solid Waste Funds. Without these factors, there would have been an increase of about \$1.35 million, or roughly 4%. The Fiscal Year 16/17 General Fund budget projects taxes and undesignated revenues (includes sales and property taxes) will increase from \$18,475,000 to \$19,535,000, or about 5.7% over the 15/16 budget. However, revenues came in higher than anticipated during Fiscal Year 15/16, resulting in estimated revenues of \$19,850,000. Projected 16/17 taxes and other undesignated General Fund revenues of \$19,535,000 represent a 1.6% decrease compared to the estimated 15/16 estimated revenues. We are projecting a 3.5% increase in property tax revenues and a 4.5% decrease in sales tax, compared to 15/16 estimated revenues. The decrease in sales tax projection can be attributed to the end of the Triple Flip in Fiscal Year 15/16, which resulted in roughly \$400,000 of catch-up revenues from the State of California. Absent the Triple Flip catch-up, sales tax remains fairly level with little if any growth in our projections.

Although we originally projected a deficit of over \$1,081,222 in the General Fund's Fund 10200 in Fiscal Year 15/16, the most recent review of the revenues and expenditures indicated that we will have a possible surplus of \$354,000.

## Summary of General Fund Revenues

Description	12/13 Actual Revenue	13/14 Actual Revenue	14/15 Actual Revenue	15/16 Budget	15/16 Estimate	16/17 Revenue

Fund 10200 makes up the largest portion of the General Fund, with \$31.0 million of the \$33.4 million total General Fund expenditures budget (92.5%). Also included in the General Fund are the Community Development Block Grant (CDBG) Fund (10221), the Code Enforcement Fund (10800) and the Insurance Reserve Fund (10900). Those funds, along with the total General Fund figures, are shown on the next page.

## Major Revenue Sources

### Sales Tax

Sales Tax is one of the City of Madera's largest sources of revenue for the General Fund, projected to bring in \$7.75 million or 26.5% of the total General Fund revenue in Fiscal Year 2016/2017 it is 4.5% less than the 2015/2016 sales tax revenue budget. The City of Madera utilizes Muni Services to monitor and project its Sales Tax revenue. Our projections for Fiscal Year 2016/2017 are based on the "most likely" projections that Muni Services has made for 2016/2017.

The sales tax rate in Madera County is 8.25%, of which 1% is the City's share. However, the City is currently in a tax-sharing agreement with the County which give 6.75% of the City's 1% share to the County, leaving the City with 93.25% of the 1% share.

### Property Tax

Projected at approximately \$8.6 million or 29.4% of total General Fund revenue for Fiscal Year 2016/2017, the Property Tax is slightly (2.9%) higher than the Sales Tax revenue. That represents a 13.5% increase over the anticipated 2015/2016 Property Tax revenue budget. The projections for Property Tax in 2016/2017 could prove to be conservative. Included in Property Tax is nearly \$5.1 million of Property Tax in Lieu of Vehicle License Fees (VLF in Lieu). VLF in Lieu represents about 59% of total Property Tax and 16% of total General Fund Revenue. Current Secured Property Tax, which is the second largest portion of total Property Tax, is projected to increase by 3.5% over the 2015/2016 Budget. This 3.5% increase is based on information provided by Madera County.

### Administrative Overhead Charges

The City of Madera allocates Administrative Overhead Charges for General Fund departments that serve the other City funds. For the Fiscal Year 2016/2017 Budget, the City purchased and utilized the services of Cost Tree, a web-based cost allocation plan software program with consultant services included. This program uses a double step-down method that captured more recoverable costs. Cost Tree used the same basis of allocation that the City used in its previously-used Excel spreadsheets, but was able to identify additional costs that were not being captured in the past. The total Administrative Overhead Charges for Fiscal Year 2016/2017 amount to \$1,732,797, which is \$238,193 or 16% higher than the total 2015/2016 cost allocation of \$1,494,604. The eight General Fund departments that receive Administrative Overhead Charges are: City Council, City Clerk, City Administrator, City Attorney, Finance, Human Resources, Central Administration, and Purchasing. This amount (\$1,732,797) of charges represents 5.93% of the City's total General Fund revenue for Fiscal Year 2016/2017.

### Transient Occupancy Tax (TOT)

The City of Madera currently collects Transient Occupancy Tax (TOT) from eight hotel/motels plus four inns with a total of 327 rooms. The City imposes a Transient Occupancy Tax of 9% on room rates for stays of 30 days or less. The tax was last raised in 1986, from 7% to 9%. The projected TOT revenue for Fiscal Year 2016/2017 is \$645,000, which represents 2% of total General Fund revenue.

**Transfer-In from Gas Tax**

The Public Works Department of the City of Madera transfers in funds from Gas Tax to cover costs related to street maintenance. The projected transfer in for Fiscal Year 2016/2017 is \$1.24 million, which represents 4.20% of total General Fund revenues.

**Transfer-In from Measure T**

Public Works also transfers in funds from Measure T to cover certain costs related to street maintenance. The projected Transfer-In from Measure T for Fiscal Year 2016/2017 is \$843,422, which represents 2.8% of total General Fund revenues.

**Interfund Charges - Project Management**

The Engineering Department of the City of Madera charges other departments for personnel costs related to the management of certain capital projects. The projected Interfund Charges – Project Management for Fiscal Year 2016/2017 is \$702,000, which represents 2.1% of total General Fund revenue.

**CDBG Entitlement**

The City of Madera is a participant in the Community Development Block Grant (CDBG) program and receives an annual CDBG Entitlement for approved expenditures within that program. The projected CDBG Entitlement for Fiscal Year 2016/2017 is about \$629,000, which represents 1.9% of the City's General Fund revenue.

In total, the major sources of revenue mentioned above make up 74.83% of the City's General Fund revenue for Fiscal Year 2016/2017.

As depicted above, total General Fund expenditures for Fiscal Year 2016/2017 are projected to be \$33,413,858, which is a 2% decrease over the Fiscal Year 2015/2016 Budget. The projected expenditures exceed the \$32,000,022 of projected Fiscal Year 2016/2017 revenues, resulting in a projected deficit of \$1,413,836.

The Five-Year Forecast, above, is based on staff's best estimates for Fiscal Years 2018 through 2022. It also includes historical data for prior years. The forecast figures for Fiscal Years 2018 through 2022 utilize Sales Tax estimates that were provided by an outside financial consulting firm. Property Tax is projected to increase by 3.5% in 2018 and in 2019, based on information provided by the County of Madera. A 2% rate of increase is projected for Property Tax in Fiscal Years 2020 through 2022, which we consider to be a conservative estimate.

Staff assumes a 2% annual increase in overall General Fund expenditures for Fiscal Years 2020 through 2022, after adjusting for anticipated personnel cost increases of approximately \$1 million in Fiscal Year 2018 and approximately \$1.5 million of insurance reserve costs spread between Fiscal Years 2018 and 2019. After these considerations, staff assumes a 3% savings in the Fiscal Year 2017 General Fund budget and a 5% savings in Fiscal Years 2018 through 2022.

For Fiscal Years 2011 through 2015, the City of Madera came in 3.45% on average below budget on its General Fund expenditures, with a low of 2.44% in Fiscal Year 2011 and a high of 4.17% in Fiscal Year 2012. Fiscal Year 2016 has not been audited yet, but is expected to come in about 2.08% below budget. Staff feels that a 3% savings in Fiscal Year 2017 is likely. Realizing a 5% savings in the subsequent fiscal years will be more of a challenge and will most likely require budget reductions. City staff will proactively monitor General Fund expenditures and take the necessary steps to prevent operational expenditures from eating away at the Fund Balance in the City's General Fund. There are openers in the Collective Bargaining Units' memorandum of understanding (MOU) that could present the opportunity to have the employees share a portion of the increasing costs of retirement and healthcare benefits.

For Fiscal Years 2011 through 2015, the City of Madera revenues came in around 4.13% over budget on average, with 4.45% of revenue in excess of budget estimated for Fiscal Year 2016. With a large truck stop, a casino and other commercial development pending in the City, there is a potential for revenues to continue coming in slightly higher than budget over the next five years, as well. However, the City has more control over its expenditures than it does over the economy and commercial development. So, staff will do its best to balance the budget by managing costs and to avoid future deficits, such as those forecast above.

## Enterprise Funds Budget Overview

[Return to TOC](#)

As can be seen in the General Fund Summary of Revenues and Expenditures on the following seven pages, the overall estimated deficit for Fiscal Year 15/16 is \$2.9 million and the projected 16/17 Enterprise Fund deficit is \$2.8 million.

The Enterprise Budgets are primarily funded by User Fees. Enterprise Funds are expected to be run as separate businesses that are funded by the rates that are charged for their services. Unlike the General Fund which has little control over the tax revenues that fund it, Enterprise Funds have the ability to increase their User Fees to meet our operational needs. This can be done without a vote of the public, but is subject to the Proposition 218 process, which gives the public the opportunity to contest such fee increases.

Major Enterprise Funds - The City's Major Enterprise Funds are: Water, Sewer, Solid Waste and Storm Drainage. As can be seen in the Summary of Enterprise Fund Revenues and Expenditures on the following pages, these four Enterprise Funds combined are projecting total expenses of \$26.7 million or 84.3% of total Enterprise Fund expenditures in Fiscal Year 2016/2017. With projected revenues of \$23.9 million, the Major Enterprise Funds are projecting a \$2.82 million deficit in Fiscal Year 16/17. That \$2.82 million deficit represents 10.5% of the total projected expenditures in the Major Enterprise Funds. The deficit is primarily because of a \$4.38 million in Capital Outlay in FY 2016-2017, thus excluding the Capital Outlay; the Major Enterprise Funds are doing very well with the exception of the Drainage Fund. As it has been mentioned earlier in the introduction section, to avoid further hemorrhaging, the Drainage Fund is looking in to transition the City's drainage basins to water recharge basins which would shift the costs for maintenance to the Water Fund where the costs can be adequately addressed during future fee adjustments. This may decrease operational costs by as much as 25%.

The Water and Sewer Budget requests for Fiscal Year 2016/2017 reflect additional costs which are driven in part by increasing State mandates for monitoring and water conservation. They also reflect an effort to better manage and maintain existing assets, to insure a sustainable water and sewer infrastructure as called for by the Vision Madera 2025 Plan.

Sewer Fund - The projected deficit for 2016/2017 is \$531,400. Of this amount, the Capital Outlay for Sewer funds for FY 2016-2017 is anticipated at \$880,750. Effective FY 2016/2017, 50% of the Utility Billing costs are charged directly to the Sewer Funds instead of accumulating all costs in the General Funds, and making a transfer out of Sewer Fund as it was in the past. Due to the lower interest rate, the Sewer Fund also completed its 2006 Revenues Bonds refinancing and replacing the 2006 Revenue Bonds with 2015 Water & Wastewater Revenue Bonds. This refinancing has enabled the Sewer fund to save approximately \$269,000 in interest for FY 2016/2017. A full-time Senior Engineer and a full-time Construction Inspector II are anticipated to be hired with 30% costs coming from Sewer Fund and 70% from Water Fund. These positions will assist with preventative and maintenance care as well as the repair and construction of Sewer and Water infrastructures within the City limit.

Water Fund - The projected deficit for the Water Fund is anticipated at \$2.1 million. The deficit is primarily because of Capital Improvement Projects (CIP) in the amount of \$3.35 million. Excluding CIP; the Water Fund is

doing very well. A rate increase which was implemented last year has enabled the Water and Sewer Funds to improve their performance. As it has been mentioned above, the Water fund will carry 70% of the Senior Engineer and the Construction Inspector II. In addition, a Water System Worker will be hired to assist with the required preventative maintenance and repairs to the City's water main system valves.

Solid Waste and Drainage Funds - Solid Waste is currently projecting a \$216,000 or 3.6% deficit for Fiscal Year 2016/2017, and is expected to finish off the current fiscal year (2015/2016) with a deficit of approximately \$296,000. Drainage is projecting a \$58,700 or 7.7% surplus for Fiscal Year 2016/2017 after a \$170,000 transfer in from the Water Fund, but is estimating that it will complete Fiscal Year 2015/2016 with a deficit of \$74,800, rather than the \$102,700 budgeted deficit.

Non-Major Enterprise Funds - The Non-Major Enterprise Funds project a deficit of \$15,000 overall, due to the Airport and Transit Fund's capital improvements. The Golf Course Fund is balanced, after a transfer in from the General Fund of \$191,583 to help with the debt service on the bonds.

# Internal Service Funds Budget Overview

[Return to TOC](#)

As can be seen in the Internal Service Funds Summary of Revenues and Expenditures below and on the following two pages, the Internal Service Funds estimate a deficit of \$22,000 in FY 15/16 and project a deficit of \$401,000 in FY 16/17, due primarily to higher expenditures on vehicle replacements in the Fleet Department than is being collected from departments for that purpose during the fiscal year. In some years, the Fleet Fund and the Technology Fund will collect more than they expend on vehicle or equipment replacements. In other years, they will collect less than they expend. However, Fleet has approximately \$1 million in reserves and will continue to consistently collect sufficient charges from departments to ensure that funding is available to replace their vehicles when needed. Until the Technology Fund is able to build up enough reserves for future equipment replacements, it will need to keep its capital expenditures close to its current year revenues for such replacements. However, in Fiscal Year 16/17 the Fund’s capital outlay is projected to exceed charges to departments by about \$109,000. This is due to needed improvements to the City’s Technology infrastructure and equipment that are scheduled for the new fiscal year.

## **Special Revenue Funds Budget Overview**

As can be seen on page 61 in the Summary of Special Revenue Fund Expenditures, the overall estimated surplus for Fiscal Year 15/16 is \$322,000 and the total projected 16/17 surplus is \$132,000. As Special Revenue Funds are primarily capital project budgets, rather than operational budgets, balances in these funds are allowed to build up until such time that major projects can be funded for completion. Therefore, revenues can exceed expenditures in certain years.

## Debt Service

[Return to TOC](#)

### Long-term Debt

The City of Madera's adopted Investment Policy states that purchased transactions may not exceed five year maturities and no more than 20% of the total portfolio may be invested beyond three years stated maturity at any time. In accordance with California Government Code Section 56300.5, the City's primary objective is to safeguard the principal of the funds, the secondary objective is to meet the liquidity needs of the depositor, and the third objective is to achieve a return on the funds.

Following is a detailed description of the City of Madera's Long-term Debt.

### Capital Leases

#### Police Facility

In December 2005, the City entered into a capital lease agreement with La Salle Bank to lease a portion of the construction cost for the police facility. The entire purchase price of the police station was \$5,200,000 and the leased portion was \$1,500,000. The lease is payable over twenty years via semi-annual payments of \$65,249 along with annual interest at the rate of 5.120% per annum. As of June 30, 2016, the outstanding balance of the police station capital lease was \$972,072. For Fiscal Year 2016/2017 \$81,760 has been budgeted for a principal payment and \$48,737 has been budgeted for an interest payment.

The annual debt service requirements at June 30, 2016 are as follows:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
16/17	81,760	48,737	130,497
17/18	86,000	44,497	130,497
18/19	90,459	40,038	130,497
19/20	95,150	35,347	130,497
2021 - 2025	555,083	97,403	652,486
2025 - 2026	<u>63,620</u>	<u>1,629</u>	<u>65,249</u>
Total	972,072	267,651	1,239,723

#### Madera Youth Center

In May 2010, the City entered into a capital lease agreement with Municipal Finance Corporation to lease a portion of the construction of the Youth Center in the amount of \$1,500,000. The lease is payable over ten years with semi-annual payments of \$194,257 along with annual interest at the rate of 5% per annum. As of June 30, 2016, the outstanding balance of the Youth Center capital lease was \$528,894. For fiscal year 2016/2017 \$167,806 has been budgeted for a principal payment and \$26,451 has been budgeted for an interest payment.

Madera Youth Center – Continued:

The annual debt service requirements at June 30, 2016 are as follows:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
16/17	167,806	26,451	194,257
17/18	176,197	18,060	194,257
18/19	<u>185,007</u>	<u>9,250</u>	<u>194,257</u>
Total	529,010	53,761	582,771

Jetrod Sewer Truck

In December 2005, the City entered into a capital lease agreement with La Salle Bank to lease a Jetrod Sewer Truck for the amount of \$232,435. The lease is payable over a period of ten years with semi-annual payments in the amount of \$14,693 along with interest in the amount of 4.690% per annum. As of June 30, 2016, the Jetrod Truck capital lease was paid-off.

ERP System and Fire Engine:

On August 17, 2015, the City entered into a lease agreement with Holman Capital to provide financing for an Enterprise Resource Planning (ERP) System, new operating software (Tyler Munis) to replace the existing software (MAIS) in the amount of \$835,065. Additionally the City also acquired one Hi-Tech/Spartan 1500 GPM Pumper Fire Truck, in the amount of \$700,000. There is a \$5,000 document Fee. The net financing amount is \$1,540,065; interest rate is 2.71% per annum. The lease is payable over a period of 5 years, with semi-annual payments of \$165,715.47 every August 17, and February 17, effective 02/17/2016. For fiscal year 2016/2017, \$295,610 has been budgeted for a principal payment and \$35,821 has been budgeted for an interest payment.

The annual debt service requirements at June 30, 2016 are as follows:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
16/17	295,610	35,821	331,431

**Loans Payable**

California Housing Finance Agency Loan

In September 2005, the City entered into a loan agreement with California Housing Finance Agency (CalHFA) to operate the City's housing program and to exclusively use the funds to facilitate a multifamily rental rehabilitation program. The maximum loan fund available to the City is \$1,500,000, which will be charged an interest rate of 3% per annum only on funds disbursed. This loan was paid off on 09-17-2015.

PG&E Energy Efficiency Retrofit Loan

In June 2012, the City entered into a loan agreement with PG&E in the amount of \$249,731. The purpose of the loan was to convert old high pressure sodium lights with new energy efficient LED streetlights. The loan is payable over a period of 6.7 years with monthly payments of \$3,161 along with zero percent interest. As of June 30, 2016, the outstanding balance of the PG&E loan payable was \$98,031. For fiscal year 2016/2017 \$37,934 has been budgeted for a principal payment and \$0 has been budgeted for an interest payment.

The annual debt service requirements at June 30, 2016 are as follows:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
16/17	37,934	-	37,934
17/18	37,934	-	37,934
18/19	<u>22,163</u>	<u>-</u>	<u>22,163</u>
	98,031	-	98,031

California Infrastructure and Economic Development Bank (CIEDB) Loan

In March 2006, the City entered into a loan agreement with the California Infrastructure and Economic Development Bank for the regional wastewater treatment plant upgrade and expansion project. The loan, in the amount of \$10,000,000, is payable in semi-annual installments of \$383,081 to \$525,788 along with interest at 3.01% per annum. As of June 30, 2016, the outstanding balance of the California Infrastructure and Economic Development Bank loan was \$7,931,050. For Fiscal Year 2016/2017 \$294,860 has been budgeted for a principal payment and \$243,033 has been budgeted for an interest payment.

The annual debt service requirements at June 30, 2016 are as follows:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
16/17	294,860	234,287	529,147
17/18	303,735	225,278	529,013
18/19	312,877	215,998	528,875
19/20	322,295	206,439	528,734
2021 - 2025	1,762,964	878,424	2,641,388
2026 - 2030	2,044,750	592,397	2,637,147

## **Bonds Payable**

### CFD 2006-1 Series Special Tax Bond

In December 2006 the City of Madera issued \$2,885,000 thirty year Special Tax Bonds which were to be paid by the Community Facility District 2006 (CFD 2006-1) via a levy of special taxes. The proceeds of the Bonds were used to finance a portion of costs associated with acquiring certain public improvements related to the Madera East Olive Avenue Specific Plan. The improvements consisted of roadway, water improvements and other infrastructure necessary for the development of the property within the District. Additionally, the Bonds were to provide for the establishment of a reserve fund, provide capitalized interest through September 1, 2008 and pay the cost of issuance of the Bond. The Bonds will be amortized with annual payments through September 2036 along with semi-annual interest payments at 3.7% to 4.7% per annum. As of June 30, 2016, the outstanding balance of the 2006 Special Tax Bonds was \$2,695,000. For Fiscal Year 2016/2017, \$45,000 has been budgeted for a principal payment and \$131,120 has been budgeted for an interest payment.

The annual debt service requirements at June 30, 2016 are as follows:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
16/17	45,000	131,120	176,120
17/18	50,000	129,030	179,030
18/19	55,000	126,691	181,691
19/20	60,000	124,105	184,105
20/21	70,000	121,145	191,145
2022 - 2026	455,000	547,733	1,002,733
2027 - 2031	690,000	409,385	1,099,385
2032 - 2036	1,020,000	197,500	1,217,500
2037	<u>250,000</u>	<u>6,250</u>	<u>256,250</u>
	2,695,000	1,792,959	4,487,959

### Water and Wastewater Revenue Bonds, Series 2006

In March 2006, the City issued \$35,995,000 thirty year Water and Wastewater Revenue Bonds. \$2,225,000 of the bonds was used to refund the City's 1996 Sewer Revenue Refunding Bonds, Series A, and the remaining bond amount was used for Water and Sewer System Capital Facilities. The bonds are due in annual installments of \$50,000 to \$2,055,000 with interest payable semi-annually on September 1 and March 1 of each year at the

rate of 3.5% to 4.75% per annum. As of June 30, 2015, the outstanding balance of the Water and Wastewater Revenue Bonds was \$30,440,000. This bond was refinanced in December, 2015.

The Water and Wastewater Revenue Bonds, Series 2006 were issued at a premium which is being amortized over the life of the bonds resulting in an annual amortization of \$20,151. As of June 30, 2016, the outstanding balance of the premium on the bonds was \$397,982

Water Revenue Bonds, Series 2010

In November 2010, the Finance Authority issued \$11,215,000 Water Revenue Bonds, Series 2010, which are due March 2038. The bonds were used to finance capital improvements to the water system to bring the City into compliance with State Law to have the entire City on water meters by 2025. The bonds are due in annual installments of \$65,000 to \$745,000 along with interest payable semi-annually on September 1 and March 1 of each year at the rate of 4.5% per annum. As of June 30, 2016, the outstanding balance of the Water Revenue Bonds, Series 2010 was \$10,465,000. For fiscal year 2016/2017 \$300,000 has been budgeted for a principal payment and \$479,513 has been budgeted for an interest payment.

The Water Revenue Bonds, Series 2010 were issued at a discount which is being amortized over the life of the bonds resulting in an annual amortization of \$5,422. As of June 30, 2016, the outstanding balance of the discount on the bonds is \$119,294.

The Financing Authority has pledged a portion of future wastewater revenue to repay the 2010 Water Revenue Bonds. Total principal and interest remaining on the agreement is \$17,146,956, payable through 2038.

The annual debt service requirements at June 30, 2016 are as follows:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
16/17	300,000	479,513	779,513
17/18	315,000	467,513	782,513
18/19	320,000	458,063	778,063
19/20	335,000	448,462	783,462
20/21	345,000	435,062	780,062
2022 - 2026	1,945,000	1,963,368	3,908,368
2027 - 2031	2,405,000	1,484,726	3,889,726
2032 - 2036	3,045,000	835,250	3,880,250
2037 - 2038	<u>1,455,000</u>	<u>110,000</u>	<u>1,565,000</u>
	10,465,000	6,681,956	17,146,956

1993 Variable Rate Demand Bonds

In May 1993, the Financing Authority issued \$5,280,000 thirty year Variable Rate Demand Bonds. The bonds were to fund \$262,450 of additional Golf Course construction and redeem \$4,835,000 of its December 1989 lease Revenue Bonds, Series A. The bonds are due in annual installments of \$140,000 to \$350,000 along with interest payable semi-annually at the rate of 4.3% to 10.0% per annum. Payments of principal and interest on the bonds are supported by an irrevocable direct draw letter of credit. As of June 30, 2016, the outstanding

balance of the Variable Rate Demand Bonds was \$2,435,000. For Fiscal Year 2016/2017, \$260,000 has been budgeted for a principal payment and \$0 has been budgeted for an interest payment.

The annual debt service requirements at June 30, 2016 are as follows:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
16/17	260,000	-	260,000
17/18	275,000	-	275,000
18/19	285,000	-	285,000
19/20	295,000	-	295,000
20/21	310,000	-	310,000
2022 - 2024	<u>1,010,000</u>	<u>-</u>	<u>1,010,000</u>
	2,435,000	-	2,435,000

## BUDGETS BY DEPARTMENT

## CITY ADMINISTRATOR'S OFFICE DEPARTMENT SUMMARY

The City Manager is an appointed office, established through the Madera Municipal Code.

### City Administrator's Office - Department 102

The City Administrator's Office provides strategic leadership and guidance to the City operations and services to the City of Madera through the following areas:

- \* Administration. The City Administrator provides organizational leadership necessary to implement Council programs and policies; ensures organizational transparency and fiduciary responsibility; and maintains the City's internal service delivery team.
- \* Neighborhoods. The City Administrator's Office seeks to foster engaged neighborhoods by proactively providing public information, creating community partnerships, and facilitating citizen involvement. This includes a Citizens' Academy, an eight week introductory course in the mechanics of City government.

### Central Administration - Department 108

Central Administration is one of the components of the City Administrator's budget. This activity captures city wide expenses that are not otherwise allocated among City departments.

### Community Promotion - Department 405

The Community promotion budget is administered by the City Administrator's Office. Allocation approved by Council for use by community groups are captured in this activity.

### Key Accomplishments

- ❖ Managed one eight week Citizen Academy
- ❖ Managed one starting a new business seminar (three successive weekends)
- ❖ Provided senior level oversight of water and sewer rate analysis
- ❖ Negotiated one pending industrial relocation to Madera
- ❖ Reached one year tax sharing agreement with County

### Goals and Performance Measures

#### Departmental Goals

- ❖ Reach Closure with all city collective bargaining units
- ❖ Reach multi-year tax sharing agreement with County
- ❖ Open Freedom Industrial Park
- ❖ Conduct a minimum of one Citizen Academy and one Starting a New Business session in the FY 2015-16 cycle
- ❖ Ensure the City's internal team keeps acquisition and installation of new enterprise operating system software on time and within budget

#### Performance Measures

- Approval of all collective bargaining agreements
- Approval of multi-year tax sharing agreement
- Completion & Acceptance of off-site improvements for Industrial Park
- Schedule and completion of Academy and Workshop with a minimum of 7 participants in each section
- Prepare schedule of implementation and maintain adherence to schedule.

## CITY CLERK'S OFFICE DEPARTMENT SUMMARY

The City Clerk Department provides ongoing administrative support to City Council and staff. As custodian of records, the City Clerk's office is responsible for the management of the City's official records including agendas, minutes, resolutions, ordinances, agreements, and various other documents. The City Clerk also processes public record requests; election coordination; serves as the filing official for the Fair Political Practices Commission for Statement of Economic Interest filings; and serves as a liaison between the community and City Council regarding the City's business and community events.

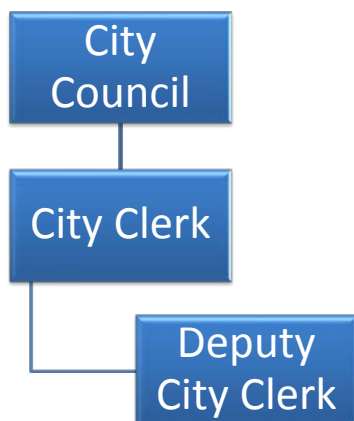

### City Council - Department 101

The City Council, a council of seven, is elected by the public to serve as the governing body and policy makers of the City of Madera. The City Clerk department oversees the City Council budget as it relates to expenses associated with the conduct of City Council meetings, and other miscellaneous expenses for participation in various community events and functions, and travel and training for professional development as elected officials.

### City Clerk's Office - Department 103

The City Clerk department budget as a whole provides for two full time personnel to carry out the primary functions of the department including preparing and processing of agendas, updating the municipal code, processing statement of economic interests Form 700, processing and archiving of the City's official records, providing administrative support to the City Council and other miscellaneous functions all in accordance with various state laws including but not limited to the Brown Act, the Political Reform Act, and the Public Records Act.

### Key Accomplishments

- ❖ Coordinate, compile, and distribute City Council meeting agendas in accordance with statutory requirements
- ❖ Monitor and collect Statement of Economic Interests Form 700 in accordance with the Political Reform Act
- ❖ Maintain accurate record of the legislative actions of the City
- ❖ Provide administrative support to the City Council
- ❖ Provide citizen access to public records in accordance with the Public Records Act

### Goals and Performance Measures

#### Departmental Goals

- ❖ Review and monitor internal practices to maximize effective and efficient operation of the departmental functions
- ❖ Develop city wide records retention schedule
- ❖ Continue to provide quality customer service to internal and external customers
- ❖ Stay informed on changes to state laws which affect operations
- ❖ Participate in development of new City website as it relates to the City Clerk and Council pages

#### Performance Measures

- No specific performance measure
- Completion of retention schedule
- Acknowledge and/or respond to requests within two business days; track public record requests and respond in accordance with the Public Records Act
- No specific performance measure
- Attend development meetings and provide information per request

## CITY ATTORNEY'S OFFICE DEPARTMENT SUMMARY

The City Attorney provides legal training and advice to the City Council, City Manager, Commissioners and Department Heads. The City Attorney investigates and defends claims against the City and resolves them as directed by the City Council. At the direction of the City Council, the City Attorney may initiate litigation to enforce the City's rights or to protect the public health, safety or welfare. The City Attorney also drafts and approves the form of contracts and other legal documents including ordinances, resolutions and legal notices.

### City Attorney - Department 106

About 90% of the City Attorney's budget is made up of personnel costs related to the City Attorney and the Paralegal/Office Administrator. There are not significant changes to the Fiscal Year 2015/2016 Budget, as compared to the 2014/2015 Adopted Budget. There is actually a slight decrease in overall expenditures, primarily due to a nearly \$10,000 decrease in costs allocated to the City Attorney's office, related to computer maintenance. All other expenditure budgets remain fairly consistent with the prior year budget.

### Key Accomplishments

- ❖ Maintained quality level of legal counsel service with single attorney office
- ❖ Managed litigation for the City
- ❖ Improved time tracking and billing for outside entities such as Housing Authority
- ❖ Worked to improve efficiency of day to day activities of the City Attorney's Office

### Goals and Performance Measures

#### Departmental Goals

- ❖ Maintain high level of legal counsel service to City Council and Departments
- ❖ Evaluate and improve litigation monitoring and management procedures
- ❖ Help develop email and document retention policy in cooperation with key departments such as IT

#### Performance Measures

No specific performance measure.

Prepare and conduct quarterly briefings with the City Council on existing and pending litigation.

Adoption of email and document retention policy.

## FINANCE DEPARTMENT SUMMARY

The Financial Services Department (Finance) provides various accounting and business services for the City of Madera. Included in these services are: financial reporting, general ledger maintenance, payroll, accounts payable, accounts receivable, purchasing, utility billing and collections, business licensing, debt management, investment portfolio management and the preparation and maintenance of the City's annual budget. Financial Services also oversees the Fleet Internal Services Fund and Grants.

### **Finance - Department 104**

The Finance Department 104 budget includes the revenues and expenditures related to financial reporting, general ledger maintenance, payroll, accounts payable, accounts receivable, investment portfolio management and the City's budget. Finance is able to recapture some of its expenses for the services it provides to other departments through the City's indirect cost allocation for Administration and Overhead. Because Finance is within the General Fund, it does not charge other General Fund departments for Administration and Overhead. It only charges the non-General Fund departments that it serves.

### **Finance Utility Billing - Department 114**

The Utility Billing division of the Financial Services Department provides the billing and collection services for the City's Utility Funds, which include Water, Sewer, Solid Waste and Storm Drainage. The costs for these services are charged directly to and reimbursed by the Utility Funds, with 50% coming from Water, 25% coming from Sewer and 25% coming from Solid Waste.

### **Purchasing - Department 102**

Purchasing provides support for all City departments to ensure compliance with various purchasing rules and regulations and to ensure that the City is achieving economy of scale. We assist vendors in doing business with the City and encourage local vendors to do business with the City. We manage the Central Supply Warehouse, oversee the City's credit card programs and dispose of surplus property. Funding for this department is cost allocated throughout various City departments.

### **CFD 2005-1 - Department 481**

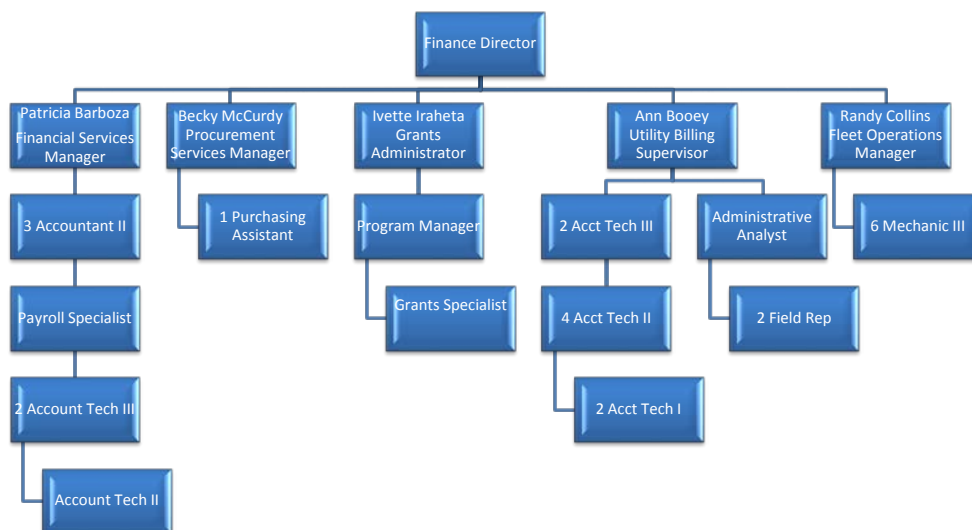

The City of Madera established the Community Facilities District 2005-1 (CFD 2005-1) per the Mello-Roos Community Facilities Act of 1982 on November 16, 2005. The purpose of the "District" was to authorize a levy of special taxes within the District to finance police services, fire protection and suppression services, park maintenance, and storm drainage system operation and maintenance.

### **CFD 2006-1 - Department 482**

In December 2006 the City of Madera issued \$2,885,000 30 year Special Tax Bonds which were to be paid by the Community Facility District 2006 (CFD 2006-1) via a levy of special taxes. The proceeds of the Bonds were used to finance a portion of costs associated with acquiring certain public improvements related to the Madera East Olive Avenue Specific Plan. The improvements consisted of roadway, water improvements and other infrastructure necessary for the development of the property within the District.

### **Parks Facilities Lease Administration - Department 603**

Parks Facilities Lease Administration is a debt service budget that is also handled by Finance.

**Key Accomplishments**

- ❖ Successfully completed the Fiscal Year 2014/2015 Audit
- ❖ Obtained the CSMFO (California Society of Municipal Finance Officers) Excellence in Budgeting Award for the City of Madera 2015/2016 Budget
- ❖ Provided two in-house training opportunities and one CSMFO Chapter Luncheon training for staff
- ❖ Worked with Public Works to consolidate staffing and moved Field Representatives from Finance into Public Works
- ❖ Began the implementation of a new Financial Accounting system (Tyler Munis) during Fiscal Years 2015/2016 to go live on August 1, 2016
- ❖ Improved regional training opportunities by taking an active part in the Southern San Joaquin Valley Chapter of the CSMFO

**Goals and Performance Measures**

**Departmental Goals**

- ❖ Submit the City of Madera 2016/2017 Operational Budget for the CSMFO Excellence in Budgeting Award again
- ❖ Continue to provide opportunities for staff to receive educational training related to their work
- ❖ Successfully implement the core financial portion of the new Tyler Munis software program during Fiscal Year 2015/2016
- ❖ Work with Public Works to consolidate staffing and improve efficiencies related to water meter reading, maintenance and shut-offs
- ❖ Present the City Council with proposed revisions to the City of Madera Municipal Code for improvements related to business licensing
- ❖ Provide utility customers with useful and timely information to help them monitor their water usage through the use of the Sensus automated meter reading (AMR) system

**Performance Measures**

- Submission of adopted budget to CSMFO
- Receipt of Excellence of Budgeting Award
- Provide at least 1 in-house training opportunity
- Track training opportunity attendance for all employees
- Implementation of the core financials
- Preparation and implementation of plan by Finance and Public Works to provide overlapping services
- Completion of updated ordinance and submission to Council for consideration
- Implement on-line portal for water usage data

## HUMAN RESOURCES/RISK MANAGEMENT DEPARTMENT SUMMARY

Human Resources/Risk Management manages personnel, employee relations and risk management programs. These activities include recruitment, employee benefits, personnel records, labor negotiations and contract administration, classification and compensation, training, insurance/self-insurance, claims management, safety/loss control, and emergency preparedness.

### Human Resources/Risk Management - Department 107

The Human Resources Department budget for 2016-17 represents a re-distribution of funds amongst line items to capture where dollars are actually spent. There is also an increase requested specifically in the training line item due to the new Tyler MUNIS HR/Payroll software which will require ongoing training of staff to take full advantage of the software's capabilities. Consistent with the prior year, the budget includes a request for \$2,500 for the ADA Advisory Council under the contracted services line item. These monies will be used for activities such as participating in the Madera Fair and purchasing educational and promotional materials to be handed out to the public at these types of events.

### Insurance/Risk Management - Department 133

The Insurance/Risk Management budget represents the major activities of the Insurance Reserve Fund. For most of the City's insurance needs, the City participates in the Central San Joaquin Valley Risk Management Authority. Each year, the Authority actuarially adjusts prior program years based on actual and anticipated losses and claim development. If the City's monies on deposit exceed the estimated adjusted losses, the City receives a refund of contributions. If the City's monies on deposit fall short of estimated losses, the City is required to deposit additional monies. Over the next few years, the City will owe significant amounts for prior years. The large amounts owed in the worker's compensation program are partly due to adverse claim development and partly due to funding decisions in prior years that left the City exposed to the potential of future deposits being required. The Authority Board has taken action to correct these issues to the extent possible by increasing the confidence level used for funding and lowering the discount rate. Specifically for the 2016/17 program year, the discount rate has been set at 1.75% with the liability program being funded at the 80% confidence level and the worker's compensation program being funded at the 85% confidence level. The table below demonstrates estimated future retrospective adjustments.

FY	Workers' Comp	Liability
16-17	(83,500)	59,000
17-18	(683,500)	(25,500)
18-19	(729,500)	78,500
19-20	(215,500)	(39,000)

### Key Accomplishments

- ❖ Negotiated and implemented a worker's compensation alternative dispute resolution agreement with the Madera Police Officers' Association
- ❖ Conducted 47 civil service recruitments; onboarded 73 new employees
- ❖ Processed and provided ongoing management for 70 reports of employee injuries
- ❖ Processed and provided ongoing management of 20 government tort claims filed against the City

### Goals and Performance Measures

#### Departmental Goals

- ❖ Implement Human Resources modules in new Enterprise Resource Planning software, including:
  - Evaluation of current processes in Human Resources and between Human Resources and Payroll to identify areas for process improvement and improved efficiencies
  - Implementation of online recruiting/application processes
  - Implementation of employee access to information in the HRIS and payroll modules of the system
  - Evaluation of feasibility of workers' compensation, liability and/or property damage recovery claims management in the new software system and implementation of any identified changes
- ❖ Continue to improve how the Human Resources Department interacts with the public through technology such as social media and the City's website

#### Performance Measures

- Implement modules.
- No specific performance measure.
- Implement module and transition to an online recruiting/application process.
- Implement employee access and train all employees on utilizing the new system.
- Implement module to the extent feasible.
- Utilize social media for the full recruitment cycle of every recruitment.
- Work with the City's website consultant to build a job interest portal.

## POLICE SERVICES DEPARTMENT SUMMARY

The City of Madera appoints its Chief of Police. The Chief of Police, one Commander and two Lieutenants manage 61 sworn officers, 20 non-sworn, 14 volunteers and 7 chaplains. The Department supports a Detective Division (5 officers and a sergeant), Special Investigations unit (4 MPD officers, Chowchilla Officer, Probation Officer, Sheriff's Deputy and MPD sergeant), one officer on the countywide Narcotics Enforcement Team, two School Resource officers assigned to the Madera Unified School District and one Housing Authority Officer. The remaining personnel are assigned to patrol functions.

The Madera Police Department strives to make Madera a safer community through an effective policing model identified by three tenets:

- Solving problems, orienting toward crime, not just criminals
- Asking citizens to reassert their role in crime reduction and community livability
- Being accountable, taking responsibility for the level of crime

Effective policing is an evolving strategy that alters the fundamental way in which the police fight crime and respond to other problems in the community. It means having officers in neighborhoods working cooperatively with people to address the problems of crime, drugs, disorder, fear, and other elements that have a disruptive influence on the quality of life in our city. Effective policing is not soft on crime. In many ways it is tougher on crime than traditional policing because it has, as a basic tenant, a problem solving orientation. Effective policing is based on the realization that most crimes are solved with information that comes from people. The better our relationship with people, the more information we will have at our disposal to combat crime.

Effective policing is a partnership involving all affected participants from government, neighborhoods, social, civic, educational, and religious groups to identify, address, and solve problems. Effective policing is empowerment, creating a sense of joint ownership for reciprocal behavior, skills, and attitudes which allow members of "communities" and officers to express their concerns. Through that expression of concerns, crime, livability, and economic conditions can be impacted. Effective policing is accountability, placing shared responsibility for solving problems on citizens, police,

### **AB 109 - Department 216**

AB-109 funds a Police Officer position, ancillary equipment and training at 49%; the remaining 51% is captured in the 221 account. This officer is assigned to the Special Investigations Unit with emphasis on working with the Probation officer on the AB109 early release case load.

### **Community Corrections Partnership - Department 217**

Community Corrections Partnership (CCP) funds one position and ancillary equipment and training 100%. This officer is assigned to the Special Investigations Unit with emphasis on working with the Probation officer on the AB109 early release case load.

### **School Policing - Department 218**

Madera Unified School District funds two positions 100% - The school officers' responsibilities consist of security, intelligence gathering, mentoring and responding to calls for service generated by the function of the schools.

### **Housing Authority - Department 220**

The Housing Authority and the Madera Police Department have entered into an agreement to reinstate the Housing Authority Officer position. The Housing Authority will fund a Police Officer position at 100%. The Housing Authority Officer primary duty is to provide frontline lawforcement supervision to all Housing Authority interest's.

### **Administration - Department 221**

Police Administration, the general PD budget. The PD budget showed an overall increase of \$103,530 The increase was a combination of events including a decrease in revenue and an increase cost for services. The increase occurred in Training ,Employment & recruitment & Contracted Services \$31,530. Revenue sustained a decrease in the collection of \$72,000 Court fines, towing fees & POST reimbursement.

### **COPS Hiring Program - Department 222**

The COPS Hiring Program, a multi- year grant designed to maintain or increase personnel. We have received \$235,000 for the year 16/17 to assist in maintaining personnel costs of four police officers.

### **Animal Control - Department 406**

Animal Control services remained largely status quo.

### **SLESF - Department 252**

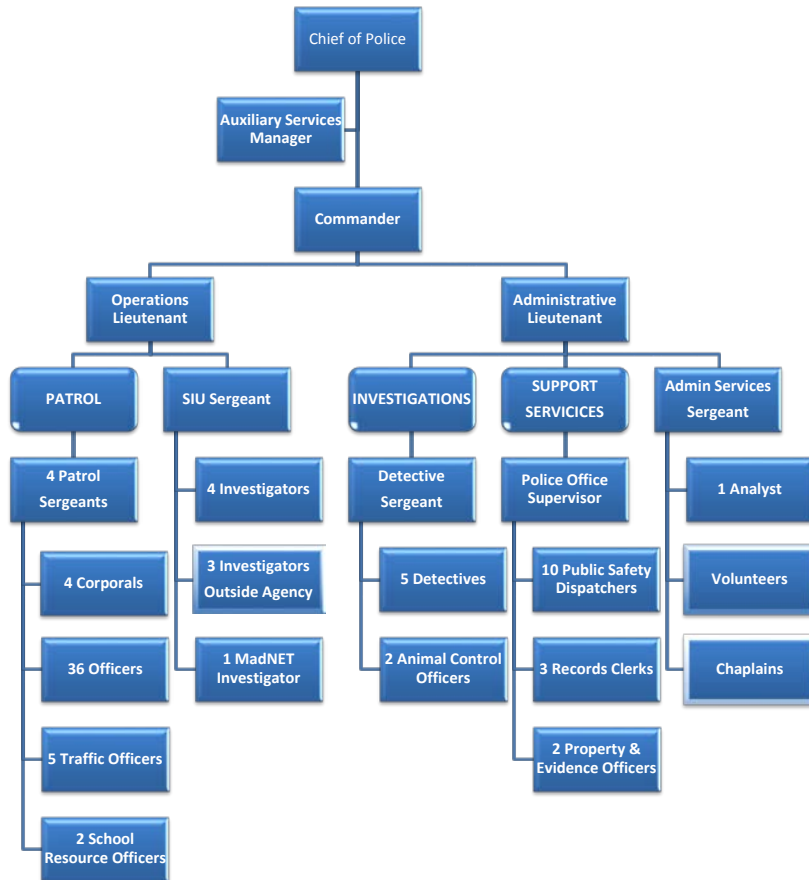

The State Law Enforcement Services Fund (SLESF) provides a General Fund offset for maintenance/replacement of front line equipment and training material such as ammunition.

### **JAG Grant - Department 253**

The Justice Assistance Grant (Jag) funds have always been used to upgrade equipment or provide for an opportunity to purchase equipment that would otherwise be unavailable. This year the JAG Grant will be utilized to cover the annual cost of our in car camera system.

### **DUI Enforcement and Awareness- Department 257**

The Madera Police Department will not participate in the DUI grant for the fiscal year 16/17

**Key Accomplishments**

- ❖ Held two Citizens Academies
- ❖ Held Town Hall meetings
- ❖ 24 neighborhood watch opportunities
- ❖ Continued growing of Facebook to include videos
- ❖ GREAT (Gang Resistance Education And Training) to 1,200 fourth grade students in Madera Unified School District
- ❖ Recruitment Testing- 4 Madera cadets sent to Academy

**Goals and Performance Measures**

**Departmental Goals**

- ❖ Continue to pursue and expand community outreach opportunities, which, from our perspective, is one of the most important components of policing the City of Madera
- ❖ Develop new ways to involve the police department in the community
- ❖ Crime still remains an issue, we will be diligent on bringing down our numbers and making Madera a safer place to live!
- ❖ Social Media: We are excited at the continued growth of our Facebook page and will be expanding our footprint slightly with the addition of YouTube. YouTube provides several outreach opportunities, providing storage for our videos that are more accessible than searching our Facebook page.

**Performance Measures**

Neighborhood Watch will also continue to be a priority. Growing our partnerships is a key component to successfully dealing with crime.

Summer of 2016 will usher in our first kids camp and Grow learning with the Law and Madera Police and Kids Together (MPAKT)

The component that we hope has the greatest impact is the live streaming of town hall meetings or other functions that bring real time events to our citizens.

## FIRE SERVICES DEPARTMENT SUMMARY

The Madera City Fire Department is administered by the California Department of Forestry and Fire Protection (CAL FIRE) pursuant to a cooperative fire protection agreement. Policy direction remains with the Madera City Council and all permanent Fire Department staff are CAL FIRE employees. The Department provides a multitude of emergency and non-emergency services to the community. Services include: Fire suppression and prevention, emergency medical assistance, rescue, public service assistance, fire menace standbys.

The two City Fire Stations, located at 317 North Lake and 200 South Schnoor, are staffed 24 hours a day. The Fire Department staffs two fire engines with 3 personnel each. One reserve fire engine and one mini pumper patrol is maintained and staffed as needed.

### Administration - Department 225

The Fire Administration budget is mostly made up of the CAL FIRE contract. This year the staff benefit rates increased and collective bargaining resulted in a 4% raise for employees, causing an increase to the contract. The budget also supports equipment and vehicle repairs, equipment replacement, IT, building and office supplies and facility maintenance.

### Key Accomplishments

- ❖ Completed Hydrant Maintenance in targeted locations
- ❖ Completed painting of each station
- ❖ Started Station 7 kitchen remodel

### Goals and Performance Measures

#### Departmental Goals

- ❖ Migration of new E6 into fleet
- ❖ Complete Station 7 kitchen remodel
- ❖ Repair Station 6 and 7 parking lots
- ❖ Replace carpet at both stations

#### Performance Measures

- Fully operational engine brought into use
- Completion of kitchen remodel
- Completion of parking lot repairs
- Replacement of carpets

## COMMUNITY DEVELOPMENT DEPARTMENT SUMMARY

The Community Development Department was established in 2006 to facilitate a coordinated approach to planning and development within the City, and is currently the home of the Planning, Building, Engineering, and Public Works Departments. The Department manages long term city planning, land development and construction, public improvement projects, and the maintenance and operations of public facilities. By combining these functions under a single management structure, the City helps to ensure that Madera is planned, designed, built and maintained in a cohesive manner. The Community Development Director works with the department managers to coordinate their work programs, particularly those elements where there is overlap between departments.

**Planning - Department 410**

The Planning Department is responsible for long range planning within the city, the maintenance and application of the City's Zoning Ordinance and the processing and approval of site-specific development proposals to include rezoning, tentative maps, use permits and site plan reviews. Planning staff members also serve as staff to the Madera Planning Commission.

**Building Inspection - Department 411**

The City of Madera Building Department is responsible for overseeing all activities associated with on-site construction. The department administers the building permit process from the intake of building plans through the issuance of a certificate of occupancy. The department provides full service delivery of information to insure code compliance during the construction process through plan check and inspection processes. The addition of a new permit technician will enhance the Department's customer service delivery and allow other staff members covering these functions to return to their regular assigned job duties. The City's fire prevention function is also maintained through the Building Department, which manages an interim Fire Marshall services contract with Fire Safety Solutions.

**Engineering - Department 412**

The Engineering Department is responsible for the design and management of public facility construction projects throughout the City, as well as for reviewing and approving private development projects that either connect to, or construct parts of, the City's public utility systems. Primary functions include preparing and/or approving design drawings, conducting the bidding process for public improvements, and providing construction oversight and inspection services where applicable. The department also conducts and reviews special engineering studies and is responsible for conducting speed surveys which are used to establish speed limits within the city.

**Public Works**

The Public Works Department is responsible for maintaining and managing operations for the City's public utility systems. Services provided by the department include ensuring sufficient clean fresh water; reliable sewer services; street maintenance; storm drainage systems; street cleaning; maintenance of street pavement, street lights, traffic signals; public building maintenance, and maintenance of the City's Airport. The Department is composed of the following divisions: Facilities/Electrical Maintenance, Streets & Storm Drainage, Water & Sewer, Waste Water Treatment Plant, Solid Waste & Recycling, and Administration & Airport. These divisions are further summarized in an expanded Public Works Department Summary.

**Key Accomplishments**

- ❖ Completed user fee study and fee schedule update for development services
- ❖ Began construction with likely completion of the Pine-Pecan Improvement Project
- ❖ Completed upgrade of Well 18 to allow for 100% use from less than 2 days per year
- ❖ Began Lake Street Widening Design (Cleveland to Riverside)
- ❖ Planning Discretionary Permits – Processed 43 Site Plan Reviews, 28 Conditional Use Permits, 6 Variances and 2 Tentative Subdivision Maps to the Planning Commission in 2014
- ❖ Planning Ministerial Permits – Processed 14 Zoning Administrators Permits, 76 Sign Review, and 14 Temporary Use Permits in 2014
- ❖ Completed 29 Preliminary Project Planning Reviews for prospective applicants
- ❖ Completed final inspection and issued certificate of occupancy for Grocery Outlet store
- ❖ Completed final inspection and issued certificate of occupancy for Jack in the Box
- ❖ Completed final inspection and issued certificate of occupancy for Gill Automotive Cadillac Buick
- ❖ Completed final inspection and issued certificate of occupancy for Barber Shop, Check Cashing, Insurance Office, Laundromat, and store remodel at Food Mart complex on North D Street
- ❖ Provided exemplary customer service
- ❖ See key accomplishments for the Public Works Department in the Public Works Summary

**Goals and Performance Measures**

**Departmental Goals**

- ❖ Initiate and complete development impact fee study and fee schedule update
- ❖ Begin Olive Avenue Construction Project Design (Roosevelt to Gateway)
  
- ❖ Complete River Walk Improvement Project
- ❖ Complete Commercial Water Meter Installations
- ❖ Complete the update of the Housing Element and Consolidated Plan
- ❖ Complete the update of the Zoning Ordinance
- ❖ Continue to encourage/facilitate small business growth and the Small Business Workshop series
- ❖ Continue to implement the principles, goals and policies of the 2009 General Plan. Ensure compliance with all codes for the construction, use, and occupancy of buildings and all of their various components
- ❖ Process plan checks for all single-family residential and commercial construction projects within target timelines
- ❖ Respond to all building permit field inspection on a next-business day basis.
- ❖ Respond to all informational requests and housing complaints from the public on timely basis
- ❖ To keep pace with the increases in documentation requirements and the retrieval of documents, the Division will expand the use of new technology
  
- ❖ Conduct building inspections and issue certificate of occupancy for all new construction
- ❖ Continue to provide exemplary customer service
- ❖ See goals for the Public Works Department in the Public Works Summary

**Performance Measures**

- Completion of fee study and fee schedule for City Council consideration
  
- Commence design and show meaningful progress in one or more project components such as survey
- Completion and acceptance of capital project
- Completion and acceptance of capital project
- Completion of Element, acceptance by HCD, and adoption by City Council
- Review by Planning Commission and adoption by City Council
- Make presentation as part of 3 week small business development workshop
  
- No specific performance measure
  
- 4 week turnaround for single family residential construction
- 6 week turnaround for commercial construction
- Perform inspections within 1 business day of request
- Track timelines for inspection turnaround
- 72 hour response to information and complaints
  
- No specific performance measure
  
- Track issuance of permits, inspections, and certificates of occupancy
  
- No specific performance measure
- See Public Works Department summary

## PUBLIC WORKS DEPARTMENT DEPARTMENT SUMMARY

The Public Works Department is responsible for maintaining and managing operations for the City's public utility systems. Services provided by the department include ensuring sufficient clean fresh water; reliable sewer services; street maintenance; storm drainage systems; street cleaning; maintenance of street pavement, street lights, traffic signals; public building maintenance, and maintenance of the City's Airport. The Department is composed of the following divisions: Facilities/Electrical Maintenance, Streets & Storm Drainage, Water & Sewer, Waste Water Treatment Plant, Solid Waste & Recycling, and Administration & Airport.

### **Drainage - Departments 304, 308, 309**

The Storm Drainage – Flood Control (309) budget provides for maintenance of the existing storm drainage system, including activities such as cleaning of storm drainage lines and inlets, maintaining basins, drainage pumps, and emergency flooding responses.

### **Streets - Departments 328, 338**

The Street Maintenance Division's budget (328) provides the function of routine maintenance of the existing street system including alleys. This includes activities such as minor repairs, alley grading, street sign maintenance. The Street Cleaning Division's budget (338) provides street sweeping services for all the paved streets.

### **Sewer Fund - Departments 502, 508, 509, 511, 515**

The Sewer Utility – Finance Department budget (502) is used to fund the Utility Billing and Accounting for activities within the Sewer funds. The Sewer Utility - Maintenance / Operations Budget (508) funds the personnel, equipment, materials, and services needed to maintain the Sewer collection system, including such activities as routine maintenance of sewer lift stations and collection lines, and routine repairs of the existing collection system. The Sewer Utility – Waste Water Treatment Plant budget (509) funds the personnel, equipment, materials, and services needed to maintain the City's 10.1 M.G.D. capacity Waste Water Treatment Plant. The Sewer Utility – Capital Outlay budget (511) funds the personnel, equipment, materials, and services for major repairs and improvements within the sewer system. The Sewer Utility – Bond Administration budget (515) funds the debt service on existing bonds and loans within the Sewer Fund.

### **Airport Fund - Departments 327, 355**

The Municipal Airport Operation budget (327) funds the personnel, equipment, materials, and services needed to operate and maintain the Madera municipal Airport. The Airport – Capital Projects budget (355) funds all capital projects for the maintenance or enhancement of the Airport.

### **Solid Waste and Recycling Funds - Departments 503, 504, 505, 525, 506, 507**

The Beverage Container Recycling budget (503) is used to implement a grant program from the State for promoting recycling efforts. The Used Oil Recycling budget (504) is used to implement a grant program from the State for promoting recycling of used oil. The Solid Waste Recycling Budget (505) funds the programs that promote diversion of material from the waste stream, and performs the regulatory reporting to the State. The Tire Clean-up budget (525) is used to implement a grant program from the State for the collection and disposal of derelict tires. The Hazardous Waste Disposal budget (506) is used to implement a grant program from the State for disposal of household hazardous waste materials. The Municipal Disposal Activities budget (507) funds the personnel, equipment, materials, and contracted services that provide the disposal of the refuse material city wide.

### **Graffiti Abatement - Department 531**

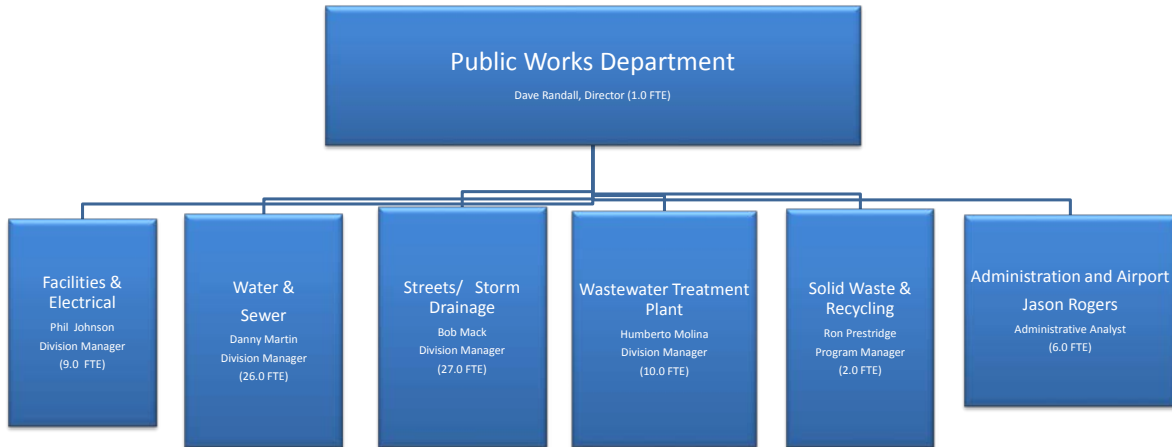

The Graffiti Abatement budget provides the services for removal and cover up of graffiti. The public programs for education and enforcement are performed by the Code Enforcement Department.

### **Water - Departments 709, 711, 712, 713, 716**

The Water Utility – Billing/Collections budget (709) is used to fund the Utility Billing and Accounting for activities within the Water funds. The Water Utility – Maintenance/Operations budget (711) is used to fund the production of water and maintenance of the wells and distributions system. The Water Utility – Capital Outlay budget (712) funds the personnel, equipment, materials, and services for major repairs and improvements within the water system. The Water Utility – Quality Control (713) funds the personnel, equipment, materials, and services for major insuring that water quality standards and regulations are met or surpassed within the water system.

### **Facilities Maintenance - Department 801**

The Facilities Maintenance Division's budget has two functions; the division provides routine maintenance for the City's buildings and facilities and it also maintains the street signals and street lights owned by the City. Although this budget is managed by Public Works, it is included in the Internal Services section of the budget rather than here under Public Works.

**Key Accomplishments**

- ❖ Completed the rate study and rate hearings for new sewer and water rates
- ❖ Completed an asset condition survey for the Waste Water Treatment Plant
- ❖ In collaboration with the Engineering Department on a pavement repair capital project to address various trouble locations
- ❖ In collaboration with the Engineering Department on the initiation of a Pavement Management System
- ❖ Developed a video and GPS tracking and recording system for street sweeping
- ❖ Completed the First Phase of LED Street Light Conversion Program

**Goals and Performance Measures**

<u>Departmental Goals</u>	<u>Performance Measures</u>
❖ Insure that the functions performed by the department are the correct services required and desired by the Public, rather than just a continuance of historical practices	No specific performance measure
❖ Monitor and evaluate the effectiveness and efficiency of the delivery of the services provided	No specific performance measure
❖ Implement asset management programs to insure that the City's infrastructure is being adequately maintained on a long term basis and that there is not an accumulation of deferred maintenance passed on to future generations	Acquire and implement asset management program
❖ Select a firm and initialization of a study or conditions assessment of the sewer and water system, to facilitate a more refined long term capital program for maintenance/replacement of the existing infrastructure	Complete conditions assessment of sewer and water system
❖ Complete the retrofitting of City street lights to LED fixtures	Complete LED streetlight retrofit project
❖ Formulate an asset management program to identify long term maintenance cost for major elements of City buildings	Develop building-based asset management program
❖ Complete valve exercising and cross connection surveys for half of the City	Complete valve exercising and cross connection surveys
❖ Execute a FAA Grant project for crack sealing at the Airport	Complete crack sealing project at airport

## PARKS AND COMMUNITY SERVICES DEPARTMENT SUMMARY

The Parks and Community Services (PCS) Department provides a wide range of direct services to the public and is divided into three major operational Divisions: Administration; Recreation & Community Services; and Parks Maintenance. Departmental responsibilities include management, oversight and maintenance of a variety of different sized parks (including a sports complex), a trail that bisects Madera, greenbelts/paseos, a 179 acre municipal golf course, and other public green spaces which include median islands and approximately 80 Landscape Maintenance Zones (LMZs) throughout the City. Oversight and management of recreation facilities like community and youth centers, senior centers, an aquatics complex and a skate park are also key functions for PCS staff. Additional major responsibilities include management, design and implementation of recreation and community service programming for Maderans of all ages. Programmatic offerings include, but are not limited to: educational and leisure classes; youth and adult sports (including leagues and tournaments); swimming lessons and other aquatics programming; day camps; after school programs; leadership and career preparedness; drop-in recreation programs for youth including sports, crafts, technology and audio-engineering; and wellness, nutrition and recreation programs for senior citizens including those with special needs. The PCS Department also hosts several annual community special events and seeks outside funding to provide programs such as Movies in the Park, Fiesta in the Park, the Annual 4th of July Celebration, the Spring Eggstravaganza and community volunteer days and others. Current staffing levels consist of 25 full-time staff and more than 70 part-time employees (making up 36.36 FTE). The FY 2016/17 Budget for the Department was \$4.69 million, including the golf course.

### **Parks Development Fund - Department 635**

The Parks Development Fund captures the details of the Department's capital projects. Types of projects represented in this fund include new construction and improvements to existing infrastructure. Examples of projects consist of renovation and or replacement of park pavilions, new construction of structures such as restrooms, and significant maintenance improvements such as re-roofing or parking lot renovations. Park Planning activities are reflected in the Parks Development Fund.

### **Landscape Maintenance Districts - Department 660**

The Landscape Maintenance District (LMD) Cost center (660) was created in FY 15/16 to capture the revenues and expenditures related to staffing & benefits, maintenance and operations of the City's LMD program. In the spring of 2015, the Madera City Council directed staff to dismiss the contracted vendor and take on the maintenance of 80 LMDs in Madera. Revenues are made up solely of assessments paid by individual parcel owners with their biannual property tax payment.

### **Parks - Department 661**

The 661 cost center tracks Parks maintenance and operational activities in all of the City's park space, trail space and public green space. Day-to-day operations include maintenance of turf, trees, landscape, public restrooms, picnic areas and pavilions. The Parks team is also engaged in maintaining green space irrigation, the urban forest and field preparation for sports activities, tournaments and special events. Expenses to keep parks maintenance rolling stock safely working and in service are accounted for in 661.

### **Recreation - Department 662**

The 662 cost center reflects revenues and expenses (staffing and materials) associated with recreation activities. The PCS Department offers a variety of free, low-cost and fee-based recreation and leisure programs such as after-school recreation, Kids Camp, themed program weeks, Youth Commission, audio engineering, technology programs, cooking classes, cheer/dance, drop-in recreation activities and other general recreation programs.

### **Administration - Department 664**

The Administration Division is devoted to the management and oversight of the Department's fiscal, contractual, purchasing, safety, policy and procedure, grants-making, grant oversight, marketing, and IT functions for the PCS Department. Administrative Division employees prepare most communications with other City Departments, including City Council, and are responsible for considerable amount of the Department's marketing and fund-raising efforts. Admin Staff prepare bid documents and project specifications and create contracts and agreements with private and other public agencies.

### **Leisure Program - Department 667**

The Special Events Budget, also referred provides for support of community events such as the 4th of July Celebration, Movies in the Park, and Fiesta in the Park to name a few. Revenues in this cost center are made up of community donations, sponsorships, grants and fundraising.

### **Sports Programs - Department 669**

Department 669 reflects both revenues and expenditures related to youth and adult sports programming. PCS provides organized, fee-based sport leagues and tournaments for Maderans of all ages. Basketball, softball, T-Ball, flag football, and soccer are among the department's offerings

### **Swimming Pool - Department 670**

The aquatics (Swimming Pool) program budget provides for maintenance, operations and staffing for the City's swimming pool complex. Included in this budget are a variety of programs including swimming lessons, special events and drop-in swimming. Revenues in this department are derived from daily admissions, structured swim lessons, concession sales and rental of the facility. While the bulk of programming occurs in the summer months, expenses are incurred year-round and include labor, utilities and chemicals needed to maintain water chemistry levels to healthy standards and to keep the facility clean.

### **Centers - Department 671**

Department 671 provides for salaries, benefits, maintenance and operations for the PCS Department's community centers. Centers included in this cost center are: Pan-American Community Center, Bergon Senior Center, the Youth Hut, the Mexican-American Center, Millview Center and the Skate Park. Revenues collected from rentals of the various centers are recorded in this cost center. Expenses include utilities, and contracted services such as janitorial and pest control.

### **Median Landscaping - Department 691**

This cost center provides for irrigation and upkeep of various median islands throughout the City. Gas tax is the sole source of revenue for the activities reflected within this cost center for the 16/17 Fiscal Year.

# PARKS AND COMMUNITY SERVICES DEPARTMENT SUMMARY (continued)

**Youth Center - Department 692**

The 692 cost center (Youth Center) was established to provide a variety of activities and programs for the City's youth. Staffing costs for the recreation programming at the John W. Wells Youth Center is covered along with costs associated with maintenance, utilities, supplies, and contracted services (such as janitorial and pest control). Additional expenses captured in this cost center come from housing the Parks and Community Services administrative offices. The Department's main point of contact with the public occurs at the John W. Wells Youth Center.

**Golf - Department 620**

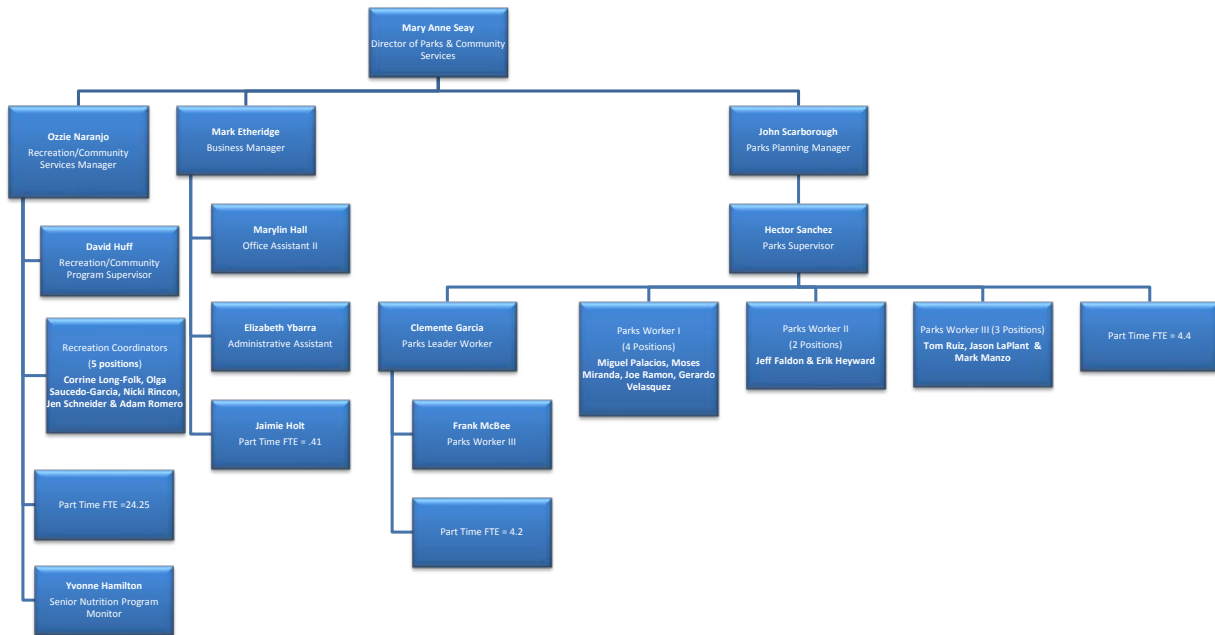

The PCS oversees a contract with a private vendor who manages the operations and maintenance at the City's Municipal Golf Course. The Golf Operations Budget reflects the various revenue streams paid to the City by the firm administrating the course. Cost Center 620 budget numbers also include activity related to an outstanding debt service on the clubhouse and maintenance facilities.

**Senior Citizen - Department 518**

Department 518 includes revenues and expenses associated with the operations of two senior centers and associated senior programming. Included in this budget are senior recreation programs, enrichment classes, day trips as well as all other costs of providing congregate and homebound meal programs to eligible seniors. The 518 cost center has several revenue line-items. Revenues for this program are made up of: the City's General Fund, resources from the Federal Government (made available through the FMAAA), Community Development Block Grant Funding (when available), voluntary donations from program participants, and internal fund-raising efforts.

**Senior Citizen - Department 519**

Department 519 was established to account for activities related to the Adult Day Care (ADC) program. ADC is designed to support local families with respite adult day care services for dependent seniors, many of whom have dementia or other significant health challenges. Our team of trained Program Leaders provides structured activities including therapeutic exercises, music, reminiscing, games and intergenerational programs. While the program is housed at an old County facility, the ADC program is offered by City staff and relies on a revenue structure similar to our senior programs at Pan-Am and Bergon Centers. Revenues are comprised of the City's General Fund, resources from the Federal Government (made available through the FMAAA), Community Development Block Grant Funding (when available), voluntary donations from program participants, and internal fund-raising efforts.

**Key Accomplishments**

- ❖ The Parks and Community Services (PCS) Department in Madera has taken several steps to reduce its water consumption. Most notably in FY 2015-16, PCS staff worked in concert with the Engineering Department to rethink, redesign, and construct median islands along 4th Street from Sunset to Lake Street using interesting combinations of desert-scape and hard-scape. The Council approved pilot project also boasts improved irrigation technology and the new design is likely to result in significant water and maintenance savings. Additionally, PCS is working with regional water conservation experts to further reduce water use in the coming years and continues to lead a marketing charge to educate residents via graphic design, social media, and videos.
- ❖ During FY 2015-16 the PCS Team took on the additional work of maintaining the City's 80 Landscape Districts (LMDs) in house. The City dismissed its contracted vendor at Council's direction and hired 2 full-time FTE and 4.2 part-time FTE. Upon making the shift from contracted work to internal staff maintenance, nearly all of the copious customer/resident complaints were eliminated.
- ❖ As a response to concerns raised by parents of special needs children on social media, PCS launched a suite of programs and services designed to better serve this under-served community. PCS staff partnered with Madera Special Needs Sports and Recreation (MSNSR) and other local groups to provide swimming, soccer, basketball and other recreation programs to special needs children. Every child is welcome to join any of the programs and services offered by the PCS Department as full inclusion is important. At the same time, staff realizes that not every program is suitable for every child. Therefore we have expanded services to better accommodate children with a wide variety of special needs. Videos of two of our new programs can be viewed in the links below.  
Special Needs Soccer: <https://www.youtube.com/watch?v=vCJ9nHFVhvg>  
Special Needs Basketball/Partners: <https://www.youtube.com/watch?v=UU9-CBVzadc>
- ❖ Recreation staff reached out to local service providers who offer support to special needs adults. We found that there was a void in recreation and sports programs offered to these residents as well. Staff created a partnership with the Community Integrated Work Program (CIWP) and now offers a series of special needs adult programs (SNAP). In addition to sports leagues, swimming lessons, and recreational swimming, staff is planning to offer creative arts programs in the next Fiscal Year. One can view a short video of our special needs

adult basketball program here: <https://www.youtube.com/watch?v=Ff8DI-7fGh4>. PCS also hosted a wheelchair basketball tournament in FY 2015-16 in partnership with Children's Hospital of Central California. Staff is planning to improve and increase adaptive and special needs programs in the coming years.

- ❖ The Knox Park project is very near completion. The Knox Park Rehabilitation Project (Funded by Housing Related Parks Program resources) consists of the addition of: new higher grade fencing, a play ground, landscaping and irrigation, a picnic shelter, an observation area, and benches etc. The project, now more than 90% complete, sits adjacent to properties owned by the Housing Authority where many children reside.
- ❖ PCS began construction of a new inclusive playground in May of 2016. While the finished product will be unveiled to the community in FY 2016-17, much of the heavy lifting for this project (community input, design, bids, award, etc...) took place in FY 2015-16. One can view a portion of our planning process in the link provided below:

Community Input Meeting: <https://www.youtube.com/watch?v=aYmtAZP3wLw>

- ❖ In FY 2015/16, the City moved toward improved communication with the public using current technological trends. The PCS Department worked creatively to improve its marketing strategy and added the use of creative videos and a new PCS specific YouTube Channel to its arsenal of communication tactics. Department registration/reservation software (which allows staff to shoot electronic messages to all of our program users), social media outlets (<https://www.facebook.com/maderapcs/>) and continuous improvements to our seasonal activity guide result in more families taking advantage of PCS's offerings as well as an increase in civic engagement.
- ❖ PG&E sponsored Movies in the Park and the City's Cooling Center programming with a \$13,000 donation again this year. The popular Movies in the Park program is free to the public during the summer months on Friday evenings.
- ❖ The Parks & Community Services (PCS) team continues to seek out and bring in outside resources to reduce its impact on the General Fund and to expand/enhance existing infrastructure. Some significant examples of external funding sources in FY 15/16 include:
  - CDBG – \$111,000 to support the Adult Day Care (ADC) and senior programs.
  - CDBG - \$65,000 ADA improvements at Bergon and Pan Am Center.
  - Housing Related Parks Program (HRPP) - \$95,000 to support the installation of the inclusive play feature at Centennial Park.
  - Two Tire Derived Product grants for \$201,000; the grants are to provide fall surface for new playgrounds.
  - The Madera Unified School District, in lieu of rent for their use of Millview Center, painted the interior of the facility's gym, refurbished/repainted and sealed the wood gym floor, and is currently getting bids to paint the exterior of the entire Millview Center along with the interior restrooms. The estimated value of this work is \$100,000.
- ❖ PCS, in conjunction with the City's Engineering Department, expanded the existing trail system with the addition of a half-mile connection that runs along Laurel Street and terminates into pedestrian sidewalk on Sunset Avenue.

### **Goals and Performance Measures**

#### **Departmental Goals**

- ❖ PCS has applied for \$430,000 in CDBG resources for a Centennial Park Rehabilitation and Lighting Project. Over the years, wear and tear, vandalism and age have resulted in the need to update the facility's infrastructure. If successful, staff will add exterior lighting (per the public's request) as well as address ADA concerns, concrete issues, failing shade structure near the swimming pool and other key infrastructure issues at Centennial Park.
- ❖ Water conservation efforts will continue in the coming year. The PCS Department, in cooperation with the Public Works and Engineering Departments, is gearing up to make several investments in demonstration water conservation projects. Smarter irrigation controllers in some LMZs, the addition of more median islands using the new pilot template, and other projects to illustrate water saving measures to the public are on tap for 2016-17.
- ❖ ADA issues identified in the City of Madera's Self Evaluation and Transition Plan will continue to be addressed. Staff will continue to seek out resources to address the ADA deficits that existing in parks and recreation facilities.
- ❖ There are several key capital improvement projects that PCS will continue to oversee to completion or substantial progress during the 2016-17 Fiscal Year. They include:
  - 100% completion of the Knox Park Project.
  - 100% completion of the inclusive play feature at Centennial Park.
  - Substantial progress on the Sunrise Rotary Extension Project which includes the addition of a parking surface, curb, gutter, fencing and lighting to the newer soccer field on the southerly border of the facility.
  - Substantial and continued progress on trail expansion and embellishments, such as the trail undercrossing at UPRR/Gateway Drive, continue to be a focus of the department.
- ❖ The PCS department is working with the community to expand its partnerships and offer new and improved recreation programs to include more programming for families with special needs children and adults.
- ❖ The prolonged drought has resulted in the loss of several trees located in parks and public spaces. Coast Redwoods are particularly prone to stress and mortality, though other species are also suffering. An inventory of dead and dying trees is needed as is a plan and funding source to address the growing concern. There are 100s, if not thousands, of trees that will need to be removed/addressed in the coming years.
- ❖ PCS will endeavor to partner with CSU, Fresno's Recreation Administration and Planning Departments to seek assistance in updating the Park and Recreation Master Plan. We have had initial meetings to discuss the partnership. The community engagement phases of this project will be the focus in the upcoming year with substantial completion expected in the following Fiscal Year (17/18).

#### **Performance Measures**

- Host a community and partner meeting (to include youth commissioners) to gather input for project priorities
- Develop a site specific capital plan for Centennial Park
- Begin Phase 1 of site level improvements as determined in the plan
- Develop a best practice list for long range water conservation solutions
- Update planning and irrigation standards
- Update existing ADA Transition Plan
- Complete ADA projects identified & funded in 16/17 Fiscal Year
- Submit CDBG application(s) in spring of 2017 to address additional ADA deficits in the future
- Complete capital projects to expend resources within grant timelines
- Special Needs Recreation Programs will grow by 10%
- Update the municipal tree inventory to include dead/dying/diseased trees
- Develop a best practice list for addressing tree mortality
- Apply for funding to address tree mortality using best practice measures
- Review 2009 Park and Recreation Master Plan and Update where appropriate
- Hold community input meetings to gather input

## GRANTS

### DEPARTMENT SUMMARY

Grants administers the city's portfolio of grants and pursues additional sources of funding from outside agencies. Additionally, the department administers a number of city programs including the Madera Area Express (MAX) transit system and our various housing programs. The MAX system provides both fixed route and Dial-A-Ride (DAR) services to our community. While the fixed route system operates exclusively within the city limits, the DAR system extends into specific portions of the county including the campus of the Madera Community College Center. Our Downpayment Assistance Program (DAP) assists low-income residents purchase their first homes and the Owner Occupied Rehabilitation (OOR) program helps existing low-income homeowners to make health and safety repairs to their homes. Finally, the Grants Department also administers the Neighborhood Stabilization Program (NSP) on behalf of the county. NSP provides funding for the purchase and rehabilitation of homes in the Parkwood area of the county. These homes are then resold to eligible low-income first time homebuyers. All of the programs mentioned receive support from grant resources and their operation does not negatively impact the General Fund.

#### **Grant Entitlement/Oversight - Department 812**

This budget will provide for the general administration of the city's current grant awards and programs. It will also fund the city's efforts to pursue additional resources and develop new programs. This budget will result in a minimal impact to the General Fund because various grants reimburse the city for the majority of the budget's expenses.

#### **Transportation Dial-a-Ride - Department 329, 349**

The Dial-a-Ride (DAR) system transports its passengers between any locations within the city and even operates in limited areas of the county. The DAR budget does not impact the General Fund because the system receives its entire operating revenue from grants, fares, and local transportation funds.

#### **Transportation Fixed Route - Department 330**

The fixed route system provides regular transportation within the city from bus stops along predefined routes. The fixed route budget does not impact the General Fund because the system receives its entire operating revenue from grants, fares, and local transportation funds.

#### **MAX - Capital Outlay - Department 350**

The MAX Capital Outlay budget provides for the acquisition of long-term assets for our transit system such as buses, bus stops, and the proposed joint-use Public Works/Transit Facility. This budget does not impact the General Fund because all revenues come from grants, fares, and local transportation funds.

#### **Proposition 1B PTMISEA - Department 449**

This budget provides security enhancements to our transit system and derives its revenues from state grants. This source of funds allowed for the installation of new security fencing and cameras at the Intermodal Facility through this resource. These projects rely solely on grant funds and they do not impact the General Fund.

#### **CDBG Public Improvement - Department 433**

The Public Improvement budget provides for the programs and projects that Council and the CDBG Review Advisory Committee (RAC) have made allocations for from our CDBG grant. These activities rely solely on grant funds and this budget does not impact the General Fund.

#### **CDBG Public Service - Department 803**

The Public Service budget provides for the programs that Council and the CDBG Review Advisory Committee (RAC) have made allocations for from our CDBG grant. These programs rely solely on grant funds and this budget does not impact the General Fund.

#### **CDBG Administrative Costs - Department 805**

This budget provides for the administration of the CDBG grant as well as efforts to promote affordable housing and to address impediments to fair housing in our community. These activities rely solely on grant funds and this budget does not impact the General Fund.

#### **Intermodal Building Activities - Department 806**

The Intermodal Building Activities budget provides for the operation and maintenance of this facility for use by the city and its tenants. The Intermodal Facility currently houses the MAX system, the Greyhound Bus terminal, and Madera Cab Co. This facility relies solely on grants and collects rent to fund its operations so this budget does not impact the General Fund.

#### **Proposition 1B PTMISEA - CALOES - Department 449**

This budget provides security enhancements for our transit system and derives its revenues from a state grant. The transit system has funded the installation of security cameras on all city buses through this resource. These projects rely solely on grant funds and this budget does not impact the General Fund.

# GRANTS

## DEPARTMENT SUMMARY (continued)

**Parking District Operations - Department 305**

The Parking District Operations budget supports the activities of the city's Parking Enforcement Officer. This non-sworn officer patrols a designated area in Madera's downtown and issues citations to motorists who violate our vehicle ordinances. This activity does not impact the General Fund because the budget primarily relies on ticket penalties and assessments to generate sufficient revenue.

**Madera Downtown B.I.D. - Department 415**

This budget supports the efforts of the Business Improvement District (BID) to promote commerce in downtown Madera. These efforts do not impact the General Fund because the budget primarily relies on assessments to generate sufficient revenue.

**HOME ARRA NSP Activity - Department 420**

The city administers the Neighborhood Stabilization Program (NSP) on behalf of the county. The program funds the purchase and rehabilitation of foreclosed homes in the Parkwood area, then resells them to low-income first time homebuyers. This program is entirely funded by grants, so this budget does not impact the General Fund.

**HOME 2007 - DAP Activity - Department 443**

This program assists low-income first time homebuyers to purchase homes within the City of Madera. The program relies entirely on grants from the state HOME program, so this activity does not impact the General Fund.

**HOME Rehabilitation Program - Department 445**

This program assists low-income homeowners conduct health and safety repairs in their homes. The program relies entirely on grants from the state HOME program, so this activity does not impact the General Fund.

**HOME Reuse Activity - Department 446**

This program can either assist low-income first time homebuyers purchase homes or help existing low-income homeowners make needed health and safety repairs in their existing homes. The program relies entirely on the repayment of assistance provided from the HOME DAP (Dept 443) and Rehabilitation (Dept 445) programs, so this budget does not impact the General Fund.

**CALHOME DAP Program - Department 461**

This program assists low-income first time homebuyers purchase homes within the City of Madera. The program relies entirely on grants from the state CalHOME program, so this activity does not impact the General Fund.

**CALHOME Rehabilitation Program - Department 462**

This program assists low-income homeowners conduct health and safety repairs to their homes. The program relies entirely on grants from the state CalHOME program, so this activity does not impact the General Fund.

**CALHOME RE-USE - Department 463**

This program assists low-income homebuyers purchase their first homes and low-income home owners conduct needed health and safety repairs. The program relies entirely on Program Income from our state CalHOME grants, so this activity does not impact the General Fund.

**CALHOME MANUFACTURED HOUSING REHABILITATION PROGRAM - Department 464**

This program assists low-income manufactured home owners conduct health and safety repairs in their existing homes. The program relies entirely on CalHOME grants, so this activity does not impact the General Fund.

**Key Accomplishments**

- ❖ CalHOME Residential Rehabilitation Grant- \$2,000,000
- ❖ Housing Related Parks Program (HRPP) Grant- \$731,250
- ❖ Office of Traffic Safety (OTS) Grant- \$113,190

**Goals and Performance Measures**

**Departmental Goals**

- ❖ Pursue funding opportunities for Police Department/Law Enforcement services
- ❖ Continue to pursue congressional appropriations
- ❖ Begin construction on the new joint-use Transit / Public Works Facility
- ❖ Continue to provide the Homebuyer Assistance programs and Owner Occupied Rehabilitation.
- ❖ Implement the Owner Occupied Mobile Homes program.
- ❖ Continue to Implement the City CDBG program.

**Performance Measures**

- Apply for the COPS 2016 grant
- Apply for the OTS 2016 grant
- No specific performance measure
- Complete construction plans and initiate bid process for first phase of facility
- Spend all the grant funds remaining in the CalHOME programs and continuation with the County NSP3 program
- Spend all the grant funds remaining in the CalHOME Mobile Home programs
- Apply for additional HOME and CalHOME funds

## CODE ENFORCEMENT DEPARTMENT SUMMARY

The Code Enforcement/Neighborhood Revitalization programs were combined into a single department in 2003 as a direct response to declining property maintenance standards, neighborhoods in distress, expanding graffiti problems, and infrastructure deficiencies throughout the former redevelopment project area and CDBG eligible Census Tracts. Neighborhoods that are exposed to blight are at an increased risk of various social, physical and health disparities, higher rates of crime, and illicit drug activities. The department's main purposes circle around the elimination of blight conditions throughout the city's neighborhoods and interception in the community prior to the emergence of problem properties. During the last few years, this has been more challenging than during other times due to the foreclosure crisis. It created significant impacts to our community and depreciated remaining neighborhood assets. Due to that, resources have been applied toward the enforcement of those cases. Another project that began over the last year is the Target Neighborhood Enforcement program which focuses resources in problem neighborhoods to better maximize the department's efforts. A Neighborhood Outreach program was created and incorporated into the department for civic engagement and to strengthen the community by building social capital. Most recently, a restructured Weed Abatement Ordinance and abatement program have been added to the department for implementation.

### Code Enforcement - Department 414

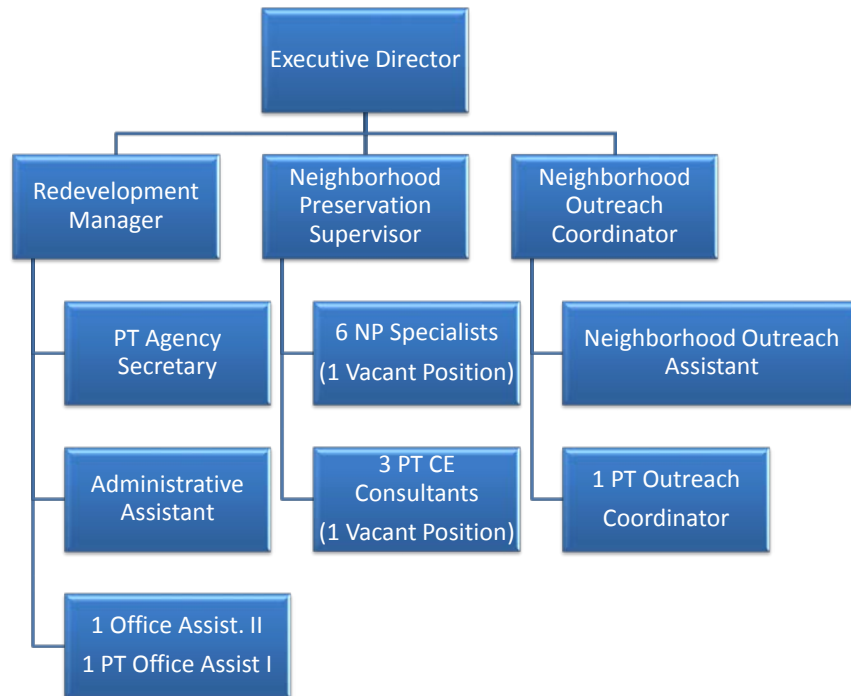

AVSA provides funding for the enforcement of laws regulating abandoned vehicles

### LEA Tire Grant - Department 432

CalRecycle provides funding for the enforcement of guidelines and laws regarding the storage, permits, transportation and handling of waste tires.

### Tire Amnesty Grant - Department 436

This grant is shared with Madera County. CalRecycle provides funding for staff to organize and host events where residents are allowed to bring up to twenty (20) waste tires for proper disposal, free of charge. The department hosts up to six (6) events per term.

### Key Accomplishments - Neighborhood Revitalization

- ❖ A total of 966 cases were opened to address violations involving public nuisance, substandard housing, zoning, California Building Codes and vacant building violations
- ❖ Continued enforcement actions on 120 foreclosure cases
- ❖ Conducted 5 dangerous housing abatements
- ❖ Implemented the Weed Abatement Program. Identified 324 violations; 301 complied, 23 abatements
- ❖ Collaborated with other agencies to conduct Citywide Mobile Vendor education/enforcement
- ❖ Identified 693 vehicles as having violations; 657 complied and 22 were towed
- ❖ Held (3) three Waste Tire Amnesty Events which resulted in 9360 waste tires being collected
- ❖ Conducted 53 waste tire generator inspections
- ❖ Completed Phase I of the Target Neighborhood Project
- ❖ Developed a Home Improvement Loan /Grant for a Targeted Residential Rehab Program
- ❖ Produced videos for in house training on topics related to: Weed Abatement, Rental Housing, Waste Tires, and Vacant Building abatements

**Goals and Performance Measures - Neighborhood Revitalization**

**Departmental Goals**

- ❖ Educating residents on value of maintaining properties
- ❖ Maintain the Foreclosure Response System
- ❖ Review draft ordinance for rental housing inspections
- ❖ Encourage maintenance of abandoned buildings
- ❖ Target Enforcement Neighborhood Projects

**Performance Measures**

No Specific performance measure  
Currently monitoring 124 registered foreclosures  
City council adoption of ordinance  
Currently monitoring 39 abandoned buildings  
Three (3) neighborhoods per year

**Key Accomplishments - Neighborhood Outreach**

- ❖ Coordinated 63 network, gatherings, block parties, and community events.
- ❖ Conducted 43 Neighborhood Watch meetings throughout the City.
- ❖ Established 9 new Neighborhood Watches and completed 5 from the previous FY.
- ❖ NNO - Increased the number of participating neighborhoods from 18 to 32.
- ❖ NNO - Engaged more governmental and non-profit agencies in its planning and execution.
- ❖ Established a Community Partnership Group.
- ❖ Implemented a Curb Strip Program
- ❖ Created and published various videos for our Facebook page.
- ❖ Introduced the High School New Student Academic Convocation to MUSD.
- ❖ Collaborated with American Red Cross and successfully established a team of volunteers.
- ❖ 5 church groups were added to the Adopt-a-School Program.

**Goals and Performance Measures - Neighborhood Outreach**

**Departmental Goals**

- ❖ Increase resident participation in civic activities
- ❖ Advertise programs to all areas of the City
- ❖ NNO-Invite the MUSD to joint the NNO Planning Community
- ❖ NNO-Enhance contest activities
- ❖ Start a new program called "Neighborhood of Choice"

**Performance Measures**

Add ten (10) new neighborhoods  
Program formed from diverse groups of residents  
Increased participation in the NNO  
Increased youth participation  
Increase participation in the Neighborhood Watch Program

**COMMUNITY DEVELOPMENT - CODE ENFORCEMENT  
10204400**

## INTERNAL SERVICES FUNDS

Internal Services Funds provide funding to support the following areas: 1) Ongoing maintenance and repairs of vehicles, equipment and computers, 2) Replacement of vehicles, equipment and computers, and 3) Ongoing routine maintenance of the City's buildings, facilities, streetlights and street signals. Each of the City's operating departments is charged for its equipment usage, based on the cost of maintenance and upon a predetermined rate that considers the expected life of the specific vehicles or pieces of equipment. Departments are also charged for the maintenance of their buildings and facilities based on the square footage they utilize within their respective buildings and facilities.

### **Equipment (Fleet) Maintenance - Department 807**

Fleet Maintenance is responsible for servicing and maintaining all the rolling stock in the city. This department currently maintains approximately 250 pieces of equipment. We support all the city departments by minimizing parts and repair costs and maximizing equipment uptime using our available resources. See further information regarding Departments 807 and 808 in the Fleet Services Department Summary, below.

### **Equipment (Fleet) Acquisition - Department 808**

This department acquires and disposes of the City's rolling stock. The department analyzes replacement equipment needs and works to maximize utilization. An equipment usable life has been established and a replacement schedule put in place to ensure timely turnover. A replacement fund is maintained to assure funds are available when needed.

### **Computer Maintenance and Replacement - Department 470**

The City of Madera Information Systems Department is responsible for installing, maintaining and supporting all facets of technology for the City departments and staff members. The IS Department delivers hands-on and remote services to all City departments while also managing and maintaining the City's network systems and main data servers.

### **Facilities Maintenance - Department 801**

The Facilities Maintenance Division's budget has two functions; the division provides routine maintenance for the City's buildings and facilities and it also maintains the street signals and street lights owned by the City. See Public Works Department Summary for further information regarding Facilities Maintenance - Department 801.

## FLEET SERVICES DEPARTMENT SUMMARY

Fleet Services consists of the Equipment Maintenance and Equipment Acquisition departments. These departments serve all the City as well as Housing Authority, Transit, and Police NICB vehicles.

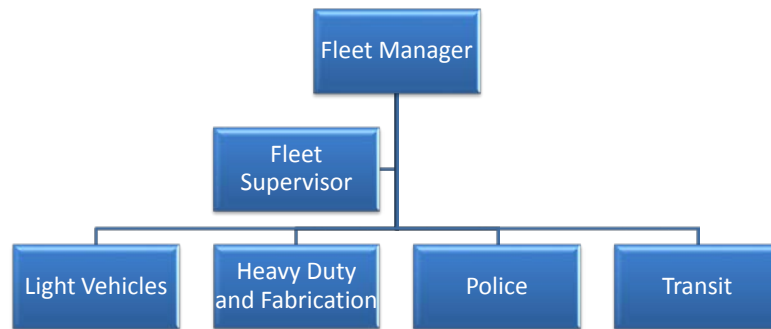

As shown in the organization chart below, under the Fleet Manager, we have one (1) Mechanic III for 'Light Vehicles', two (2) for 'Heavy Duty/Fabrication', one (1) dedicated to 'Police', and two (2) assigned to 'Transit'. The 'Shop Supervisor' position is currently vacant.

### Equipment Maintenance - Department 807

Fleet maintenance is responsible for servicing and maintaining all the rolling stock in the city. It is our task to keep all equipment operating in a safe and reliable condition. We support the city departments by minimizing parts and repair costs and maximizing equipment uptime using our available resources. See further information in the Information Services Department Summary, below.

### Equipment Acquisition - Department 808

This department acquires and disposes of the City's rolling stock. The department analyzes equipment needs and works to maximize utilization. An equipment usable life has been established and a replacement schedule put in place to ensure timely turnover. A replacement fund is maintained to ensure funds are available when needed. Pro-rated annual contributions are made by the departments to this fund based on capital cost and expected life of the equipment.

### Key Accomplishments

- ◆ Completed costs and benefits analysis for a motor pool program
- ◆ Completed draft of written policies for the equipment maintenance and replacement divisions
- ◆ Shortened time from when new vehicles are received to completed up-fit and put into service

### Goals and Performance Measures

#### Departmental Goals

- ◆ Start implementation of MUNIS work orders
- ◆ Work with Purchasing on the implementation of Parts Supply in MUNIS
- ◆ Complete written policies for Fleet
- ◆ Complete oil delivery system in Fleet shop

#### Performance Measures

- Have framework and initial training in progress
- Have framework and initial training in progress
- Policies completed and reviewed by all departments
- Have system complete and operational

## INFORMATION SERVICES DEPARTMENT SUMMARY

The City of Madera Information Systems (IS) Department is responsible for installing, maintaining and supporting all facets of technology for the City departments and staff members. The IS Department delivers hands-on and remote services to all City departments while also managing and maintaining the City's network systems and main data servers. The IS Department also engages the public through a small free Wi-Fi pilot program along Yosemite Avenue.

Some of the technology the IS department supports includes over 275 desktop, laptop, and tablet computers, the City wide phone system, mobile phones, mobile data and devices, the City financial system, Police Department dispatch and records systems, and the city wireless network which connects city buildings and provides free wireless in all of these buildings.

While installing and maintaining systems is a big part of the IS department's workday the City IS staff is also busy creating and updating current policy for technology and systems, creating and maintaining the central technology budget for the City, and researching and recommending new technology that will help support the City's service delivery and communication with the public.

As shown in the organization chart below the IS Manager leads the tactical and strategic planning and operations for the department. All central servers and network equipment is maintained by a single network and systems administrator while all end user devices including computers, phones, printers, mobile devices, application software, etc. is supported by two (2) computer systems technicians.

### Equipment Maintenance

Information Systems maintenance is responsible for servicing and maintaining all of the technology equipment owned by the city. We support all city departments by minimizing costs and maximizing uptime. This has been a continuous improvement project which relies on the regular refreshing of equipment and software, and the use of support tools and resources.

### Equipment Replacement

This will be the first year that the Information Systems Equipment Replacement will be a fully funded internal service fund. All current IS equipment has been inventoried, assigned a replacement value, and assigned a replacement life-cycle. This will ensure that costs are allocated to departments correctly and that all IS assets will be funded and regularly replaced. A replacement fund is maintained to ensure funds are available when needed. Pro-rated annual contributions are made by the departments to this fund based on capital cost and expected life of the equipment.

### Key Accomplishments

- ◆ Completed negotiations for a new Enterprise Resource Planning/Core Financial system and Kicked-off Phase 1
- ◆ Continued development of the new City website and anticipate a late June go-live of the new website
- ◆ Completed the re-wiring of the data infrastructure at City Hall
- ◆ Began deployment of Office 365

### Goals and Performance Measures

#### Departmental Goals

- ◆ Complete Phase 1, Core Financials, of the ERP system
- ◆ Complete Phase 2, HR/Payroll, of the ERP system
- ◆ Complete deployment of Office 365
- ◆ Develop and implement a formal email retention policy

#### Performance Measures

Go-live August 1, 2016  
 Go-live October 1, 2016  
 Complete by end of September 2016  
 Complete and presented to Council in December 2016

## **SPECIAL REVENUE FUNDS SUMMARY**

The City's Special Revenue Funds consist of Gas Tax, Federal and State Grants & Allocations, Measure T Sales Tax and Local Transportation Funds. Except for Federal and State Grants, the Special Revenue Funds received by the City are determined by State and Federal formulas as our percentage of various gas taxes, excise taxes and sales taxes. The Federal and State Grants received by the City are for specific eligible projects that have been approved and included in the Federal or State Funding Programs. The special revenue funds are programmed for capital projects and street maintenance for the Community Development, Parks and Community Services, and Public Works Departments. The capital projects are included in the Capital Improvement Program and administered by the Engineering Division. The capital projects consist of street reconstruction, rehabilitation or resurfacing, traffic signals, bridge improvements, bike paths and trails and pedestrian safety improvements. The street maintenance funds are administered by the Public Works Department and must be used for the operation and maintenance of the existing street system facilities.

## **DEVELOPMENT IMPACT FEES SUMMARY**

A development impact fee (DIF) is a fee that is imposed by the City of Madera on a new or proposed residential or commercial development project for the purpose of helping pay for the impact that the development(s) will have upon the City's infrastructure and servicing requirements. The City uses these fees to help pay for capital projects that the City undertakes to support the City's infrastructure, such as park, water, sewer, street, and storm drain facilities or improvements. Development impact fees are restricted for use on the specific types of projects for which they collected from developers.

## **LANDSCAPE MAINTENANCE DISTRICTS SUMMARY**

A Landscape Maintenance District (LMD) is a special assessment district above and beyond the property tax bill for a property. It is established to fund and maintain landscaping in one or more separately formed zones of benefit. Madera's LMD Program was originally established in 1991 in accordance with the Landscape and Lighting act of 1972. Assessments are paid through annual property tax bills with the resources administered by the City which then maintains a separate fund for each of the 80 zones currently in the LMD program. The assessments are used to fund activities specific to each zone.

## Capital Plan

'16/'17 thru '20/'21

## City of Madera, California

**Department** Airport  
**Contact** Dave Randall  
**Type** Improvement  
**Useful Life** 25 years  
**Category** Airport  
**Priority** 1 Critical  
**Status** Active

**Project #** AIP-0025  
**Project Name** Tee Hangar Design Phase I

**Phase:** DESIGN

**Total Project Cost:** \$89,000

**Description**

Environmental Assessment for Apron and Taxiway Drainage project, Tee Hangar Development Phase I project and Tee Hangar Development Phase II project.

**Justification**

Environmental assessment is needed on this project to meet NEPA requirements.

<b>Expenditures</b>	<b>'16/'17</b>	<b>'17/'18</b>	<b>'18/'19</b>	<b>'19/'20</b>	<b>'20/'21</b>	<b>Total</b>
Design/Engineering	89,000					89,000
<b>Total</b>	<b>89,000</b>					<b>89,000</b>

<b>Funding Sources</b>	<b>'16/'17</b>	<b>'17/'18</b>	<b>'18/'19</b>	<b>'19/'20</b>	<b>'20/'21</b>	<b>Total</b>
Airport Fund Balance: 20500-355	4,450					4,450
Caltrans Aeronautic Grant: 20500-355	4,450					4,450
FAA Grant: 20500-355	80,100					80,100
<b>Total</b>	<b>89,000</b>					<b>89,000</b>

**Budget Impact/Other**

FAA has requested that we begin environmental assessments on these projects in order to begin construction later.

**Project #** AIP-0028

**Type** Improvement

**Project Name** Tee Hangar Taxiway & Apron Const-I

**Useful Life** 25 years

**Phase:** DESIGN

**Category** Airport

**Priority** 1 Critical

**Status** Active

**Total Project Cost:** \$617,000

### Description

Construct pavement and infrastructure appurtances to support new Tee hangars.  
 Collector Taxiway (35' x 355')  
 Tee Hangar Taxiway (25' x 1,015')

### Justification

Construction of additional taxiway and apron to facilitate the development of additional Tee hangars to accommodate additional aircraft at the airport.

<b>Expenditures</b>	<b>'16/'17</b>	<b>'17/'18</b>	<b>'18/'19</b>	<b>'19/'20</b>	<b>'20/'21</b>	<b>Total</b>

**Project #** AIP-0029  
**Project Name** Tee Hangar Development Const-II

**Type** Improvement

**Useful Life** 25 years

**Category** Airport

**Priority** 1 Critical

**Status** Active

**Phase:**

**Total Project Cost: \$705,750**

**Description**  
 Construct pavement and infrastructure appurtenances to support new Tee hangars.  
 Collector Taxiway (35' x 845')  
 Tee Hangar Taxiway (25' x 800')

**Justification**  
 Construction of additional taxiway and apron to facilitate the development of additional Tee hangars to accommodate additional aircraft at the airport.

<b>Expenditures</b>	<b>'16/'17</b>	<b>'17/'18</b>	<b>'18/'19</b>	<b>'19/'20</b>	<b>'20/'21</b>	<b>Total</b>

**Useful Life** 25 years

**Category** Sewer

**Phase:** DESIGN

**Priority** 1 Critical

**Status** Active

**Total Project Cost:** \$1,185,000

### Description

Rehabilitate the Schnoor Ave. Trunk Sewer System beginning at sewage pump station on Cleveland Avenue and going south, crossing the Fresno River, and ending at Industrial. Technical memo prepared October 2013 by Akel Engineering in conjunction with Master Plan Update presented as Appendix D contains detailed information and recommendations. NOTE: Segment across river has not been evaluated.

### Justification

Extend useful life of sewer trunk main.

**Project Name** SE Quad Storm Drain Improvements

**Type** Improvement

**Useful Life** 25 years

**Category** Storm Drain

**Priority** 4 Less Important

**Status** Active

**Phase:** CONSTRUCTION

**Total Project Cost:** \$17,500,000

**Description**

Construct storm drain improvements within the Southeast quadrant in response to need and as identified in the Storm Drain Master Plan for that Area and/or reimburse developers for those same improvements if constructed as part of a development project.

Includes 10 basins and 48 pipes of various sizes and lengths - \$17,600,000

**Justification**

Planned growth in this quadrant of the City requires construction of various storm drain improvements as are identified in the Storm Drain Master Plan.

<b>Expenditures</b>	<b>'16/'17</b>	<b>'17/'18</b>	<b>'18/'19</b>	<b>'19/'20</b>	<b>'20/'21</b>	<b>Total</b>

<b>Project #</b>	S-VI-002
<b>Project Name</b>	Sewer Main Video Inspection

**Phase:**

<b>Description</b>
Retain a consultant(s) to conduct sewer main video inspection and condition assessment for existing sewer system facilities to include inventory of age, size, type, condition, etc; non-destructive testing; GIS integration; computer analysis; rehab and replacement strategies; prioritization; cost estimates and support. Funded through the rate increase.

<b>Justification</b>
A condition assessment including development of an asset management program is needed to properly prioritize, schedule and justify funding expenditures for rehabilitation and replacement to extend the life of the system and prevent breaks that could disrupt service and/or cause significant damage.

**Type** Improvement

**Useful Life** 20 years

**Category** Water

**Priority** 1 Critical

**Status** Active

**Phase:** DESIGN

**Total Project Cost:** \$265,000

**Description**

Water projects system upgrades at H Street - 11th to Madera Avenue. Install new 12" main from existing 12" crossing SR99 at 10th Street alignment, southerly on "H" Street, across Madera Avenue to 11th Street. Bore under Madera Avenue (SR145).

Project is 90% design by CDM as part of 2010 Water System Improvements - Bid Pack 2 along with W-07 and W-08. Shelved due to lack of funding.

Should be constructed in conjunction with W-08.

**Justification**

Project identified in 1997 Master Plan to provide pipeline reinforcements between South and East Madera as "Improvements No. 1.2" that includes W-06 and W-08

<b>Expenditures</b>	<b>'16/'17</b>	<b>'17/'18</b>	<b>'18/'19</b>	<b>'19/'20</b>	<b>'20/'21</b>	<b>Total</b>

**Status** Active

**Project #** W-000026  
**Project Name** Water Tower Demolition

Phase:

**Total Project Cost: \$300,000**

**Description**  
 Remove existing water tower located at the Frank Bergon Senior Center (238 S. "D" Street) and perform environmental remediation of the dismantled pieces for proper disposal.

**Justification**  
 The expense of restoring the water tower structurally and environmentally has been estimated by the Public Works Department to be in a ballpark area of \$1,000,000 - well over the estimated removal costs. These funds do not presently exist which would leave the current safety concerns in place until such fund could be secured, if ever.

<b>Expenditures</b>	<b>'16/'17</b>	<b>'17/'18</b>	<b>'18/'19</b>	<b>'19/'20</b>	<b>'20/'21</b>	<b>Total</b>

**Phase:** CONSTRUCTION

**Total Project Cost:** \$2,011,000

<b>Description</b>
Construct water well in accordance with the Water System Master Plan. Design is complete. The site has been improved and the shaft has been drilled. Site is not currently owned by the City. This site will require water treatment for manganese.

<b>Justification</b>
Represents a well that will be needed per analysis contained in the Water System Master Plan to serve existing development.

<b>Expenditures</b>	<b>'16/'17</b>	<b>'17/'18</b>	<b>'18/'19</b>	<b>'19/'20</b>	<b>'20/'21</b>	<b>Total</b>

## City of Madera, California

**Project #** W-PNE-04  
**Project Name** Lake St Water Main-Ellis to Ave 17

**Phase:** DESIGN

**Total Project Cost:** \$700,000

**Description**  
 Construct 24-inch water line in Lake Street conjunction with a 6.75 million gallon tank at or near Avenue 17 and Road 27

**Justification**  
 Near Term - .Tank and pump offset impacts of drought conditions when municipal wells exhibit reduced capacity during peak hours. Pipe is necessary to convey flow to and from tank  
 Long Term - Provide storage on east side of city given majority of pumping is proposed to occur on the west side of the City per the Water System Master Plan.

<b>Expenditures</b>	<b>'16/'17</b>	<b>'17/'18</b>	<b>'18/'19</b>	<b>'19/'20</b>	<b>'20/'21</b>	<b>Total</b>
Design/Engineering		60,000	25,000			85,000
Construction				565,000		565,000
Construction Management/Inspection				50,000		50,000
<b>Total</b>		<b>60,000</b>	<b>25,000</b>	<b>615,000</b>		<b>700,000</b>

<b>Funding Sources</b>	<b>'16/'17</b>	<b>'17/'18</b>	<b>'18/'19</b>	<b>'19/'20</b>	<b>'20/'21</b>	<b>Total</b>
Water Utility Fund: 20300-712		60,000	25,000	615,000		700,000
<b>Total</b>		<b>60,000</b>	<b>25,000</b>	<b>615,000</b>		<b>700,000</b>

**Budget Impact/Other**  
 While use of a tank reduces the need for new wells and their associated cost both near and long term, no cost or savings impacts have been calculated. Use of the tank in the near term is based on potential pumping capacity reductions or loss of wells due to drought conditions; not about reduced costs.

**Useful Life** 25 years

**Category** Administrative

**Phase:**

**Priority** 1 Critical

**Status** Active

**Total Project Cost:** \$300,000

### Description

Conduct a feasibility study to determine demands that may require new water supply.

### Justification

Due to increase in water usage the City needs to determine if the need of increasing the capacity of its existing water supply.

## City of Madera, California

**Project #** W-STDY-2  
**Project Name** Water System Condition Assess/Rehab

Phase:

**Total Project Cost: \$300,000**

**Description**  
 Retain a consultant(s) to prepare a condition assessment for existing water system facilities to include inventory of age, size, type, condition, etc; non-destructive testing; GIS intergration; computer analysis; Rehab and replacement strategies; prioritization; cost estimates and support. Funded through rate increases.

**Justification**  
 A condition assessment including development of an asset management program is needed to properly prioritize, schedule and justify funding expenditures for rehabilitation and replacement to extend the life of the system and prevent breaks that could disrupt service and/or cause significant damage.

Expenditures	'16/'17	'17/'18	'18/'19	'19/'20	'20/'21	Total
Design/Engineering	300,000					300,000
<b>Total</b>	<b>300,000</b>					<b>300,000</b>

## City of Madera, California

**Project #** W-T-0001  
**Project Name** Water Storage Tank Installation

**Phase:** DESIGN

**Total Project Cost:** \$9,663,000

**Description**  
 Construct 6.75 million gallon tank at or near Avenue 17 and Lake Street (Road 27).

**Justification**  
 Near Term - .Offset impacts of drought conditions when municipal wells exhibit reduced capacity during peak hours  
 Long Term - Provide storage on east side of city given majority of pumping is proposed to occur on the west side of the City per the Water System Master Plan.

<b>Expenditures</b>	<b>'16/'17</b>	<b>'17/'18</b>	<b>'18/'19</b>	<b>'19/'20</b>	<b>'20/'21</b>	<b>Total</b>
Design/Engineering	290,000	225,000	148,000			663,000
Construction					8,720,000	8,720,000
Construction Management/Inspection					280,000	280,000
<b>Total</b>	<b>290,000</b>	<b>225,000</b>	<b>148,000</b>		<b>9,000,000</b>	<b>9,663,000</b>

<b>Funding Sources</b>	<b>'16/'17</b>	<b>'17/'18</b>	<b>'18/'19</b>	<b>'19/'20</b>	<b>'20/'21</b>	<b>Total</b>
Water Utility Fund: 20300-712	290,000	225,000	148,000	5,950,000	3,050,000	9,663,000
<b>Total</b>	<b>290,000</b>	<b>225,000</b>	<b>148,000</b>	<b>5,950,000</b>	<b>3,050,000</b>	<b>9,663,000</b>

**Budget Impact/Other**  
 While use of a tank reduces the need for new wells and their associated cost both near and long term, no cost or savings impacts have been calculated. Use of the tank in the near term is based on potential pumping capacity reductions or loss of wells due to drought conditions; not about reduced costs.

**Status** Active

**Phase:** CONSTRUCTION

**Total Project Cost:** \$98,000

<b>Description</b>
Elements of the rehabilitation plans include removal of hazardous debris, demolition of concrete pads and sidewalks that are in poor repair, removal of unattractive fencing that creates a barrier to park access, ADA improvements, installation of fencing to segregate the public from seasonal pond water and stormwater infrastructure, re-grading of pond bottom, landscape rehabilitation and limited installation of park amenities (soccer goalposts, picnic tables, trash and recycling cans for example).

<b>Justification</b>
Knox Park is a former neighborhood park within the confines of a water retention basin. The park which served the neighborhoods immediately surrounding it has fallen into disrepair and is permanently locked to prevent public access.

**Total Project Cost:** \$503,000

**Description**  
 Elements of the project include installation of hardscape approaches, fall surfaces, landscaping, play equipment and other playground amenities (benches, trash cans, etc.)

**Justification**  
 Children with disabilities are not always able to enjoy playgrounds especially when they are cumbersome, or not fully accessible. This project will construct the City's first fully accessible playground and will be located in Lions Town and Country Park.

RESOLUTION NO. 16-101

RESOLUTION OF THE COUNCIL OF THE CITY OF MADERA  
ADOPTING THE BUDGET OF THE CITY OF MADERA FOR  
THE FISCAL YEAR JULY 1, 2016 THROUGH JUNE 30, 2017 IN  
THE AMOUNT OF \$83,790,895 AND ADOPTING THE MASTER FEE SCHEDULE  
AND THE MASTER PENALTY SCHEDULE

WHEREAS, City staff has prepared the proposed budget in proper form for all funds for which a budget is required; and

WHEREAS, the Proposed Budget along with all supporting schedules and data have been available for public inspection in the office of the Financial Services Director; and

WHEREAS, the 5 Year Capital Improvement Program (CIP) covering the period through Fiscal Year 2021/22 is included within the Proposed Budget and has been made available for public inspection in the office of the Financial Services Director; and

WHEREAS, on June 27, 2016 the City Council held a duly noticed budget review session to receive public comment and ascertain the facts regarding the proposed budget with modification; and

WHEREAS, all statutory and legal requirements for the final adoption of said budget have been completed; and

WHEREAS, it is the intention of the Council to adopt the said budget as modified and amended by the Council of the City of Madera as the Annual Budget for the Fiscal Year 2016-17.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MADERA AS FOLLOWS:

1. The above recitals are true and correct.
2. The City of Madera budget in the amount of \$83,790,895 as set forth in the attached Exhibit "A" including budgets for capital

improvements, is hereby adopted for the Fiscal Year beginning July 1, 2016 and ending June 30, 2017.

3. Transfer of appropriated budget authority from one line account to another within a department may be done upon approval of the City Administrator.
4. Transfer of budget authority between departments of the general fund or between funds will be done by minute order of the City Council if less than \$25,000 and by resolution if greater than \$25,000.
5. Authority is given to the Financial Services Director to adjust the budget for all monies received by the City not included in this budget up to \$5,000 per incident without a budget resolution. A report will be given to the Council on a quarterly basis regarding any such activity.
6. All outstanding encumbrances as of June 30, 2016 approved by the City Administrator shall be continued and re-appropriated for expenditure into the 2016-17 Fiscal Year.
7. The unencumbered balance for all Capital Improvement Project accounts, which are duly approved as of or before June 30, 2016 shall be continued and re-appropriated for expenditure in the 2016-17 Fiscal Year.
8. Except as monetary appropriations may be affected by intra-fund transfers within the general fund or other funds as herein above provided, no appropriations set forth in said budget shall be cancelled in whole or in part except by resolution adopted by a majority vote of all members of the City Council.
9. Expenditures made, liabilities incurred, or warrants issued in excess of budget appropriations as originally approved or as thereafter increased or decreased, shall not constitute an obligation or liability of the City of Madera. The City Administrator and the City Council shall approve no claims and the Financial Services Director shall issue no warrants or checks for any expenditure in excess of existing appropriations except upon an order of the court of competent jurisdiction, or in cases of emergency as specified and in accordance with the procedures established in the Government Code of California.

10. The Master Fee Schedule as amended for the Fiscal Year ending June 30, 2017, which is attached as Exhibit "B" and incorporated by reference, is adopted.
11. The Master Penalty Schedule as set forth as Exhibit "C" and incorporated by reference, is hereby adopted for the Fiscal Year ending June 30, 2017.
12. The Capital Improvement Program covering the period through Fiscal Year 2021/22 is consistent with the Madera General Plan.
13. The Capital Improvement Program covering the period through Fiscal Year 2021/22, a copy of which is on file with the Madera City Engineer, 205 W. 4<sup>th</sup> Street, Madera, is hereby adopted.
14. This resolution shall be effective immediately upon adoption.

PASSED AND ADOPTED by the City Council of the City of Madera this 6<sup>th</sup> day of July, 2016 by the following vote:

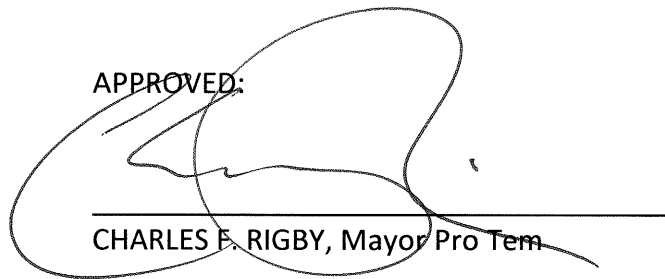

AYES: Council Members Rigby, Medellin, Holley, Robinson, Oliver, Foley Gallegos.

NOES: None.

ABSTENTIONS: None.

ABSENT: Mayor Poythress.

APPROVED:

CHARLES E. RIGBY, Mayor Pro Tem

ATTEST:

SONIA ALVAREZ, City Clerk

APPROVED AS TO LEGAL FORM:

BRENT RICHARDSON, City Attorney

## Interoffice Memorandum *City Clerk*

Date: August 30, 2016

To: File

From: Zelda León, Deputy City Clerk 

Re: Budget adopted by City Council on July 6, 2016

---

FY 16/17 Budget as adopted by City Council on July 6, 2016 and included as part of Resolution 16-101 Exhibit A is several hundred pages long.

Due to its length, it is not attached to the resolution, but instead is filed with the Staff Report.

Thank you.

A/C, Residential (each)	Install/Relocate forced air or gravity-type furnace or burner (including attached ducts and vents) up to and including 100,000 Btu/h (each)			\$ 87.64
Furnace (F.A.U., Floor)	Install/Relocate forced air or gravity-type furnace or burner (including attached ducts and vents) over 100,000 Btu/h (each)			\$ 44.40
Heater (Wall)	Install/Relocate floor furnace, including vent (each)			\$ 44.40
Appliance Vent/Chimney (only)	Install/Relocate suspended heater, recessed wall heater, or floor-mounted unit heater (each)			\$ 19.03
Refrigeration Compressor	Install/Relocate/Replace appliance vent installed and not included in an appliance permit (each)			\$ 62.27
Boiler	Repair/Alter/Add heating appliance, refrigeration unit, cooling unit, absorption unit, or each heating, cooling, absorption, or evaporative cooling system, including installation of controls			\$ 50.74
Chiller	Install/Relocate boiler or compressor, up to and including 3HP, or absorption system up to and including 100,000 Btu/h (each)			\$ 50.74
Heat Pump (Package Unit)	Install/Relocate boiler or compressor, over 3HP and up to and including 15 HP, or absorption system over 100,000 Btu/h and up to and including 500,000 Btu/h (each)			\$ 74.96
Heater (Unit, Radiant, etc.)	Install/Relocate boiler or compressor, over 15 HP and up to and including 30 HP, or absorption system over 500,000 Btu/h and up to and including 1,000,000 Btu/h (each)			\$ 25.37
Air Handler	Install/Relocate boiler or compressor, over 30 HP and up to and including 50 HP, or absorption system over 1,000,000 Btu/h and up to and including 1,750,000 Btu/h (each)			\$ 87.64

## Mechanical, Electrical and Plumbing Permit Fees

FEE TYPES		Unit Cost
Duct Work (only)	Install/Relocate boiler or compressor, over 50 HP, or absorption system over 1,750,000 Btu/h (each)	\$ 38.06
Evaporative Cooler	Air-handling unit, including attached ducts. (Note: this fee shall not apply to an air-handling unit that is a portion of a factory-assembled appliance, cooling unit, evaporative cooler, or absorption unit for which a permit is required elsewhere) (each)	\$ 62.27
Make-up Air System	Air-handling unit over 10,000 CFM (each)	\$ 38.06
Moisture Exhaust Duct (Clothes Dryer)	Evaporative cooler other than portable type (each)	\$ 19.03
Vent Fan, Single Duct (each)	Ventilation fan connected to a single duct (each)	\$ 19.03
Vent System	Ventilation system that is not a portion of any heating or air-conditioning system authorized by a permit (each)	\$ 38.06
Exhaust Hood and Duct (Residential)	Hood installation that is served by mechanical exhaust, including the ducts for such hood (each)	\$ 19.03
Exhaust Hood, Type I (Commercial Grease Hood)	Requires fire rated shaft / duct wrap	\$ 138.38
Exhaust Hood, Type II (Commercial Steam Hood)		\$ 113.01
Non-Residential Incinerator	Install/Relocate commercial or industrial-type incinerator (each)	\$ 74.96
Refrigerator Condenser Remote		\$ 38.06
Walk-in Box/Refrigerator Coil		\$ 19.03
	Appliance or piece of equipment not classed in other appliance categories, or for which no other fee is listed (each)	\$ -

## Planning Department Permit Fees

FEE NO.	Fee Name	Current Fee / Deposit (\$)	Proposed Fee FY 2015-2016
<b>AMENDMENTS &amp; REZONING</b>			
1	Rezoning/Prezoning - under 10 acres	\$4,200	\$4,200
2	Rezoning/Prezoning- greater than 10 acres	\$6,251	\$6,251
3	Code Amendments	\$4,205	\$4,205
4	General Plan Amendments	\$4,243	\$4,243
4.1	Major General Plan Amendments - 10 Acres+	\$6,364	\$6,364
5	Specific Plan Amendments	\$4,268	\$4,268
7	Specific Plan Preparation	\$0	\$0
5.1	Major Specific Plan Amendments - 10 Acres +	\$6,403	\$6,403
<b>APPEALS</b>			
6	Administrative	\$1,204	\$1,204
7	Project Approvals	\$605	\$605
<b>ENVIRONMENTAL ASSESSMENTS</b>			
8	Negative Declaration	\$360	\$360
9	Mitigated Negative Declaration	\$425	\$425
10	Environmental Impact Report	\$0	\$0
10.1	Environmental Impact Report - Administration	10% of Cost	10% of Cost
11	Supplemental EIR	\$0	\$0
11.1	Supplemental EIR EIR - Administration	10% of Cost	10% of Cost
<b>SUBDIVISION</b>			
12	Lot Line Adjustment	\$342	\$342
13	Tentative Parcel Maps	\$962	\$962
13.1	Tentative Parcel Map Modification/Time Extension	\$442	\$442
14	Tentative Subdivision Maps - Less than 40 acres	\$3,550	\$3,550
14.1	Tentative Subdivision Maps - More than 40 Acres	\$5,325	\$5,325
15	Tentative Subdivision Map Modifications	\$1,628	\$1,628
16	Tentative Subdivision Map Time Extensions	\$1,120	\$1,120
<b>SITE PLAN REVIEW APPLICATIONS</b>			
17	Minor Projects and new construction < 1,200 s.f.	\$882	\$882
18	New Projects of up to 10,000 s.f. & < 25 units	\$1,355	\$1,355
19	Major Projects > 10,000 s.f. & 25+ units	\$2,387	\$2,387
20	Large Projects (NEW) > 100,000 s.f. & 150 Units	\$4,137	\$4,137
21	Modifications to approved site plans	50% Orig. Fee	50% Orig. Fee
<b>SIGN PERMITS &amp; APPLICATIONS</b>			
22	Sign Permit - Single	\$108	\$108
23	Sign Permit - Multiple	\$146	\$146
24	Sign Use Permit	\$1,602	\$1,602
25	Sign Variance	\$1,874	\$1,874
26	Minor Adjustment (New)	\$317	\$317
27	Master Sign Program (New)	\$260	\$260
<b>USE PERMIT, PRECISE PLANS, AND VARIANCES</b>			
28	Use permits with no new construction, or new construction of less than 3,000 s.f.	\$1,327	\$1,327
29	Use permits for new projects of 3,000 - 10,000 s.f. with 25 units or less	\$2,404	\$2,404
30	Use permits for more than 10,000 s.f. or more than 25	\$2,829	\$2,829
30.1	Use permits for more than 100 s.f. or more than 150 units	\$4,243	\$4,243
31	Precise plan for less than 10,000 s.f. or 25 units or less	\$2,460	\$2,460
32	Precise plan for more than 10,000 s.f. or more than 25	\$3,407	\$3,407
32.2	Precise plan for more than 100,000 s.f. or more than 150 units	\$5,110	\$5,110
33	Variances	\$2,208	\$2,208
34	Temporary Use Permit (New)	\$149	\$149
35	Modifications	50% of Full Application Fee	50% of Full Application Fee
36	Extensions	\$1,158	\$1,158

## Planning Department Permit Fees

FEE NO.	Fee Name	Current Fee / Deposit (\$)	Proposed Fee FY 2015-2016
<b>MISCELLANEOUS</b>			
43	Agenda Subscription	\$0	\$0
37	Home Occupational Permit	\$150	\$150
45	House / Building Move	\$0	\$0
38	Request for Findings / Determinations	\$2,165	\$2,165
39	Request for Continued Hearing	-	-
39.1	Prior to Packet Distribution	\$75	\$75
39.2	After Packet Distribution	\$129	\$129
40	Right-of-way Abandonment	\$2,165	\$2,165
41	Summary Vacations	\$2,165	\$2,165
42	Zoning Administrator Permits	\$441	\$441
46	Consulting services administered by City	Cost + 10 %	Cost + 10%
47	Additional request for staff services	Cost	Cost
48	Permits or applications where activity was commenced without receiving prior approval	4 x Normal Fee	4 x Normal Fee
49	Printing (Copy) Charges (Black & White)	.10 single sided copy	.10 single sided copy
50	Printing (Copy) Charges (Black & White)	.15 double sided copy	.15 double sided copy
51	Up to and including 8 1/2 x 14 - Color	\$ 1.00 each side	\$ 1.00 each side
52	11" x 17" - Color	\$ 2.00 each side	\$ 2.00 each side
53	Large Scale Map - Color	\$45.00 each	\$45.00 each
54	CD/DVD	\$5.00 each	\$5.00 each

Note: Where projects require that multiple applications be filed, the primary application will be at full fee. Each secondary application will be charged at 50% of the full fee.

Note: Any required environmental review fee shall also be added to the total. This provision is applied to projects such as General Plan or Specific Plan amendments and rezoning or Rezoning applications processed concurrently with Use Permits.

# COMMUNITY DEVELOPMENT DEPARTMENT

<b>Code Compliance</b>	
Inspections	\$ 40.00 /per hour
Re-inspections	\$ 40.00
Vacant Building Fees	\$ 450.00
Administrative costs	Cost
Abatement Hearing	Cost
Abandoned Property Registration	\$ 55.00
Non Compliance Retes / Hours	
Police Department	\$ 43.80
Building Official	\$ 55.60
Building Inspector	\$ 31.75
Finance Accountant	\$ 30.60
Permits or applications where activity was commenced without receiving prior approval	4 x Normal Fee
<b>COMMUNITY FACILITY DISTRICT ANNEXATIONS</b>	
CFD 2005-01 Annexation Administrative Fee	\$ 500.00 (plus consultant fees)
CFD 2005-01 Consultant Processing Fees	Direct Cost *
* Direct consultant costs for CFD Annexation processing are dependent on the number of individual development projects which are being annexed at any given time. The following fee schedule applies:	
Number of projects	Consultant Costs
1 to3	\$ 3,500.00
4 to 6	\$ 7,000.00
7 to 9	\$ 10,500.00
If a single application to annex a project is being processed, the required fee to cover consultant costs is \$3,500. If more than one application can be processed concurrently, the consultant costs are split equally among the applications. The number of applications being processed at any given time can be found by contacting the City of Madera Community Development Department.

Wastewater treatment plan impact fee	1,314.30	923.06	0.763	1.5148
Water impact fees - Wells	562.34	300.78	0.072	[2]

**Industrial Fee Notes**

[1] Westberry Blvd/Ellis Street interceptor to be based on a dwelling unit equivalency at \$272 per unit.

Road 28 interceptor to be based on a dwelling unit equivalency at \$716 per unit.

[2] A minimum of \$413 or the amount determined by the City Engineer by multiplying \$413 for water supply by either (1) the proposed users estimated daily use in gallons per day divided by 1050, or

(2) the estimated number of employees divided by 6, whichever is greater.

# DEVELOPMENT IMPACT FEE PROGRAM

## **General Notes**

- (1) *Impact Fees in all categories will be adjusted annually based on the Engineering New Record Construction Cost Index. Specific fee categories may be adjusted based on specific cost and/or improvement data as necessary.*
- (2) *Local area definitions vary between storm drain areas and sewer fees. Area definitions and boundaries shall be as determined by the City Engineer, as further defined below.*
- (3) *Storm Drain: "Existing Service Area" is defined in the Storm Drain Master Plan prepared by Montgomery Watson, 1997. The four additional local area, also known as "Expansion Areas", all fall outside of the existing service area. They are distinguished from each other by their relative location with respect to the Fresno River and Highway 99, with the Fresno River representing the east-west boundary and Highway 99 representing the north-south boundary.*
- (4) *Sewer: "Existing Service Area" is defined in the Sewer Master Plan prepared by Montgomery Watson, 1997. The six additional local areas, also known as "Expansion Area", all fall outside of existing service area. The Sewer Master Plan identifies specific zones of benefit. These zones of benefits have been grouped together based on their relative location with respect to the Fresno River and Highway 99, and on whether they fall inside the State Center Community College Area (SCCC). All other areas that are not captured by these areas, are grouped together in the exterior area.*
- (5) *Sewer: Fees for existing obligations for Avenue 17 and Road 28 sewer interceptor areas. The northwest and northeast quadrants are subject to Avenue 17 interceptor fee; the southeast quadrant to Avenue 28 interceptor fees.*
- (6) *Industrial use impact fees for storm drain facilities are applied at flat rate, rather than by quadrant.*
- (7) *In accordance with prior policy, Impact Fees for industrial uses are not collected for administrative costs, general government, parks, sewer additional obligations, and street/medians/signals.*
- (8) *SCCC = State Center Community College Area*

# CITY CLERK DEPARTMENT

<b>Services</b>	<b>Fee/Charge</b>
Council candidate filing fee	\$ 25.00
Certification of minutes	\$ 1.00 /document
Copy charges for documents	\$ 0.10 single sided copy
	\$ 0.15 double sided copy
Listening to/taping from Council meeting tapes	\$ 18.00 /hour
Research time	\$ 18.00 /hour
Council agenda subscription	\$ 24.00 /year
Council minutes subscription	\$ 0.25 /page plus postage
Municipal Code book	\$ 200.00
Code book reprints	\$ 0.30 /page

(Res. 92-121, passed 12-21-92; Am. Res. 99-214, passed 10-20-1999)

# FINANCE DEPARTMENT

Services	Fee/Charge
Business license application fee	\$ 50.00
Business license application fee -- Rental property	\$ 25.00
Business license relocation fee	\$ 25.00
Business license late charge	10% of past due or \$10 whichever greater is
Copy of business license	\$ 5.00 Current 6 month listing
Utility sign-up fee (non-refundable)	\$ 23.00
Deposit for new residential accounts	\$ 150.00
Deposit for disputed meter reading 1"-2"meter	\$ 100.00
Deposit for disputed meter reading 4"meter or larger	\$ 215.00 Each service address cost of meter test may be different
Trash cans ----New construction Only	\$ 160.00 non-refundable
Trash cans (each)	\$ 54.00 non-refundable
Utility late charge - past due 30 days	10%
Utility late charge - past due 60 days	1.50% per month as interest rate
Shut - off fee	\$ 50.00 for 1st shut -off \$ 100.00 for 2nd and any additional shut-offs  1st fee resets to \$50.00 after account has been brought to current
Illegal water fine  Unauthorized use of service	\$ 75.00 for 1st violation \$ 150.00 for 2nd and any additional violations  1st fine resets to \$75.00 after account has been brought to current
Unauthorized use residential account holder	\$ 50.00
Minimum balance disconnect for delinquency	\$ 20.00
Service account transfer/ <i>reactivation</i> fee	\$ 23.00
Weekend /after hour service charge	\$ 55.00
Parking district late charge	50% 1st month after past due 10% from 2nd to 5th month
Parking Ticket Hearing/Review non-refundable Fee	\$ 25
Return check charge	\$ 30.00
Return check charge (if notify us before deposit)	\$ 7.00

(Res. 92-121, passed 12-21-92; Am.Res.01-136, passed 5-16-01; Am. Res 13-112, passed 07-3-13)

## **FIRE DEPARTMENT**

<b>Services</b>	<b>Fee/Charge</b>
Fireworks permit	\$ 100.00
Weed abatement ( per parcel)	\$ 150.00
Engine standby (per hour plus personnel cost)	\$ 250.00

# GAAN Appropriations Limit

In November of 1979, the California voters approved Proposition 4 which is an initiative that added Article XIII B to the California Constitution. This constitutional amendment, known as the GAAN initiative, placed limits on the amounts of proceeds of taxes that state and local governmental agencies can receive and spend each year. The legislation which specified the calculation of appropriation limits and the appropriations subject to the limitation was enacted in 1980. These limits were to take place beginning with the 1980/81 fiscal year and required state and local governments to adopt by resolution its appropriations limit every fiscal year. Modifications to the limit were made in 1988 with Proposition 10 and in 1990 with Proposition 111.

The appropriations limit is calculated each year based upon changes in population and the cost of living factor of the government entity's jurisdiction. Local municipalities obtain their factors annually from the California State Department of Finance. The chart below shows the calculated Appropriations Limit and proceeds for fiscal years 2010/11 through 2016/17.

For the seven fiscal years listed in the chart above, the City of Madera has historically had a fairly wide margin between its proceeds and appropriations limit. For this period, the City of Madera's proceeds have been between 47% and 64% of the appropriations limit and it is anticipated that in the future the City will continue to be well below the limit. For fiscal year 2016/17 the City of Madera's appropriations limit is \$38,266,573 and its proceeds amount to \$24,172,611, which means that the City is using 63% of the allowed appropriations limit.

**Recommended 2016 - 2017**

**Current Year 2015 - 2016**

## **Staffing Level Changes**

### **Code Enforcement**

In 2016-17, staff is recommending the delay of filling the unfilled Neighborhood Preservation Specialist III position due to the budget reduction that resulted from the loss of the CDBG funding.

Staff is also recommending the delay of filling two unfilled part-time Code Enforcement Consultant positions in 2016-17 due to the budget reduction that resulted from the loss of the CDBG funding.

### **Community Development**

In 2016-17, an additional full-time Associate Planner position is requested in the Planning Division, and an additional full-time Permit Technician position is requested in the Building Inspection Division due to the growing workload. As the City continues to rebound from the real estate collapse and economic recession, and development activity continues to rise, additional personnel is needed to maintain current levels of customer service while enhancing the quality of service provide. These positions will be responsible for providing assistance to higher level staff in the area of research, data collection, report preparation, and processing of ministerial permits.

An additional Assistant Engineer position is requested in the Engineering Division starting in 2016-17 due to the increasing workload. Demands upon the department for public requests and special studies are increasing. This position will be responsible for private development entitlement applications, private and public plan review, and civil plan design, management of construction projects, preparation of grant applications, preparation of special studies (Traffic, drainage, etc) and assistance at the public counter. One part-time Intern position is eliminated in the Engineering Division starting in 2016-17 due to the addition of the above positions.

It is recommended that the Project Manager position to be decreased by 0.17 FTE due to the retirement of the current Project Manager be extended.

### **Finance**

The Finance Department is recommending that the two full-time Field Representative positions be reclassified from the Utility Billing Division to the Water Utility Division.

In 2016-17, it is recommended that an additional 0.10 FTE of the existing Financial Service Manager position be allocated to the Grants Department due to the change of the personnel in Grants Department.

### **Parks and Community Services**

The reduction in Parks and Community Services' Part-Time FTE is due mainly to the reduction in value of the contract to provide Madera Unified School District (MUSD) with after-school services. The value of the contract dropped from \$221,500 in FY 2015-2016 to \$147,000 in FY 2016-17. Less Program Leader I and Program Leader II positions' hours will be needed in FY 2016-17 to fulfill the MUSD contract obligations.

## **Public Safety**

In 2016-17, it is recommended that 1 FTE Police Lieutenant position be added to more efficiently and effectively manage the Police Division. This position is in the mid-management level class responsible for the control and management of services within a designated division. Incumbent perform a wide variety of police administrative work and perform specialized duties as assigned.

Four Police Officer Field Training Officer positions were promoted to Police Corporal as patrol shift front line supervisors.

## **Public Works**

In 2016-17, it is recommended that two Water System Worker I positions be added in Water Maintenance Division. Due to lack of personnel, the Water Maintenance Division has not been able to stay current on the required preventative maintenance and repairs to the City's water system main valves. The system has continued to deteriorate to a point that it requires closing numerous valves and several blocks of areas to isolate many older areas of the City. It is essential that these valves are in proper working condition to complete both emergency and routine off and on for repairs of the City's water system. Adding personnel would enable the division to perform the required preventative maintenance and repair duties that have been postponed.

An additional Administrative Analyst position is requested in the Public Works Department starting in 2016-17 due to the increased workload.

In 2016-17, it is recommended that a 0.75 FTE Airport Maintenance Worker I be added to handle the increased workload and to maintain service levels in the Municipal Airport Operation Division. The Division has not been able stay current on necessary preventative maintenance and repairs to the airport due to lack of personnel. In the past, maintenance of the facility's grounds was handled by one full-time Maintenance Technician and two part-time Maintenance Worker I positions. Due to the difficulty in continually filling the part-time positions throughout the year, the Maintenance Technician is often tasked with completing tasks that could easily be handled by a full-time Airport Maintenance Worker I. This position would be a consolidation of the two current part-time Maintenance Worker I Positions. Filling this position would enable the Maintenance Technician to fully focus on performing any required preventative maintenance and repair duties that have been postponed.

## Glossary

---

**Accounts Payable:** Accounts that are owed to suppliers (trade creditors), as distinguished from accrued interest, rent, salaries, taxes, and other such accounts.

**Acquisition:** Taking possession of an asset by purchase.

**Allocation:** An authorization to incur expense or obligation up to a specified amount, for a specific purpose, and within a specific period.

**Ancillary:** Less important or central than something else.

**Appropriation:** Distribution of net income to two or more accounts. Authorization, or funding restricting expenditure to designated purpose(s); within a specified timeframe. Money set aside by formal action for a specific use.

**Benefits:** Payment to which participants may be entitled under a pension plan including pension benefits, death benefits, and benefits due on termination of employment.

**Bonds:** A written and signed promise to pay a certain sum of money on a certain date, or on fulfillment of a specified condition. All documented contracts and loan agreements are bonds.

**Budget:** A statement of the financial position of an administration for a definite period of time, based on estimates of expenditures during the period, and proposals for financing them. A plan for the coordination of resources and expenditures. The amount of money that is available for, required for, or assigned to, a particular purpose.

**Capital Outlay:** Money spent to acquire, maintain, repair, or upgrade capital assets. Capital assets, also known as fixed assets, may include machinery, land, facilities, or other business necessities that are not expended during normal use. Capital outlays, also referred to as capital expenditures, are recorded by accountants as liabilities on company balance sheets.

**Capital Projects:** Long-term investment project requiring relatively large sums to acquire, develop, improve, and/or maintain a capital asset (such as land, buildings, dykes, roads, etc).

**Cost:** An amount that has to be paid or given up in order to get something. In business, cost is usually a monetary valuation of effort, material, resources, time and utilities consumed, risks incurred, and opportunity forgone in production and delivery of a good or service.

**Debt:** A duty or obligation to pay money, deliver goods, or render service under an express or implied agreement. One who owes, is a debtor or debitor, one to whom is owed, is a debtee, creditor, or lender.

**Debt Service:** Payment of principal and interest due on an existing debt.

**Deficit:** Excess of expenses over income, or liabilities over assets.

## Glossary

---

**Department:** Specialized functional area within an organization or a division, such as utility billing, sewer, police. Generally every department has its own manager and chain of command.

**Depreciation:** The gradual conversion of the cost of a tangible capital asset or fixed asset into an operational expense (called depreciation expense) over the asset's estimated useful life. The decline in the market value of an asset.

**Enterprise:** A business or company.

**Enterprise Resource:** An economic or productive factor required to accomplish an activity, or as a means to undertake an enterprise and achieve desired outcome. Three most basic enterprise resources are land, labor, and capital; other enterprise resources include energy, entrepreneurship, information, expertise, management and time.

**Expenditures:** Payment of cash or cash-equivalent for goods or services, or a charge against available funds in settlement of an obligation as evidenced by invoice, receipt, voucher, or other such document.

**Fiduciary:** Person or legal entity (firm, bank, credit union) holding assets (cash, property, securities) or information as an agent-in-trust for a principal (stockholder, customer, member). A fiduciary owes (among other obligations) the duty of loyalty, full disclosure, obedience, diligence, and of accounting for all monies handed over, to the principal.

**Fiscal Year:** Alternative term for financial year. An accounting period of 12 months.

**Fund:** Sum of money set aside and earmarked for a specified purpose. Accounting entity (similar to a bank account) for recording expenditures and revenues associated with a specific activity. To finance or underwrite a business, program, or project.

**General Ledger:** Central repository of the accounting information of an organization in which the summaries of all financial transactions (culled from subsidiary ledgers) during an accounting period are recorded. Also called the book of final entry, it provides the entire data for preparing financial statements for the organization.

**Internal Service Funds:** The Internal Service Fund is used to finance and account for activities involved in rendering services to departments within the City. Costs of materials and services used are accumulated in these funds and charged to the user departments as such goods are delivered or services rendered.

**Labor Markets:** The nominal market in which workers find paying work, employers find willing workers, and wage rates are determined.

**Levy:** Impose or collect an amount (such as tax) by compulsion or legal authority. Appropriation or seizure of a debtor's specific assets or property through a lawful process, or in satisfaction of a judgment, for the payment of a debt or claim.

## Glossary

---

**Liquidity:** A measure of the extent to which a person or organization has cash to meet immediate and short-term obligations, or assets that can be quickly converted to this. The ability of current assets to meet current liabilities.

**Ordinance:** Decree or law promulgated by a state or national government without the consent of the legislature, such as for raising revenue through new taxes or mobilization of resources during an emergency or threat.

**Overhead:** Resource consumed or lost in completing a process that does not contribute directly to the end-product. Also called burden cost. A cost or expense (such as for administration, insurance, rent, and utility charges) that relates to the company as a whole, does not become an integral part of a good or service (unlike raw material or direct labor), and cannot be applied or traced to any specific unit of output. Overheads are indirect costs.

**Payroll:** Total amount required to pay workers and employees during a week, month or other period. Pay sheet which records wage rates, deductions, and net pay.

**Project:** Planned set of interrelated tasks to be executed over a fixed period and within certain cost and other limitations.

**Quorum:** Fixed minimum number of eligible members or stockholders (shareholders) who must be present (physically or by proxy) at a meeting before any official business may be transacted or a decision taken therein becomes legally binding. Usually the articles of association or bylaws of a firm specify this number; otherwise the number prescribed in corporate legislation (such as company law) is followed.

**Revenue:** The income generated from sale of goods or services, or any other use of capital or assets, associated with the main operations of an organization before any costs or expenses are deducted. Revenue is shown usually as the top item in an income (profit and loss) statement from which all charges, costs, and expenses are subtracted to arrive at net income.

**Status Quo:** Current or existing state of affairs. Latin for, state in which.

**Statutory:** Prescribed, enforceable, and punishable under an act of parliament.

**Surplus:** Extent to which generation of goods, services, and resources (such as capital) exceeds their consumption. Surplus of resources is the bedrock on which capitalism is built.

**Tenet:** A principle, belief, or doctrine generally held to be true; especially one held in common by members of an organization, movement, or profession.
